FAT CATTLE

are not the biggest eaters—but they get the most good out of what they eat. Too much food often does as much harm as too little. The farmer who keeps his cattle in prime condition all winter—who fattens them quickly—and who spends the minimum for feed—uses **Myers' Royal Cattle Spice**. It keeps the digestive organs in sound, healthy condition—makes cattle enjoy what they eat—helps them to get all the nourishment out of hay and grain—prevents stomach and bowel trouble—and sends them to market so plump and sound that they net a handsome profit.

Let us send our Illustrated Booklet on Horses and Cattle. Helpful and instructive. It's Free.
