HELD AS SLAVES. .

Alleged Condition of Four Chinese Women in Chicago.

Chicago, Aug. 2. - It was reported to the city authorities yesterday that four Chinese women had been purchased by Chicago Chinamen and were being held as slaves. The women were said to have been exhibited at the omaha exposition. It was claimed that \$500 was the price of each and that they had been in captivity nearly two years. Acting Mayor Walker immediately instructed the police officials to liberate the woman.

# OCOCCO-COCCO PRINCE ST. SPUR

Wby Ald. Fleming Opposes its Present Location.

He Charges a Breach of Faith-Broken Promises and Injury to Neighboring Properties.

To the Editor, I, notice a letter in your issue of the 28th ult., written by Mr. Manson Campbell, stating his grieverty commitsequence of the city property commit-mittee refusing to consent to the spur entering upon his property through

That the case may be more fully un-

etter in reply.
In October 1899 a bylaw was intro In October 1899 a bylaw was intro-duced by Ald. Cowan, chairman of the property committee (Ald. Liddy, and myself being his associates) and unan-imously adopted by the council, grant-ing permission to Mr. Campbell to run a spur from Colborne street to his fac-tory. No action was taken by Mr. tory. No action was taken by Mr. Campbell until about the 25th of July and after he had purchased the property between his own and Prince street. As this property was bought subsequent to the passing of the bylaw putting a spur into it was not contemplated in the said by-law yet no objections were made provided he entered his property from Colborne

on or about the 25th July, without the knowledge of any of the aldermen, Mr. Campbell began to place the spur. When I received a phone message when I received a phone message stating it was possing in through Prince street, I at once saw the Mayor, who visited the spot, and for-bade the work going on at that point. Later in the day, Mr. John Stringer, a property owner on the corner of a property owner on the corner of Colborne and Prince streets came to my office asking by what authority a large shade tree had been cut down on the corner adjoining his property, and stating that Mr. Campbell's grant was entering his property

bell's spur was entering his property through Prince street. Als no instructions had been given the Chief of Police by the council to allow the cutting of the tree, I promised Mr. Stringer to look into the matter, and at once, with Ald, Liddy, went to the Hours of Service.

the spur was not violated.

On reaching the place of trouble we found the outlines of the spur as Mr. Stringer had stated, running across Prince street, with no other work done except the cutting of the tree. Soon after Mr. Campbell joined us and after telling him that the property owners in the neighborhood were bitterly complaining of the apparent further wrongs being imposed upon them, and that the by-law did not give him the Mr. Hugh Monroe, of Knox College, will occupy the pulpit of the First Presbyterian Church to-morrow morn-ing and evening. J. B. Rankin's Bible class and Sunday school at 3 p. m. hat the by-law did not give him the privilege of entering his property at privilege of entering his property at that point, therefore he must do so at such a place as not to touch the street in dispute, Mr. Campbell then and there promised that our wishes should be compiled with and we left fully believing the difficulty was set-The pastor, Rev. H. W. Locke, will preach in Victoria Avenue Methodist At Christ Church Rev. R. McCosh will conduct the services and preach on both occasions to-morrow.

Mr. Burch (student) will preach in St. Andrews' Church both morning Imagine our surprise and disappointment on being called again the next day to find about 30 men at work laying the spur on the forbidden ground and which at this time was well toward completion. Mr. Campbell was Christ Church Sunday school will be held every Sunday morning at a quararrived calmly inspecting the work as it proceeded specting the work as it proceeded.
Upon remonstrating with him for
breaking his promise he offered the
excuse that he was busy about the office, and did not know till the afternoon that the work was being done.
For some unaccountable reason on
that day Mr. Campbell could not see Mr. Thos. Cornish will occupy the pulpit of the William St. Baptist morrow, and will teach the Bible class

that day Mr. Campbell could not see an army of men working not 200 feet from his office window. "No man is so blind as he who will not see." Again Mr. Campbell promised Ald. Liddy and myself that the spur should be kept off Prince street. We remarked if he meant what he was saying why did he not stop the work. His reply was that they could move it altogether. The foreman dissented from that view and the men stopped work and we took our departure and were Divine service will be held in the Latter Day Saints' Hall, King St., at work and we took our departure and were

not surprised upon looking back to find the men again at work and Mr. Campbell looking on with apparent approbation.

We at once made an effort to find the Mayor but in this we failed, but seeing Ald. Mayor but in this we failed, but seeing Ald. Sulman the situation was discussed with him ending in asking Mr. Pike of the city solicitor's film to at once give Mr. Campbell and the L. E. & D. R. R. notice to stop the work. The notices were served at 5 p. m. and at 6.30 Ald. Liddy saw the men

still laying the spur.
We asked the Mayor to call a special meeting for that (Thursday) evening with the view of serving the offenders with an injunction to stop the work but we had no quorum. Another was called for the next evening with a like result. A third was called for Monday evening with but two absentees, Ald. Sulman and Marshall.

At this meeting I withdrew a resolution with Ald. Liddy's consent, asking the parties interested in building the spur to remove it from Prince street, and upon them refus ing to do so the city to take such action as ang to do so the city to take such action as necessary to remove the obstruction, and supported one furrounced by Ald. Mc-keongh appointing a committee to visit the place of dispute and report the decision arrived at to the council for final decision. rived at to the council for final decision. The commutate met the following day at the appointed place, Mr. Campbell and several protesting ratepayers being present. The committee after rearing both parties decided to recommend leaving the spur on Prince street. The members of that committee present were, the Mayor, Ald. Scane, McKeough, Stephens and myself, and the decision arrived at was carried by the Mayor, Ald. Scane and McKeough, Ald. Stephens not voting and I opposing the decision.

Mr. Campbell now gives the excuse that the necessary curve could not be made to admit long cars if he entered his property further west. To satisfy myself on this point I asked a first-class engineer to look over the situation, and he said, though he did not go minutely into the matter, that he believed there would be no difficulty in the way if the spur entered further west. Ald Stephens thought it might enter 50 feet further in that direction without detriment to the curve.

Mr. Campbell states that it would cost upwards of \$200 to move the spur. This is certainly no excuse, for when first forbidden to place it there \$5 would pay the bitl. Besides the objection of the ratepayers on Colborne St. another very important reason exists why it should be moved, and that is, if unmanageable horses are caught between a locomotive on the C. P. R. Mr. Campbell now gives the excus-

and another on Colborne street west of Prince street there is no escape but by Prince street, and if that be obstructed by the spur serious accidents are liable to occur.

If the members of the council wish

are liable to occur.

If the members of the council wish to help Mr. Campbell let them vote him a bonus if that can be done, let them relieve him of taxation if they wish, let them give him that which they have the right to give, but let them not give further injury to the property owners of Colborne St.

In conclusion, let me state that I esteem Mr. Campbell as one of Chatham's very best citizens and I warmly congratulate him upon his success in business. I have no quarrel with him on this matter, but must remind him that we have not in our country one law for the rich and another for the poor. It is sincerely to be hoped that when better counsels prevail he will come to the conclusion that he has made at least one mistake in his life, and therefore will not ask the city to grant him a privilege detrimental to the interests of others. city to grant him a privilege detri-mental to the interests of others.

Yours sincerely, D. G. FLEMING.

Ex-Mayor Martin Calls Attention to the Quality of King Street Vitrified Brick.

To the Editor. - The attention of a number of our city council has been called to the quality of the bricks which are now being piled on the streets for the new paveing piled on the streets for the new parts ment on King street very much of which appear to be soft and not nearly up to the standard of samples that are to be seen in the city engineer's office, and are apparently unfit for the use for which they are intended It is to be hoped that now since so much expense is being incurred our city council will have those bricks carefully examined by an expert in that line (even at a considerable cost) and use only those that will stand a reasonably fair test as to hardness and durability.
