GET IN COWS.**

## At the City Hall.

The weekly session of the Municipal Council took place yesterday afternoon.

Mr. K. R. Prowse wrote that the General Protestant Cemetery Committee intended to make repairs to fences, and asked the Council if they needed any land for street improvement. Council will visit the place and view surroundings.

Council repudiated a claim from R. Hopkins, a second time.

Complaint was made of piles of old packages being strewn around Lime and Cabot Streets. Owners will have to remove them.

Light was asked for by Captain English at the corner of Prescott and Queen's Road. Referred to Lighting Committee.

G. Osmond asked permission to install motor in store on Temperance Street. Referred to Engineer.

The defective gully in front of Mr. Ryan's house on William Street, will be attended to.

Permission was granted Jno. Byrne, Parade Street, to make repairs to fence, and to James Maher, Fergus Place, to excavate for proposed dwelling.

Plans submitted by Elder Young, of proposed dwelling on Freshwater Road, were approved of.

J. Simms was granted leave to repair house.

Solicitor Morris reported that Council was not liable for damages to Gas Co's underground pipes by stray electric currents.

The Horwood Lumber Co. will be asked how much they will contribute to remove part of sidewalk at corner of Water and Bambrick Sts.

Harvey & Co. will also be asked how much they will contribute to lay extra water service on Forest Road.

Twenty persons were allowed to install water and sewerage in their homes.

A discussion then took place on the arrears question which was introduced by the Mayor, who referred to the letter that appeared in the press, relative to taxes arrears. The Mayor stated that whilst a good deal of outstanding debts were collected since the beginning of the year, yet there was a large sum to be collected. He pointed out that a new system is being adopted for the collection of the arrears. In the course of a few days every debtor will be supplied with a bill of the amount they owe, and if the account is not settled in ten days, payment will be enforced by law.

Councillor Mullaly referred to the letter that appeared in the press and took exception to the paragraph that said the names of some of the people who owed were unknown. Some one, the Councillor continued, is violating the rules of his office, and should be dealt with.

The Mayor then asked if any Council employees were in arrears.

The Secretary replied that there were several.

The Mayor—It is a disgrace. He then made mention to the defect in the new concrete conduit at Windsor Lake. Until repairs are effected everything possible will be done to conserve the water supply to the city. The Mayor intimated that the conduit was built under the late Mr. Galt, C.E. of Toronto, and that the City Engineer and Government Engineer had held a conference and that the work of repairs would soon commence.

## Foreign Stokers For 'Ventures.

Owing to the inability to get crews, unless \$40 per month as demanded by local firemen is paid, the steamers Bellaventure and Bonaventure are still hung up in port. The stokers will not sign on under any concessions unless they get a guarantee of \$40 a month. The amount is \$5 in excess of what the Canadian Government pays. Captain Webb, who is here in the interests of the Canadian Government, has wired his principals the attitude of the local men, with the result that a contingent of men is being forwarded from Halifax to man the ships. The foreign stokers will likely arrive on to-morrow's express, and the 'Ventures will sail from here on Monday morning.

## Strange Doings Cause Loss of Life in Lisbon.

Lisbon, June 13.—Many persons were injured here yesterday in a panic which attended a subscription performance given at a theatre in aid of the numerous political prisoners recently arrested in a series of anti-Government uprisings.

Most of the foreign diplomats were at the theatre, which was crowded with spectators, when a number of men entered and began firing revolvers. A stampede followed in which many were knocked down and trampled under foot.

A troop of cavalry surrounded the building and arrested many Royalist sympathizers.

Many were also killed or wounded here yesterday by the explosion of a dynamite bomb thrown from a window at a procession passing along the streets.
