Arrangements for Liberal Club Dinner

Are All Practically Completed According to Last Night's Reports.

The general committee of arrangements for the annual dinner of the Dawson Liberal Club to be given on Monday, June 30th, in the A. B. hall, commencing at 9 o'clock p.m., held a meeting last night and reported very flattering progress. It is expected that fully 300 tickets will be sold by the date of the dinner.

It is not to be a partizan, political affair, but will be more on the informal, jolly-good-fellow order. An excellent orchestra will be provided and no effort will be spared to make it a long-to-be-remembered occasion. The following list of toasts was reported at last night's meeting of the committee:

- "His Majesty the King."
- "The President of the United States."
- "Governor General and the Dominion of Canada."
- "The Dominion and Territorial Governments."
- "The Press."
- "The Learned Professions."
- "The Mayor and City Council."
- "The Northwest Mounted Police and Dawson Rifles."
- "The Commercial and Mining Interests of the Yukon Territory."
- "Organized Labor in Canada."
- "The Ladies."

The committee will report further progress at a meeting to be held next Tuesday night.

TYRRELL ARRIVES

Met the J. P. Light at Andreafsky

Barges Loaded Down With Assorted Hardware and Large Quantity of Groceries.

The Tyrrell arrived this morning with a barge in town from Andreafsky, having made the run down and back in 23 days. The trip was without any incident worthy of note; regular excursion party as one of the members of the crew put it. At the time the Tyrrell left here she intended going down as far as Fort Hamilton where the J. P. Light and two barges had wintered, her trip being for the purpose of assisting the Light. Owing to the river having opened so much earlier than usual, however, the Light with both barges in tow had already started up and was met at Andreafsky slough, about 100 miles above Fort Hamilton. About 50 tons of her cargo were transferred to the Tyrrell, just enough to give the necessary stiffening, and also one barge. The Light pulled out some time before the Tyrrell, but the latter soon overtook her and the Light is now about five days behind. The Tyrrell and barge brought 350 tons and the Light has about 500 more. The principal consignees are McLennan & McFeely, who have 450 tons, the Dawson Hardware Company, 150 tons, and T. G. Wilson. The Tyrrell brought a few passengers. Captain James McLean is in command.

The Selkirk left last night at 9 o'clock with the following passengers: J. M. Bell, Mrs. J. M. Bell, Mrs. Jack Dalgaru, Mrs. Elizabeth J. McDonald, Mrs. Dominian, P. C. Stevenson, M. O. Mahan, Larry Farrell, George Harris, John F. Hall, E. Delmar, R. M. Kalberg, R. T. Riley, Oscar Bonnis and Const. Browning. A large number of friends of P. C. Stevenson accompanied him as far as Klondike City where a last, fond, tearful farewell was said. As the boat pulled out three rousing cheers and a tiger were given for the popular "Prexy."

The Wilbur Crumrine left for Whitehorse last night with the following passengers: B. Anderson, P. Snell, B. Smithson, G. Hight, A. Garlinge, I. Thors, H. L. Schaefer, R. Crawford, J. A. Willard, J. Porter, J. Casey, J. Welch, C. C. Parker, H. E. McCarthy, D. Stoff, Mrs. Marshall, J. W. Arnold, D. Arnold, E. M. Baumgartner, Tom Young.

The Cases in due this evening.

The Canadian arrived at 4 o'clock this morning with 120 tons of freight, five sacks of mail and the following passengers: G. T. Bell, W. C. Young, H. M. Woodside, S. G. Graham, N. Lawson and G. A. Clark.

Recorder in Town.
"Weldy" Young, the popular Clear Creek mining recorder, is in town for the first time since the river opened. "Weldy's" trip it was made with a 1902. He expects to return on the next voyage of the Prospector.

opportunity for a union of the Liberals on the old foundation of peace, economy and reform. He pinned his faith to the leadership of Sir Henry Campbell-Bannerman, announced his adhesion to Home Rule for Ireland, and denounced the grain tax, which he predicted foreshadowed the abandonment of free trade.

He Was "Shown."
One of the sourest of sourdoughs was heard to remark that he had until recently been of the opinion that the merchants of Dawson were making about 950 per cent. profit but that he is now thoroughly convinced that he can buy goods in Dawson at virtually outside prices (freight added), and as a specific item he mentioned that of drugs, spring tonics, patent medicines, etc. If you are from Missouri see Cribbs, the Druggist. He can show you.

SOME FAST TRAVELING

Vancouver to Dawson Less Than Six Days

With Conditions Favorable and Close Connections Trip Can Beat Five Days.

Mr. A. Wells who arrived on the Nora a few days ago considers he has made record time from Vancouver. Mr. Wells was for over two years at one of the delivery wickets in the postoffice, going outside last fall for the purpose of submitting to a surgical operation. He spent most of the winter in New York where for some time he was a patient at St. Mark's hospital. Upon his return he left Vancouver on the steamer Amur on Friday, the 13th, at 2:30 in the morning, arriving at Skagway at 8 o'clock on the morning of the 16th. An hour and a half later he took the train for Whitehorse, arriving there in the evening at 6. The next morning at 1 o'clock, the 17th, he left Whitehorse on the little Nora and reached Dawson at 5 p.m. on the 18th. The actual time between Vancouver and Dawson was five days, fourteen and one-half hours, which is considered remarkably quick time.

Mr. Wells is enjoying much better health since his trip east, his operation having been highly successful.

Case Entarged
The case of Valleray vs. Cameron which came on this morning before Mr. Justice Craig was enlarged one month at the request of counsel for plaintiff to enable him to add another defendant to the action.

ON ELDORADO AND BONANZA

Sluicing of Winter Work Nearly Over

Water Very Low on Both Creeks—Business and Social News.

Mrs. Kenyon of 26 above Bonanza was a passenger on the Dawson Transfer stage from the Forks last evening.

Mrs. Lowell from No. 57 below Bonanza was visiting Mrs. Thompson on No. 43 above Bonanza yesterday.

Clarence Kinsey and Al Johnson of Grand Forks came to town last Tuesday evening to see "A Crazy Idea."

Mr. Joe Webb has made extensive improvements in his restaurant at Grand Forks by putting in a circular counter and moving the range into a back room.

Messrs. Mitchell, Heebler, McMillan, Bell and Campbell of No. 46 Eldorado have finished sluicing their winter's work and will go to Bear creek to work this summer.

Mr. Snell, who was one of the partners on No. 46, is foreman on Mr. Cowley's claim on No. 23 above Bonanza.

It is astonishing to note the changes in claims that have been made the last few weeks.

Mr. Gus Wangor of No. 14 Eldorado has sold his claim and has gone to the outside with his sister and brother-in-law.

Mr. Celene and partners have bought No. 11 Eldorado. Mrs. Celene expects to leave for the outside in a few days.

Messrs. Signori and Perlinda have bought the claim on Cheeshacon hill from Mrs. Recate.

Nos. 18 Eldorado and 20 below Bonanza have also been sold lately.

Mr. John Quigg of 82 below Bonanza has moved to No. 53 above Bonanza. However, Mr. Quigg will keep a large crew of men at work all summer on No. 82 below.

Mrs. Quigg and children lately returned from the outside and are living on No. 33 above.

The water on Eldorado and Bonanza is very low. It is not impossible to step across Eldorado at most any place. On lower Bonanza the rocker can be seen in use in a great many places.

Summer work is more advanced on upper Bonanza than on Eldorado or lower Bonanza.

Mr. John Lind on No. 30 above was one of the first to commence summer work and has a large crew at work stripping. He is also putting up a large flume and will be ready to sluice in a few days.

The N. A. T. & T. Co. have had a crew of men at work on No. 27 above Bonanza all winter and this spring put up a big crew and are simply tearing the creek bottom to pieces. The same company have a large number of men at work on No. 63 below Bonanza.

If the next issue of this paper is a day late on lower Bonanza it will be the fault of the carrier.
