J. Orr Found Dead

In Markdale Swamp

[Special to The Advertiser.]

Harriston, Aug. 22.—The body found some days ago in a swamp at Markdale, is that of John Orr. He had been in the House of Refuge for some time.

Orr was previously a resident of Owen Sound, a married man with two children. His wife some years ago went to Michigan, where they had previously resided, on a visit, taking the children with her, and after several weeks absence sent him word she had decided not to return. This preyed upon the mind of Orr so that he became melancholy, and partially demented.

A BUMPER WHEAT CROP.

Thousands of Men Required—This Year's Harvest Promises To Be the Largest in the History of Canada.

According to present indications the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborers of the east to assist in harvesting the world's greatest bread basket.

The Governments of the respective provinces state that many thousands of men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly.

The Canadian Pacific, on which company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year.

Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers.

Shorter than any other route. Dates, rates and conditions will be announced in a few days. M. G. Murphy, district passenger agent-Canadian Pacific Railway.

Mon. sal, Aug. 23.—Drina, by fire to the roof of the Rideau Shoe Manufacturing Company building in Maison-neuve this afternoon, a score of employees, including half a dozen girls, were forced to jump into life nets.

Many of those who took the leap were badly bruised, but only one, Patrick Keenan, was seriously injured. He was taken to a hospital. All of the other 200 employees either left the building safely by the stairways or were rescued by firemen from the fire escapes.
