"A Good Man Leaveth an Inheritance."

A POLICY OF INSURANCE IN THE

North American

For the benefit of your wife and family, makes an inheritance for them a certainty. Financial panics may render your securities insecure or wipe them out altogether, but they cannot affect the value of a NORTH AMERICAN POLICY. Should you live to old age you will reap the benefit yourself. Many old men are to-day living on the value of their life insurance, taken years ago, when they only considered the welfare of others.

See one of the Company's representatives, and obtain particulars of a policy which will exactly meet your requirements.

SOME REASONS WHY THE TORONTO GENERAL TRUSTS CORPORATION

Can
render better
service
as
EXECUTOR
or
TRUSTEE
than a
private
individual

1. The Corporation never dies, does not abscond or change its place of residence.
2. Its Capital and Reserves, aggregating \$1,200,000, afford absolute security for the business entrusted to it.
3. Effective management ensures proper administration and economy.
4. The Corporation's charges are no greater than allowed an individual.
5. The private executor consults his own solicitor—the Corporation employs the solicitor who is already familiar with the affairs of the estate.
