A further bull factor was the likelihood that September options were oversold.

DELAGOA BAY

Britain Soon to Take Over the Portuguese Territory.

BRITISH LIBERAL'S SCHEME

Suggestion That a Strong Stand Be Taken Against the Education Bill.

London, Aug. 30 .- One of the most interesting rumors of the slack season in London relates to Delagoa Bay. It is asserted that the purchase of the Portuguese possessions in East Africa will be announced when parliament meets, and that it will be followed by the German acquisition of a portion of them in acordance with a secret convention with Great Britain. There is no direct confirmation of this story from an authentic source, but there is circumstantial evidence that leads close observers to credit the rumor. Lord Milner's recent visit to Lorenzo Marquez has never been satisfactorily explained, nor have the proposed annexation or Transvaal territory to Natal any significance, unless the intervening district adjacent to the

Portuguese frontier can also be added. REASONS FOR THE PURCHASE. Shrewd men, not often deceived on South African questions, are predicting the speedy purchase of the Portuguese territory, the extension of Natal northward, and a material compensation to Germany for neutrality maintained during the Boer campaign. The war was rendered dimcult at the outset by the neutral base of supplies which the Boers had secured barough the complicity of the Portuguese oricials, and their preparations for the campaign were greatly facilitated by the Netherlands Railway leading to the coast. It is assumed by well-informed men that Britain will purchase the Portuguese territory in order to have an adequate sateguard against secret purchases of arms by disaffected

Dutch. A LIBERAL POLICY ON EDUCA-

TION. Mr. R. W. Perks, M. P., who is a most energetic supporter of Lord Rosebery and a prominent Wesleyan, has issued a manifesto to Nonconformist voters, urging them to take an active stand against the education bill, and make preparations for contesting every Tory seat at the general election. Mr. Perks also advocates the abandonment of the Irish home rule question outright and a reunion of the Liberal party under Lord Rosebery, with an alternative education policy as a substitute for Mr. Balfour's compromise measure.

THE PERSIAN GULF. Capt. Mahan's article on the Persian Gulf in the National Review is attractmenace to British commercial interests and new naval communications with India, and the far east. Lord Lansdowne has been so efficient in dealing with China questions that it is incredible that he should neglect this important subject.

ALL-BRITISH SHIPPING COMBINE The Express is responsible for the information that in the event of the Cunard Line receiving an increased grant for mail-carrying services, an all-British combination, consisting of the Cunard Line, the Allan Line and the ships in which Sir Christopher Furness and Sir Alfred Jones are interested, will be formed to fight the Morgan trust.

CLOCK SAVES FOUR MEN

A Few Minutes After It Rang the Tug Went to the Bottom.

New York, Aug. 30.—The tugboat owned by the Export Towing Company, of New York, sank at the pier of the Export Lumber Company, at the foot of Eagle street, Greenpoint, early Thursday morning, A crew of four men were on board, but they escaped. The four went to bed Wednesday night meaning to get up earlier than usual, having orders for an early job. One of the crew had an alarm clock, which he set for 3:30 o'clock. The alarm woke him at that time. Noticing water on the cabin floor, he made an investigation and found that the boat was slowly sinking. Hurrying to where the other members of the crew were sleeping, he roused them and all succeeded in getting safely on land before the boat went to the bottom. The Brilliant was formerly owned by the Standard Oil Company and was considered the hoodoo boat of that company, sinking a number of times. while in their service. She will probably be raised.

Will Not Collapse.

Toronto, Aug. 30 .- "There is not a particle of danger that the customs house will fall," said S. George Curry, the Government architect, today, when asked about the rumors concerning the building's safety. "The place does need repairing," he admitted, "and the work will be started in a few weeks. The entire building needs underpinning and an appropriation of \$5,000 was passed at the last session for this purpose, but the department is an extensive one, and sometimes there are delays.'

The settling of wall at the southeast corner has caused a crack in the brickwork, and several feet of wall has fallen away, but not recently. The settling is due to a mistake when the building was erected over 30 years ago. It is built on piles, and the piles have been cut off several feet above the water line, with the result that the air has got in the wood and decomposition followed. The entire building will have to be underpinned, but it will take considerable time to accomplish this, as it has to be done in small sections, and in consequence will not be

completed this year. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding riles, the manufacturers have guaranteed it. He walked through a second-story window in the McRoberts residence, and although seriously cut and bruised, continued to walk for about 150 feet, and then lay down on a bank and continued his sleep until 6 a.m. When he awoke he was taken into the house and Dr. D. S. McIntosh called, who put 20 stitches in his leg alone, besides attending to his other injuries.

Detroit, Aug. 30.-A special from Menominee, Mich., says the shore of the bay here was lined last evening with excited people watching a vessel in flames four or five miles out. The figure of a man was darkly outlined walking around on the boat. At 8:30 a fire tug and the tug O. M. Fields had reached the vessel, and apparently had the fire under control, though the boat was evidently burned to the water's edge. be distributed in dividends the coming week to stockholders in the Eastern Consolidated Oil Co.

This Company has properties valued at over half a million dollars, and less than \$13,000 indebtedness, which is not yet due. It has paid out the past year over \$250,000 for dividends and development work besides paying several hundred thousand dollars for new properties. There is not a single company-no, nor half a dozen companies, in this country or in Canada, that can show a record equal to this!

No more properties to buy, no more machinery to buy, no expensive law suits to fight, nothing to sell but the oil from over 100 producing oil wells and nothing to pay but dividends! If the Eastern Consolidated Oil Co. neversold another dollar's worth of stock, the success of the company would still be absolutely assured, but an

Advance of 100% in Price of the Stock Will Take Place Almost Immediately

NO DRONES IN THIS HIVE. The management of this company is not in the hands of drones and sluggards but in the hands of financiers of national reputation-wide-awake, enterprising, energetic, pushing business men who believe that the Eastern Consolidated Oil Co. should have at least 1,000 oil wells instead of 100, and that the stock of this company will one day command \$50

a share where it now sells for 50 cents! This company now has 18,000 acres of rich oil lands upon which a well has never been drilled simply because the company has taken all its income to pay for properties-but every acre is rich in Oil!

DIRECTORS THAT DIRECT. Too many companies have prominent names on their lists-men who never see the properties! Not so the Eastern Consolidated Oil directors here take an active part in the management, and the officers are actually in the oil fields. Hon. Ernest Cody, president, is now in California for the company. Mr. Cody is an ex-lieutenant governor of Connecticut, and has been nominated for governor. He devotes his whole attention to the interests of this company.

Hon. Charles J. Noyes, of Boston, has been five times speaker of the Massachusetts Legislature. Judge Noyes and Mr. Geo. W. Bennett, secretary of the company, are now on the company's holdings
