

THRESHERS' STEEL TANKS

These Tanks are made of heavy galvanized steel and will not rust. They are thoroughly riveted and soldered so that they cannot leak. They are light to handle and never get water-soaked. They are very popular with threshers. Full particulars sent on application.

We want to deal with you direct and save the middle-man's profit. Write for our special offer. Address, Dept. T.

SECURE THIS NEW BOOK

ENTITLED

SWINE IN AMERICA

By F. D. COBURN

Secy. Kansas Dept. of Agriculture

It will help you
MAKE MORE MONEY
Out of the Hog Business

This volume is handsomely printed on fine paper from large, clear type, and is profusely illustrated, containing a large number of magnificent half-tone illustrations and drawings, many of them full page plates which are printed on a special plate paper. Another marked feature is the frontispiece, this being an anatomical and physiological model of the hog, which appears in a book of this character for the first time. It is entirely new and original, and should prove of the greatest value to everyone—teacher, student, stockman, farmer, or general reader.

The work contains 704 pages (6 by 9 inches) bound in fine silk cloth, making a very handsome and attractive book. No one can claim to be up to date in swine matters unless he possesses a copy.

Price, prepaid to your address, \$2.50

INSURE

YOUR STALLIONS

Just as You Insure Your Buildings

The loss of a stallion represents a certain capital, the reimbursement of which comes in handy to replace the lost animal whether death be due to accident or disease.

On payment of a small premium our Company will insure your Stallion, as well as your Horses, Mares, Colts, Fillies, Bulls, Cows, Calves, Hogs and Sheep against death by accident or disease.

WILL THE HARVEST FIND YOU READY?

YOU owe it to yourself to be ready to take care of your grain after it is grown. It may ripen all at once—you will need to cut it quickly.

When you start in, you hope to have the work go right along. You will have neither the time nor disposition to tinker with poor working machines, when you go into the field. Be wise in time. Give some thought to the machines you will use in the harvest, and do it now. A McCormick binder will give you a sense of readiness for the harvest that you can get in no other way.

If you purchase a McCormick you know that when you go into the field with your hired help, you will not be annoyed with breakdowns and delays—you will be able to harvest your grain in the shortest possible time—you will do it with the least labor on your part, and the least worry to your horses—you will be able to save all your grain.

The McCormick binder has stood the test of time. Its capacity to handle tangled down grain, the simplicity and reliable work of its knoter, its strength, its light draft, easy handling, uniform good work and durability mark it as one of the greatest triumphs in harvesting machine manufacture.

Other farm machines of McCormick make, a long line, are not less valuable than the binder. Every McCormick everywhere is recognized by farmers as a leader in its class. The line includes:

Grain and Corn Harvesting Machines, Binder Twines, Mowers, Toppers, Hay Rakes and Side Delivery Rakes, Hay Loaders, Disk and Iron Drills, Cultivators and Seeders, Sowing-line Spring Tooth and Disk Harrows, Land Rollers and Scufflers. McCormick dealers also handle Gasoline Engines, Cream Separators, Hay Presses, Wagons, Sleighs and Hayre Spreaders.

For catalogues and specific information on any McCormick machine, call on the local agent, or write to the nearest branch house named below.
