

Constipation

Constipation is caused by the eating of indigestible food, irregular habits, the use of stimulants, spices and astringent food, and strong drastic purgatives, which destroy the tone of the stomach and the contractile of the lower bowel; therefore, when the liver is inactive, and failing to secrete bile in sufficient quantity, constipation is sure to follow, and after constipation come piles, one of the most annoying troubles one can have.

MILBURN'S LAXA-LIVER PILLS

cure all troubles arising from the liver.

Miss Mary Burgoyne, Kingsclear, N.B., writes:—"I have used Milburn's Laxa-Liver Pills for constipation and have found them to be an excellent remedy for the complaint."

Miss Annie Mingo, Onslow, N.B., writes:—"A friend advised me to use Milburn's Laxa-Liver Pills for constipation. I used three and a half vials and am completely cured."

Price 25 cents per vial, or 5 for \$1.00, at all dealers or mailed direct on receipt of price by The Milburn Co., Limited, Toronto, Ont.

SHOPPING.

Customer—"Er—I want a monoplane." Shop-walker—"Certainly, sir. Step this way, please. Mr. Jones, forward! Monos for this gentleman."

Shop Assistant—"Monoplanes, sir? Yes, sir. Made up or to fly yourself? To fly yourself? Yes, most gentlemen prefer them. This is the latest shape in 'Bleriot.' Perfect fit guaranteed—especially the first time you use it."

Customer—"Does it float in water?" Shop Assistant—"Float? Oh, no, sir, it's not meant to float. It will never be necessary. You're thinking of the 'Latham,' I expect. We have a very cheap line in 'Lathams,' if you would care to—"

Customer—"No, thanks; I'll take the 'Bleriot.'"

Shop Assistant—"Thank you, sir. That will be two ninety-nine nineteen eight—sale price. Sign, please! Will you fly it now or shall we send it?"

Count de Gerninez 35 guineas for a 2-year-old ram.

The twenty-sixth sale of Lincoln Long-wool rams, by the Association, was a satisfactory one, considering the recent depression of sheep prices. Thirty-nine flocks were represented, and from these, 294 were sold, for £3,801 10s., an average of £12 18s. 7d. In the corresponding sale last year, the average was £10 13s. Good rams sold well, but those of fair quality were only in moderate demand. Prices were very irregular—in one flock, for instance, they ranged from 9 guineas to 85 guineas. F. Money secured top prices at 85 guineas, for two handsome rams.

The entire Shirley stud of 38 Hackneys has been disposed of by Lloyd & Sons, at Crewe. The stud was one of the best known in the country, and notable for the breeding of many prominent winners. Breeders and buyers were present in considerable numbers, and prices, on the whole, proved satisfactory. The top price of the sale, after keen bidding, was 250 guineas, for the Royal and International winner, Shirley Dispatch (formerly Viscount Hopwood), by Polonus, sold to H. Gelding.

The cream of the youngsters, a yearling colt, Viscount Shirley, brought 200 guineas, from Miss Langworthy.

GOSSIP.

KILLED BY HOGS.

An unusual tragedy occurred near Chilli-wack, B. C., on September 10, in which a young Englishman named Jas. R. Hoskin lost his life. He was assisting a farmer to drive some pigs to market when the animals became uncontrollable and turned on the men. Hoskin was attacked and gored so severely that he died shortly afterwards. It took three men, armed with clubs, to drive the blood-thirsty hogs from their victim. The smell of blood seemed to enrage the animals, and as soon as the man was down the brutes made for him like wild beasts.

BRITISH GRAIN TRADE.

(English correspondence.)

The cereal year ended on August 31st, and it is interesting to compare the imports and prices with previous years. In the year 1908-9, imports of wheat and flour (the latter being arrived at by adding 28 per cent. to its weight to allow for loss in milling) were equivalent to 25,281,871 quarters of wheat, valued at £48,622,010, an average per quarter of 38s. 5½d. The quantity was smaller than in any of the four preceding years, but the value was greater than ever before. The advance was 2s. 9d. per quarter over the previous year, and 10s. over 1899-1900.

An interesting feature is the way flour imports have decreased of late years—increased home production having largely displaced foreign flour. A few years ago, British millers could not have ground the flour needed, but they can do so now, and there are many finely-equipped mills. American flour shipments used to be large, but in August of this year they amounted to only 295,000 sacks. The total imports of flour for the cereal year were 4,368,000 sacks, against 5,476,000 sacks in the previous year.

Imports of barley for the year were 6,081,000 quarters, against 4,988,000 quarters the previous season. Average imports of barley are about 6,000,000 quarters. Imports of oats were 5,667,000 quarters, against 4,725,000 quarters, and of maize 8,981,000 quarters, against 9,182,000 quarters in a previous year.

The weather has been distinctly better for harvesting, and great progress has been made, though a much longer settled period will be necessary before the bulk of the cereals are safe. Indications now point to a wheat crop of about average dimensions. Wheat is being harvested with less freedom, but farmers are disappointed at the rather rapid fall in prices for new wheat. Present prices are from 33s. to 36s. per quarter, which is about 3s. per quarter more than at the same time last year, though much lower than recent prices.
