Fram Petrallia.—Owing to the wells in Pennsylvania being shut down for sixty lays, great disturbance has been created his week in oil matters. Large quantities of crude have from time to improve the consultation of the pennsylvania wells when in Inti swing yielded nearly 20,000 barrels per diem, and their having shut down has caused a great increase in the price of orude here. Orude is now held at from \$1.50 to \$1.60 per barrel. The refined oil market in New York has go ne up to 2½ cents, with an increasing demand. Unless some oil fields are shortly discovered the crude production will not be nearly sufficient for the refiners of Canada.

oil fields are shortly discovered the crude production will not be nearly sufficient for the refiners of Canada.

Grief, excessive anxiety, or prolonged study, will produce infirmity in the nervous system, in proportion as the strength of that system is expended upon the mind in troubled thought, so are the organs of digestion, assimilation and nutrition, rendered inactive and sluggish in proportion as the system becomes infirm. Every individual has some one organ weaker than the rest, and this is always the first to suffer during nervous prostration; for example, afflicting news sometimes causes total suspension of the nutscular action of the heart, when the patient is debilitated, producing sudden hemorrhage and death. No doubt any longer remains of the practicability of restoring the nervous system, and through the nerves the muscles of the impaired organs. Fellows' Compound Syrup of Hypophosphites has been proved to possess such power in numerous instances. It will impart strength to overcome trouble and affliction. Persons who are accustomed to look upon the dark side, and who see no pleasure in living, on using this Syrup soon learn to value and emjoy life, and those who study deeply or through long hours, will find in the Syrup a promoter of the power of endurance in the brain.

BIERKPAST—EFFS'S COCOA—GRATEFUL and COMPORTING.—By a thorough knowledge of the natural laws which govern the operations of digestionand nutrition and by a careful application of the fine properties of well-selected occoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which boiling water or milk. Each packet is labelled "James Epps & Co., Homeopathic Chemists, London:" Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk.)
