The Peace Treaty.

The text of the treaty of peace tion to-day, will be of interest, not only to the present but to succeeding generations. The Allies have set forth in unmistakable language, remarkably free from the technical phraseology usual in such international agreements, the conditions in the first place on which alone they will make peace with Germany, and in the second they sight, sufficient to meet the requireprovide for the establishment of certain devised arrangements for the prevention of mate improvement of the world

With the conditions of peace on the West Coast will rank among terms to be imposed on the the chief industries of Newfoundland. quondam allies of Germany-Austria-Hungary, Bulgaria and Turkey - the present treaty does not deal, except incidentaltheir present rulers.

There are fourteen sections contained in the treaty, four of which we published vesterday other words stealing a watch from an and four go through to-day, leaving the remaining six to follow. The severity of the conditions are considered to be more effective for the future good conduct of Germany than had they been made with greater leniency, because the Germans and see that they are in good shape.

To accomplish this Tiz for Tender Feet would have considered any attempt of that kind to have been an evidence of weakness or fear on the part of the allied powers, hence in insisting upon a complete surrender of all those mer. Price 30 cents a box lands for which Germany plot- states up-to-date swede is much life and the poor alike, that above the average, both as a cropper kill the rich and the poor alike, that ted and schemed and fought and as a keeper. Price 15 cents an cheat the growing child, and rob the won by trickery and bluff, and their return to their rightful owners, the Allies are showing that they recognize those rights of justice and equity, which were their common ideals during the war and in the defence

of which they drew sword. Reparation, atonement, indemnity and compensation for damages, claimed to have been done under the plea of "military necessity," a phrase which covered a multitude of German sins, retribution and amends, have now to be made by a nation to those whom in her lust for power she attempted to despoil and conquer. The loss of See us for your Hat, we have prestige in the destruction, at something new to offer all the one stroke of the pen, of her great army and formidable navy, must rankle in the German mind, but with the one

One sign of a good mother is plenty of POST TOASTIES main object in view, the Allies have steadily pursued the course set, and have followed the gleam which has illuminated their way, lighting up the road to the conclusion of a righteous peace, and the world will rehands of the Germans. Will

Historical Society.

At a meeting of the Historical Society heid last night. The Rev. D. B. Ashford and W. S. Dunphy were elected to membership. John Ryan, Esq., City Engineer will be balloted for at the next meeting. The principal subject discussed was the encouragement of the Study of Local History and Traditions in the schools. Prizes will be offered for the best essays on this subject; a special committee con-consisting of Dr. Robinson, Messrs. A. Wilson and H. F. Shortis will attend to the details. Messrs. P. K. Devine, H. J. Earle, H. F. Shortis, W. Smith and Dr. Robinson took part in the discussion thereanent. The executive will arrange for the reading of papers with Germany, part of which on historical matters at each of the was published in the Telegram meetings next fall and winter. The next meeting will take place on the second Thursday in September.

Our Coal Operations.

(Western Star.) The coal mining operations south Branch the past season were quite successful, and some twenty-six nundred tons of the black diamonds have been placed to the railway track. A diamond drill is now in operation there testing the extent of the areas. While the full extent of the deposit has not yet been fully defined, there is at present a vast amount of coal in ments of the country for some time. The St. George's Coal Fields limits, at Robinson's River, also show up satisfactorily. One seam has already been developed to 6 feet of solid coal, Edtor Evening Telegram.

extract of the vitalizing and building-up properties of Nature's Tonic Foods-Malt, Milk and Eggs, flavoured with Cocoa. It is presented in an easily assimilable form, and abundantly supplies the body with all the nourishment required, without tax on the digestive system. Independent medical analysis certifies that a cupful of "OVALTINE" contains more nourishment than 7 cupfuls of cocoa or 12 cupfuls of beef extract. During the whole process of manufacture

"OVALTINE" makes a delightful beverage, which is taken with or between meals instead of tea, coffee or cocoa, having the advantage that little or no sugar is required. Taken last thing at night, "OVALTINE" ensures quiet, refreshing sleep.
