Will Ontario Tax the Corporations?

Toronto, July 9.—A gentle hint that it would be well for certain corporations to cease from interfering with the financial dealings of the Ontario Government is conveyed in the report from the Parliament buildings that legislation is proposed to tax corporations operating public utilities and also loan companies.

While no member of the Government will discuss the matter, Sir James Whitney will not deny that such a proposal has not been made. When

asked as to this morning the Premier simply smiled and said: "I have nothing to say or to convey about the matter."

In addition to taxing these companies it is proposed to follow the lead of the State of New York and the Province of Quebec and place a tax on all stock transactions.

The legislation said to be contemplated will place these concerns under the control of the railway and municipal board.

Suffragette Band Caught Mr. Asquith

London, July 9.—For their latest attempt to get at Mr. Asquith, Mrs. Pankhurst and Mrs. Haverfield, two of the leaders of the militant suffragettes, were fined today \$25 each with the alternative of one month's imprisonment. But the magistrate stated that the sentence would be inoperative for the present, as there was a case in his opinion to be decided by a higher court on the point whether the defendants had not a constitutional right to present a petition to the King or his ministers.

Pending the decision of this case the hearing of the charges against the

other defendants who were arrested at the same time as Mrs. Pankhurst and Mrs. Haverfield, would be adjourned.

Four members of the Women's Freedom League waylaid Prime Minister Asquith near his official residence on Downing street, this afternoon and forced a woman's suffrage petition into his hands.

Mr. Asquith made his way indoors in haste, taking the petition with him. The women outside clamored for an audience and as they refused to leave the police finally arrested them and took them to the Bow street police court, where they were remanded.

Looks Like War in South America

La Paz, Bolivia, July 9.—At 9 o'clock tonight a furious mob attacked the Argentine legation. The troops were called out and for a time fears were entertained for the safety of the Argentine minister. The trouble is the outcome of the decision rendered by President Alcora, of Argentina, in the boundary dispute between Peru and Bolivia.

Great crowds had been parading the streets, when they finally were in the direction of the Argentine legation, which they surrounded. There were shouts of rage and stones and other missiles were hurled at the building. The local authorities endeavored to

check the manifestations, and at length the Government found it necessary to order out the troops. Both the legation and the Peruvian legation are now under a strong guard.

The Bolivian people unanimously protest against the decision rendered by President Alcora, which they consider most unjust. The territory involved is the famous Acre District, recently purchased by Brazil from Bolivia for \$10,000,000, notwithstanding the fact that Peru issued a warning that the territory was at that time the subject of arbitration.

Serious complications are anticipated, which are certain to involve

GIRL IN SLEEP LEAPS FROM TRAIN

Flags a Freight and Meets Special Sent Back—Not Hurt.

Ravenna, Neb., July 10.—While walking in her sleep Miss Lois Campbell, the 16-year-old daughter of President Campbell, of the Frisco system, leaped from the rear platform of her father's private car attached to a Chicago, Burlington and Quincy flyer, as the train was speeding over the prairies west of Ravenna early yesterday. Rendered unconscious by the fall the girl finally recovered and suc-

ceeded in flagging a freight, on which she rode to the next station where she was found by a special which had been sent out to search for her. She was practically uninjured.

SHAW'S NEW PLAY.

London, July 10.—Bernard Shaw's prohibited playlet, "Press Cuttings," was produced privately at a matinee at the Court Theatre yesterday.

The morning newspapers express themselves at an utter loss to understand why the censor put a ban upon "Such an inoffensive skit."

The play is clever and amusing, one act being a burlesque of current political topics, especially the suffragette agitation.

QUIET AT MINES NO NEW CLASH

Entire District Is Being Patrolled by the Redcoats.

STRIKERS PREDICT WIN

Declare That They Can Hold Out Until the Company Has Failed.

Gloucester, N. S., July 9.—With martial law prevailing in all the affected districts, the fourth day of the strike at the Dominion Coal Company's mines was entirely devoid of the conflicts which occurred early in the week. Troops are stationed at all the collieries, and before work was started this morning, the men were ordered under arms and marched to the various entrances to the different mines.

Soldiers' Presence Helps.

The rival labor leaders differ as to the effect the coming of the redcoats will have on the strike situation. The Provincial Workers' Association is fighting the strike, having an agreement with the men, while the United Mine Workers of America are seeking recognition.

Harry Bousfield, the organizer of the U. M. W. A., said:

"We want the law upheld in every respect. We have done our best to keep the peace so far, and have succeeded admirably. I have heard of a number of assaults being committed on persons and property, but I can assure you no responsible member of our organization was in any way implicated or would countenance such action. We will continue the same tactics, and I hope to have the pleasure of informing you before the week ends that every colliery of the Coal Company is closed up."

Moffatt, the grand secretary of the P. W. A., stated that on hearing of the arrival of the troops and being assured of protection, fifteen foreigners immediately went to work in Dominion No. 1, and we expect 70 extra men to start work at Caledonia today. The soldiers' presence has imbued our men with confidence that their lives, homes, and property will be protected, and during the next few days I look for such a large return of the men to work as will smash the strike to pieces."

King May Mediate.

Sydney, July 9.—There is a well-defined rumor in Labor circles that W. L. Mackenzie King, minister of labor, will arrive in Gloucester Bay early next week and endeavor to act in the capacity of mediator between the conflicting forces. Heads of both sides to the dispute, however, say that the difficulty cannot be settled by arbitration. The company will never recognize the American Union, and under these conditions alone will the U. M. W. capitulate.

Berlin, July 9.—Hon. Mackenzie King, interviewed here this morning regarding the coal strike, said he was keeping in close touch with the trouble in Sydney, but there was nothing new today from the standpoint of his department. "The board of conciliation had fully investigated the whole dispute under the industrial disputes act, and given their award, which, however, was not satisfactory to the section of the men now on strike."

C. E. EXECUTIVE

Francis E. Clark Was Re-Elected Vice-President.

St. Paul, Minn., July 10.—Francis E. Clark was re-elected president of the United Society of Christian Endeavor at a meeting of the trustees, Chicago, was honored by the election of the Rev. John H. Lathrop, Superintendent of Builders' Union—The Rev. R. P. Anderson.

The Rev. R. P. Anderson during the day reported to the convention, which is the twenty-fourth international meeting of Christian Endeavor—that a site had been purchased for the society's new national home in Boston. It will cost about \$150,000, of which \$50,000 is at hand.

President Clark, who is the founder of Christian Endeavor, in his report said the last year in many respects had been the best the united society ever had known. The society, said Mr. Clark, is to be the training school for a million new members by 1911.

The biennial report of General Secretary Shaw showed a present net enrollment of 71,493 societies, with 3,531,100 members. The Presbyterians hold first place with 10,198 societies; the Disciples second, with 10,198 societies; the Congregationalists third, with 6,454 societies; and the Baptists fourth, with 3,497 societies.

LAMBETH GARDEN PARTY

On Wednesday night, July 7, a garden party was held under the auspices of the Women's Guild of Trinity Anglican Church, Lambeth. A dainty supper of strawberries and delicious viands was served on long tables, beautifully decorated with flowers, on Firman White's lawn. Afterwards a splendid programme, given by about fifteen ladies and gentlemen, under the conductorship of Mr. Charles Percy, was given at St. James' Church, city, was enjoyed by the guests, who numbered over 300. The grounds illuminated by Chinese lanterns gave the scene quite a fairyland appearance. Many from London and other places came to meet friends whom they had not seen for some time, and certainly a most social evening was spent.

Rev. Mr. Howard, of Christ Church, occupied the chair, but having to leave early, his place was taken by Mr. Stanley Macdonell, at present in charge of Trinity Church.

The members of the church are working with great interest, and are looking forward to increased membership.

TWO MEET DEATH IN MONTREAL AUTO RACE

Batchelder, the Well-Known Driver, and His Mechanist Almost Instantly Killed.

Montreal, July 9.—Two men were killed at the auto races here today. Rushing through the back stretch at a rate close to a mile a minute, a 60-horsepower car plunged right through the outer fence and hurled C. K. Batchelder, of Newport, Vt., and James Twohey, of this city, to death.

Batchelder was driving the car and Twohey was acting as his mechanic. Batchelder died while being carried to the ambulance after being re- away a few minutes after being re-

Batchelder's body presented a gruesome sight, as he was impaled by a huge splinter of the fence. The moment the car struck the two men were hurled from their seats high in the air.

A bursting tire is thought to have led to the loss of control.

The eighth lap of the race, which was for gasoline stock cars, for ten miles, and which drew the largest field of the afternoon, six cars had been completed by the leader in the race, when Batchelder, in his 100-horsepower car was speeding through the back stretch. At the far turn he apparently lost control of his machine, and the few persons who were standing near the spot state that the car, coming on the outside and evidently trying to pass one of those in the front, was seen to wobble and then dash towards the outside fence. In a fraction of a second it had plunged through the fence, breaking it for a distance of 25 feet like tinder wood.

At the racing speed at which the cars were travelling there was practically no chance of the driver making a recovery or averting an accident.

Batchelder drove in the opening event on the programme, which was a trial against time, but had some trouble with the mechanism and his time was slow.

A pathetic feature in his death and that of his companion Twohey was that up to a short time before the fatal race started it was not known whether their car would be permitted to start. The card for the race was filed and the organizers of the races told them that their entry could not be accepted. It was accepted, however, at the last moment, and Batchelder and Twohey started on the mad rush which ended in their deaths.

The car was owned by Lorne Hall, well known here and in Ottawa, and racing on the streets of this city. Batchelder and Twohey worked on the car last night fitting it up for the race.

When the car was examined after the accident it was found that the front axle was broken, although it is more than probable that this break occurred after rather than before the smash.

INGERSOLL BOY APPEARS MISLAID

Police Have Been Notified of Disappearance of Ellis Norman.

The police have been notified to keep a sharp lookout for Ellis Norman, an Ingersoll boy, who disappeared from his home a week ago last Monday, and has not been heard of since. Norman is described as 16 years old, 5 feet 2 inches tall, medium build, round, smooth face, fair complexion, light brown hair, about 15 pounds weight. When last seen he was wearing a dark brown coat, grey trousers and a peak cap.

It is thought that Norman ran away and he is believed to be the lad who ran away last year and was found in a King's Highway by P. C. McRae and returned to his parents. The lad's parents are very anxious to hear of his whereabouts and a reward has been offered for his detention.

STORY OF DOCKED HORSES

Gift to the Queen by Canadian Women Had to be Replaced.

London, July 10.—S. H. Terry, speaking at the anti-vivisection congress, told the story of horses with long manes and tails presented by Canadian women to the Queen and repaid by the Queen's dispatch were docked by a veterinary. The Queen is an opponent of docking, and eventually the horses were returned to Canada. Terry said the veterinary's expense, by undocking animals, "thus closing what the veterinary had turned from a pleasant incident into an unpleasant one."

A GUELPH MANAGER LODGED IN JAIL

Is Charged in Connection With the Sale of Some Stock to Ladies.

Guelph, July 9.—James Edward Brown, general manager of the Brown-Lee Chemical Company, was arrested last night at the Central Hotel, and this morning was remanded to jail for a week. It is on two charges of obtaining money under false pretences that Brown is held.

It is understood the transactions were in connection with two sales of stock. One, the sale of \$200 worth to Mrs. Gasco, and the other to Mr. J. A. Marshall, to the extent of \$500. The Brown-Lee Chemical Company is quite a large concern. They are engaged in the manufacture of talcum powder, Red-Rub and other toilet preparations. A lot of prominent citizens hold shares in the company, it being a joint stock affair.

TO STARVE THEMSELVES OUT OF THE PRISON

The Suffragette Leader Tells Magistrate What's What and Springs a New Tactic.

London, July 9.—Sir Albert de Rutzen, chief magistrate of the Metropolitan police court, today decided against the suffragettes on the point raised by Miss Pankhurst regarding the right to present a petition to Premier Asquith, and the court sentenced Miss Pankhurst to pay a fine of \$25 or go to prison for a month on the charge of resisting the police.

The constitutional question raised by Miss Pankhurst was argued at great length, and the magistrate, before announcing the judgment, said that he anticipated that an appeal would be made to a higher court. Miss Pankhurst, who defended herself, declared that her assault on Police Inspector Jarvis on the night of June 20, when 116 suffragettes were arrested for trying to force their way into the House of Commons, was her "gauge of battle to the Government and defiance for its unconstitutional way. It was aware," continued Miss Pankhurst, "that when I started that deputation of eight helpless women, about whom men, armed with opera glasses, had congregated to watch as though it was a good show, it was bound to result in humiliations, but until women have the power to elect representatives to parliament it is their duty to maintain the right of a subject to petition the King through parliament. If the magistrate repeats his former sentences we will go to prison, but we will not conform any longer with prison regulations. As political offenders we will insist on being treated as such and not as ordinary prisoners, and in the last resort we will act as did Miss Dunlop."

Miss Dunlop secured her release yesterday by starving herself for 91 hours. Mrs. Haverfield, daughter of Lord Abinger, was given the same sentence as Miss Pankhurst. Both the women notified the court of their intention to appeal from the judgment, and they were released by the magistrate on promising to abstain from sending further deputations to the House of Commons during the present session.

The cases of all the other suffragettes arrested with Miss Pankhurst were adjourned pending the outcome of the appeal.

WHITNEY SMELLS ANOTHER PLOT AGAINST ONTARIO

Knows of Untruthful Parties Who Are Acting Through Quebec, He Says.

Toronto, July 9.—When asked this evening as to whether his attention had been called to the fact that petitions had been sent to Ottawa by the Montreal Stock Exchange and a number of financial men in Toronto asking the Dominion Government to disallow the act which was passed at the last session of the Legislature, validating the contracts entered into between the hydro-electric commission and the municipalities, the Premier, Sir James Whitney, said that certain interested parties who are not particular as to the truth of the matters they put in, would endeavor to procure the disallowance of the act in question, but he did not care to comment on the reason today. Matters of this kind generally work themselves out in a satisfactory way.

SERIOUS CHARGE AGAINST BRANTFORDITE

Brantford, July 9.—Joseph Bowes, an aged and prominent citizen, and chairman of the Brantford Board of Health, was charged with attempting a crime against Nellie Osborne, aged 11 years.

The attempt is alleged to have taken place yesterday. Last night an information was laid by the girl's parents. Bowes was taken into custody, and later was released on bail of \$1,000.

This morning he pleaded "Not Guilty" and through counsel, W. S. Brewster, asked for an adjournment, which was granted by the magistrate until Tuesday, when evidence will be taken.

CARRIED AN ARSENAL.

Toronto, Ont., July 9.—Wm. Long, the negro arrested a few days ago with a whole arsenal of guns and pistols on him, was sent this morning to Milton to answer a charge of burglary.

DISARMING FOREIGNERS.

Toronto, Ont., July 9.—The police are still hunting for members of the Black Hand gang, and are quietly disarming any Italians, Greeks or others they find carrying firearms without a license. They say that, with the aid of Montreal and New York police, the gang will have a hot time of it from now on. They have discovered a book said to contain a list of the members of the gang, as well as a list of those marked for demands for money.

RAILWAY COMMISSION.

Ottawa, Ont., July 9.—The railway commission is to visit Winnipeg and look over the proposed entrance of the N. T. R. The line proposed would cross the Canadian Pacific and Canadian Northern at St. Boniface, and these companies objected that their yards would be cut up. The commission at first refused the authority, but upon representation that this would be a calamity to the road, a rehearing on July 26 was consented to.

KING SAW HER PLAY.

London, July 10.—The King and Queen visited the Globe Theatre yesterday to see Mrs. Cornwallis-West's play, "His Borrowed Plumes." Their majesties remained to the end, and personally congratulated the author. The audience included many society leaders.

The Allan Line steamship Corsican, from Montreal and Quebec, for Liverpool, was reported 120 miles west of Main Head at 8 a.m. today.

Kingston, Ont., July 9.—The steamer Dunelm, from Belleville, for Fort William, with cement, is reported aground at Brighton-at-the-Lakeside, on the Murray Canal.

St. Catharines, Ont., July 9.—Representatives of the Belgian Government arrived here today and made an inspection of the Welland Canal, paying special attention to the system of locking vessels. They subsequently left to inspect the Erie Canal.

C. E. CONVENTION.

St. Paul, Minn., July 9.—Discussion of methods in various Christian activities was renewed today before the Christian Endeavor convention in session here.

Rev. W. J. McElveen spoke on the "Mystery of Healing." Mr. Grant Shields led in a junior workers' conference, and Rev. James A. Francis in a Bible study conference. At the same time 25 or more denominational rallies were held in as many different churches.
