

## Lost Five Children With DIARRHOEA

### Saved the Sixth One With DR. FOWLER'S Extract of Wild Strawberry.

Mrs. John Firth, Craighurst, Ont., writes:—"I have had six children and lost them all but one. When young they would get Diarrhoea and nothing would stop it.

As I lived in a backward place, I did not know of Dr. Fowler's Extract of Wild Strawberry.

I saved my last child, who is now eight years old, but I owe it to Dr. Fowler's Extract of Wild Strawberry. Had I known about it before I feel that I would have saved the others. I shall forever praise and bless it and will never be without it again."

"Dr. Fowler's" has been on the market for over sixty-five years, and has a "world wide" reputation for curing all Bowel Complaints.

Do not be imposed upon by any unscrupulous dealer who wishes to substitute the so-called Strawberry Compounds for "Dr. Fowler's." Price 35 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## WOOL HIDES

WRITE FOR PRICES.

E. T. CARTER & CO.,  
84 Front St., E.,  
TORONTO, ONT.

**Shropshires**—The right quality to breed from. Choice animals of both sexes for sale. Also White Wyandotte chickens. **W. D. Monkman, Bond Head, Ontario.**

"Pennyworth of cobbler's wax, please, sir," said the tiny boy, as he stretched his hand to a level with the counter.

"Wouldn't shoemakers' wax do as well?" asked the facetious shopman.

"Don't know," replied the small boy, "but I'll ask pa."

Five minutes later he was back again with the announcement that shoemakers' wax would do all right. The shopman grinned.

"And did your pa tell you what the difference was?" he asked.

"Yes, sir," said the little boy. "He said there's the same difference as between you and a donkey."

Though small, the child was intelligent, and he made a record sprint for the door.

### GOSSIP.

#### H. GERMAN'S TAMWORTHS.

The entry of Tamworth swine from the renowned herd of Herbert German, St. George, Ont., at the Canadian National Exhibition at Toronto for 1910, has again demonstrated that among the leading Canadian herds they easily rank in the front row. For a number of years past, they have invariably won their full share of honors, and this year, in the strongest classes ever, they won second on aged boar; second, third and fourth on six-months-old sows, and first on young herd. The main stock boar is Hilton Sam 5710, a son of Imp. Cholderton Golden Star. Second in service is Springbrook Oscar 5230, and these are assisted in service by Troy Prince 5776, a son of Imp. Knowle King David, dam Hillcrest May, imported in dam. Seldom has any Tamworth herd in Canada been headed by a trio of such high-class boars. In breeding, there are twelve sows averaging along about 600 lbs. in weight, all of them Toronto and London winners, and their daughter, Hillcrest Mayflower 5837, won first at Toronto and London, and for sale, out of her, are six-months-old boars and sows of breeding age, and a young litter, the older ones being sired by the great Toronto champion, Newcastle Choice, the younger ones by Hilton Sam. Hillcrest May 4475, imported in dam, has a litter of young ones and older ones of both sexes, about six months of age. These young things are most richly bred, on prizewinning lines, and are most desirable for breeding purposes. The above-mentioned breeding is typical of the whole herd, from which there are for sale both sexes and all ages. Mr. German reports a most active demand for breeding stock, one of his latest sales being six head to J. J. Waxelbaum, of Macon, Georgia, U. S. A.

#### R. O. MORROW & SON'S PURE-BREDS.

Holstein cattle, Tamworth swine and Cotswold sheep are the specialty in pure-bred stock-breeding of R. O. Morrow & Son, of Hilton, Ont. For a great many years these three special breeds have been leaders with the Messrs. Morrow, whose energies have ever been concentrated on raising their favorites to the highest standards of their respective breeds. On the herd of Record-of-Performance Holsteins, the richly-bred bull, Sir Johanna Wayne Riverside, has for some time past been in use with signal success, his getting coming with remarkable uniformity of type and quality. He was sired by that renowned breeding bull, Sir Pieterje Posch De Boer, whose dam has an official seven-day butter record of 24 lbs., the dam of Sir Johanna has a seven-day record as a two-year-old of 17½ lbs., and she was sired by Johanna Rue 4th's Lad, whose five nearest dams have records that average 22 lbs. A considerable number of the cows are in the official yearly Record of Performance. The merits of this herd are well known, and the consequent demand for breeding stock is a little more than the herd can supply, and, therefore, in bulls, there are only for sale five head, from two to six months of age, sired by the above stock bull, and out of R.-of-P. cows. The Tamworth herd is one of the best in Canada, all the breeding stock being imported, or the get of imported stock, as well as Toronto and Ottawa winners. The main stock boar is Imp. Cholderton Golden Star, and his assistant in service is a son of Imp. Knowle King David, and out of an imported-in-dam sow. Great size and ideal type are characteristic of the breeding stock. For sale are young things of both sexes and all ages. The firm are also to a considerable extent, breeding Chester White hogs, of which there are for sale both sexes of breeding age and younger. In Cotswolds, in common with the other breeds, have been bred along lines of improvement for many years, with the inevitable result that the flock is up to a high standard of excellence. This year's crop of lambs are an extra-well-covered growthy lot. All are for sale.

"Educational facilities were not so good in the early days as they are now."

"No," admitted the grumpy citizen, "they were not. I was 16 years old before I knew as much as my father. The kids today reach that stage at 10. Judge."

## THIS MODERN CANNER SAVES ALL IT COSTS
