**WHEN YOU ARE READING**

Does the print run together?  
Do black spots appear before your eyes?  
Do you have to place the light between yourself and the print?  
Do you find it necessary to hold the book further away in order to see distinctly?  
If you observe any of the above signs it means you are no longer able to adapt your eyes to focus rays of light coming from different distances. A contest with failing sight is hopeless. You should wear properly fitted glasses. Consult us.

We Guarantee Satisfaction.
