

"SUCCESS" MANURE SPREADER

HAS MANY EXCLUSIVE FEATURES.

No complicated, troublesome, easily-broken clutches, levers, gears, etc., are used to drive Beater on "Success" Manure Spreader.

Power is supplied by direct heavy chain drive—a simpler, stronger, easier-working mechanism than used on any other manure spreader.

Note the reciprocating gears on beater drive.

The driving mechanism is held securely in place by a HEAVY-BRACED STUD, which is entirely absent from common manure spreaders.

This direct drive gives the "Success" lighter draft, too—fully 25% lighter than any other machine.

And our BEATER FREEING DEVICE is a wonder. Simultaneously with the throwing of the spreader into gear the Beater is automatically moved back from contact with the manure. Has lots of time to get up speed before manure strikes it. This prevents all possibility of a strain in starting.

Remember, too, the "Success" has the LARGEST AND STRONGEST REAR AXLE and drives from both sides. This is of immense importance.

If you want the simplest, strongest, easiest-working manure spreader on the market, you will buy the "Success."

Write for our Free Illustrated Catalogue. It tells all about the "Success" in detail.

THE PARIS PLOW COMPANY, LIMITED,
Paris, Ont., and Winnipeg, Man.

SIMPLICITY, DURABILITY, RELIABILITY

Name

Address

HELD BY THE ENEMY

Old foggy ways are the enemy of progress and thrift. Old cans and pans and inferior skimming methods keep a tight hold of the smaller butter-fat globules. . . . You lose that way.

De Laval Cream Separators

FORCE TO FREEDOM ALL THE BUTTER-FAT PARTICLES AND ROUT THE ENEMY

"AMERICAN" WOVEN WIRE FENCE

The Fence that Stands to the Work.

Special steel insures strength. Special galvanizing insures wear. All No. 9 hard, stiff spring wire, with stays 12, 16 and 24 inches apart. This is the fence used exclusively on the GRAND TRUNK PACIFIC RAILWAY between Winnipeg and Edmonton. Let quality guide you, and you are sure to buy "American" fence. See the agent in your vicinity, or write us direct.

The Canadian Steel and Wire Co., Limited,
Hamilton, Ontario.

IMPORTANT TO FARMERS

Your fences are your fortress against loss and damage. They must be strong enough to resist invasion from without, and to keep within bounds your flocks and herds. You can't afford to take chances on soft, slack, or brittle wire fences, which may fail just when most needed.

Peerless Woven Wire Fence

has the elastic springiness and resisting qualities that make an A 1 farm fence. Once up it lasts—no breaking—no falling down. There are reasons why. We can't tell them all in this ad, but if you will write to us we will send you some valuable fence facts.
