DOINGS ON TWO CREEKS

Happings of Interest on Bonanza and Eldorado.

Pleasant Party at Home of Mr. and Mrs. Sam Stanley—Other News Items.

Mr. and Mrs. Williams are again back on Eldorado after several weeks' visit in Dawson.

Mr. and Mrs. Willett, of 43 above, Bonanza, have been visiting with friends in Dawson the past week.

Mrs. F. R. Bury, of Fresno, Cal., has just arrived and joined her husband on Victoria Gulch.

The N. A. T. & T. Co. had a big cave-in on their claim, at Eldorado, last Tuesday night, and will discontinue work for the rest of the summer season.

The sluice boxes of Barrett McDonald were robbed last Tuesday night while the night crew were gone to lunch. The thieves had only 25 minutes in which to do their work and it is stated that 200 ounces were taken from the boxes. The police of Grand Forks were at once notified, but nothing has as yet been heard of them.

Mr. J. W. Steele has opened a store at Magnét City and will put in a big stock of general merchandise.

Messrs. Cornelius, Gaines & Moldes-ladt, of American Hill, have sold their claim to Frank Lawson, of the same place.

Mr. and Mrs. Sam Stanley were completely surprised at their home on 26 Eldorado last Wednesday evening. It was generally known along the creek that Mr. and Mrs. Stanley would leave for Seattle some time this week and when word was passed that they would leave the claim Wednesday evening groups were formed at all the big claims and when the first stage load arrived from the Forks Mr. and Mrs. Stanley were seen emerging from their home, satchels in hand, just about to enter their private buggy for Dawson. The crowd was immediately escorted to the big Kangaroo Club rooms, to which place the musicians were summoned and dancing began. Team after team arrived until it seemed that everybody on Eldorado and Grand Forks was there to do honor to the departing. Sam showed his appreciation by calling out his chefs, who by midnight prepared a repast that will be remembered for the rest of the season.

The crowd of surprisers was the largest that has ever been seen on the creeks. Many were the hasty hand shakes given by the genial host and hostess to their numerous friends, all joining in wishing them a quick and pleasant journey to their Seattle home. Mr. and Mrs. Stanley will return again in the spring, after making an extended sojourn in the States.

Twelve-year-old Master Charles Thompson, whose parents reside on 43 above, Bonanza, was a new arrival on the creeks last week, having come all the way from San Francisco to Dawson without an escort.

Mr. James R. McKinnell purchased 3 Eldorado roadhouse from Oscar Op-land last week.

The Creeks Interested. The interest in the hanging was demonstrated as much on the creeks as in the city. A large number of men came in last night and added to the crowd who stood on the street at the end of the barracks near the cell in which the murderer was passing his few last moments.

This crowd began to gather about 6:30 and at the time of the hanging stretched all across the street. But it could not be described as a large crowd.

They waited there patiently, and the last moments silently, until the crowd admitted by passes into the jail yard began to come out and they knew that all was over. They were unable to see anything except the hoisting of the flag denoting that the murderer was on the scaffold, as the sheriff had left no post of vantage where anything could be seen of the gloomy proceedings.

All those coming out were eagerly questioned, and shortly after eight o'clock the crowd melted away, leaving a few stragglers still fascinated by their own morbid fancies.

BITTER STRUGGLE

Strikers and Operators Are Fighting to the Death.

Pittsburgh, Pa., Aug. 12.—The struggle for mastery between the manufacturers and men in the steel strike is now fairly launched, and on the first show of strength advantage is with the former. The general strike order issued by President Shaffer, of the amalgamated association has so far been obeyed by only about 14,000 men, according to the best figures obtainable here. The first two calls were answered by about 45,000 men, so that the total number now out is in the neighborhood of 60,000. The strikers made gains here today over the showing of last night, and their prospects for further accessions at both McKeesport and Wheeling during the week are very favorable. The action of the amalgamated association at Chicago, Joliet and Bay View, in refusing to come out, and their failure to secure any recruits in the Carnegie group throughout the Kiskiminetas valley, and in the big plants at Youngstown and Columbus, Ohio, have been marked by disappointment to them. They are keeping up the fight, however, in a spirited manner, and claim that they have strength in reserve that will surprise their opponents. They assert that they have gained a foothold in the Carnegie mills, in this city, and at the time desired the men will come out. They are pressing

their advantages at McKeesport and Wheeling, and their organizers are still at work in those towns.

President Shaffer has decided to visit Wheeling, and will go there Wednesday to address a mass meeting of his followers. He plans to spend tomorrow here, directing the fight and conferring with his assistants as to plans for the future. An appeal for financial aid has been made to organized labor and the general public, and it is expected the response to it will be liberal.

The amalgamated leaders were not disposed to do much talking today. They would not discuss the desertion of their Western followers, although Mr. Shaffer made what was evidently intended for a brief reference to them in a short statement he gave out at noon. Another declaration in the same interview was regarded as highly significant here. It was to the effect that no effort would be made to call out the members of the American Federation of Labor, and that any action on their part must be voluntary.

Monkeys in Dawson.

The latest novelty which has arrived in Dawson is a couple of Manila monkeys which arrived on one of the first boats from St. Michael and are now on exhibition at the Monte Carlo saloon. The change in temperature from their native clime, to the colder country has not as yet had any detrimental effect on their spirits, as they are very lively and playful little animals and greatly amuse the crowds which gather to see them by their exhibitions of the art of boxing. The names given them, Jacq and Paco, are very appropriate to their dispositions.

Will Leave in Two Weeks.

Captain Wm. Scarth will leave in about two weeks for South Africa to begin the work assigned to him in the constabulary service in the Transvaal. Captain Scarth remained in Dawson until the completion of the O'Brien case, in which, as is well known, he was an important factor.

He is now free to respond to the call of duty and will begin to make preparations for his departure at once.

Cricket Yesterday.

Yesterday afternoon a cricket match was played between the Civil Service and Bank of B. N. A. teams. The

game was watched by a few spectators, who lustily applauded when good plays were made by either side. The game was won by the bank boys by a score of 65 to 42.
