Opinions of the Press,

Mr Toque is a "Newfoundlander" but knows more of us Yaukees than most of us know of ourselves. His book is quite remarkable, it is full of information, and the very information needed to afford a just estimate of the country Its statistics are abundant, but they are woven into sketchthem of duluess. It treats of our manufactures, shipping, navy, public men, slavery, religion, and we know not what it omns. It ought to be a reliable volume.—Boston, Zion's

Herald, May 20th.

"Such is the quaint title of a neat duodecimo volume, which we find upon our table. It is just what it professes to be, a peep at the Massachusetts corner of Uncle Sam's great homestead by a citizen of Newfoundland. Mr Tocque appears to have travelled with his eyes open, and between the covers of his book the reader can flud a large amount of valuable and entertaining reading matter." — Worcester Daily Spy, May 20th

TO INTENDING EMIGRANTS FROM NOVA SCO-TO INTENDING EMIGRANTS FROM NOVA SCOTTIA. THE CANADA COMPANY would suggest to parties who may contemplate leaving Nova Scotia that the Western Section of Canada offers every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, and abundance of excellent Land to be obtained upon easy terms from the Government and Canada Company. The great success which has attended Settlers in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout the Country.:—by the success of many Natives of New Brunswick and Nova Scotia who have settled in many Townships:—and by the individual progress made by several thousands of people who have taken Lands from the Company.
