now has in full operation, with regular daily trains, 321 miles of road. A distance of nearly 200 miles more is constructed. The Minresota Section, immediately on its completion, entered upon a satisfactory business, including local traffic and the large carrying-trade of the North-western British Settlements and the Hudson's Bay Company. The recently completed section of sixty-five miles, on the Pacific coast, at once commands a profitable business between Puget's Sound and the Columbia river, heretofore done by coastwise steamers. On the opening of Spring, with more than 500 miles of road in regular operation, the Company will control the extensive and productive trade of the Upper Mussouri, much of Montana and the Northwest. The earnings of the Road for 1873 will be large.

Accomments for pushing construction vigorous Arrangements for pushing construction vigorously the coming year are progressing satisfactorily.

Of the nearly ten million acres of land accruing to the Company in connection with the portion of road now virtually constructed, some two million acres, of excellent average quality, are in market, and their sale and settlement progressing. The average price thus far realized is \$5.66 per acre—which is at the rate of more than \$100,000 per mile

which is at the rate of more than \$100,000 per mile of road for the whole grant.

The Company has already begun the process of redeeming and cancelling its First Mortgage Gold Bonds, as they are now being received at 1.10 in payment and exchange for the Company's lands.

With these accomplished results and most favorable prospects, the Company is now selfing its First Mortgage 7-30 Bonds for the purpose of completing its line of road. We recommend them as a well-second and unpassable programment. These Blank Books of every description. its line of road. We recommend them as a well-secured and unusually profitable investment. They have the following elements of strength and safety: They are the obligation of a strong corporation; they are a First Mortgage on the Road, its right of way, telegraph line, equipments and franchises, and a first loan on its net earnings. In addition to this usually sufficient security, there is pledged for the payment of principal, and interest a land erant of syment of principal and interest, a land grant of 25,600 through the Terriories.
