Women, Attention!

Women as a rule are better savers than men—they have a knack of making a dollar go just twice as far as a man can.

Many men who cannot save anything themselves, very wisely make their wives the family treasurer, and upon them devolves the responsibility of putting by something for the inevitable rainy day.

The Traders Bank welcomes the accounts of women, and its officials and clerks are always ready to give them any advice or assistance they may require. Every woman, whether married or single, should have a savings account.

A few dollars will start an account. When you are down town call at our Bank and start an account. Open Saturday evenings.
