THICK, GLASSY HAIR
FROM DANDRUFF

Glacial Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Danderine from any drug store and just try it.

Put scrubbing brushes to dry with the bristles face downwards. This prevents the water from soaking into the wood and rotting the bristles.

SPRING
CLEANING
DANGERS

Every housekeeper knows how often little injuries are met with during "spring cleaning" time and how easily the sore place becomes infected with dust and germs. The danger of this lies in the fact that injuries—slight at first, if not attended to, may become inflamed, fester, cause great suffering and inconvenience, and frequently lead to blood-poisoning.

To safeguard yourself, apply Zam-Buk at once to all cuts, scratches, abrasions, burns and scalds. This antiseptic balm immediately destroys all germs and prevents any danger of festering or blood-poisoning. Zam-Buk also ends pain and stops bleeding so quickly that no time need be lost by those who apply it as soon as an injury is sustained. Then the healing process in Zam-Buk actually grows new skin so that in a comparatively short time the wound is completely healed.

Zam-Buk is best for eczema, boils, pimples, rashes, ulcers and piles. All dealers, 50c. box.
