Corfu, Aug. 20—One-quarter

has been destroyed by fire caused by a Bulgarian bombardment the Serbian press bureau an-nounces. The number of victims has not been ascertained.

The Fourth Guards were cut to pieces in Friday's counter-attacks, and during the night new division, the 220th, was brough up. Passing through their own lines without stopping, these fresh troops attacked at 4.30 Saturday morning on the Bois Hugo sector, north o Hill 70. The attack was accompany ied by a projection of enemy liquid fire and gas. Our watchful artillery turned upon the Germans an effective barrage, which caused heavy losses but they continued to advance with the utmost determination. At a distance of only 70 yards from our line the machine-guns were turned upon the attacking groups, and they broke

up and ran for cover.

Better luck initially, but no great er eventual success, attended their effort to break through south of St. Laurent. The enemy penetrated our first-line trench, but were driven out again as the result of a counterattack at once organized. In thes desperate struggles there has been much use of the rifle, bayonet and bomb. The losses mount up, but all competent authorities give the as surance that those of the Germans are far greater than ours. The prisoners now number over eleven hund-

Question of a National Government and Who May Join It

Ottawa, Aug. 19.-A number of Liberals not in accord with Sir Wil-frid Laurier on the question of compulsory military service, will meet in the capital to-morrow, and it is said their attitude may determine whether or not Canada shall have a National War Government in which both great parties in the country will be represented. Should they decide not to cast in their lot with the Conseratives in the formation of such a Government, Sir Robert Borden, it is stated, will reorganize his Govrnment, and, with the support of nany Liberals throughout the counry, seek a renewal of power to carry out a vigorous war policy.

If union Government is not consummated Sir Robert Borden has the assur-ance of the support of a strong Lib eral faction in the West, and also of some of the most influential of the Western Liberal newspapers. He has the still further assurance of the readiness of prominent Liberals in the four Western provinces to be-come his candidates in the coming election.
