## A NEGLECTED COLD Will Very Often Turn to CONSUMPTION

Never neglect what at first seems to be only a slight cold. Perhaps you start to cough, a little irritation in the throat ensues, then it gets lower down, settles on the lungs and bronchitis sets in, and you start to raise phlegm of a greenish, yellowish color, and you cough persistently.

If you let the simple cold run it will surely develop into something very serious, and perhaps consumption.

On the first sign of a cold or cough go to your dealer and procure a bottle of

**DR. WOOD'S  
NORWAY PINE SYRUP.**

A few doses will convince you that it is just the remedy you require.

Mrs. J. W. Pearson, Amherst, N. S., writes: "Some time ago my daughter had a very bad cough which settled on her chest. She had no rest day or night. I gave her everything I could think of, but without doing her the least bit of good. At last I thought of Dr. Wood's Norway Pine Syrup, so I got a bottle for her. She had not taken half of it before she got relief, and with the remainder she was completely cured. Now when any of the family have a cough we always know what to get for it."

Dr. Wood's is 25 and 50 cents.  
Manufactured only by The T. M. L. Company, Limited, Toronto, Ont.

## WILL ESPECIALLY LOOK A TER W.U. C. NING NT

Lieut.-Col. H. D. Smith Makes  
Good Impression Before  
Embryo Officers.

Lieut.-Col. H. D. Smith, O. C. of the 24th Kent Regiment, and new general staff officer of the local division headquarters staff, has been specially detailed to look after the Western University Contingent of the Canadian Officers' Training Corps. He was introduced to the members of the corps at the semi-weekly drill in the Armouries on Friday afternoon and outlined his plans to perfect the organization and training of the corps.

He praised the work already accomplished by the corps, and urged the members to take an interest in their work for king and country. He explained that, owing to the necessity for equipping and outfitting the overseas forces, at present there would be some difficulties to contend with, but he urged constant and universal attention to the work in hand.

**Made Favorable Impression.**  
Lieut.-Col. H. D. Smith made a most favorable impression on the embryo officers, and the three cheers and a tiger for him, called for by Captain Murphy after he concluded his address, were given with a hearty goodwill that seemed to shake the very roof of the Armouries.

His statement that quarters would be available for the corps within a very short time was one of the most welcome announcements yet made. Since the corps was organized it has been without an official "home," but the taking over of the Ford buildings by the militia department will rectify this, it is hoped.

Captain Murphy made the announcement that the company rolls will be finally closed at the end of the present month.

## CALOMEL SALIVATES

Calomel makes you sick and you lose a day's work. Calomel is a nasty, dangerous chemical. To live your sluggish liver and bowels when constipated, head-aching, bilious, just get a 10-cent box of harmless Calcarets. They work while you sleep, don't gripe, sicken or salivate.

## TO REMOVE DANDRUFF

Get a 25-cent box of Dandruff at any drug store, pour a little into your hand and rub well into the scalp with the finger-tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.

## PAPERED AS EASILY AS PLASTER

Walls of Fibre Board can be papered as easily as walls of plaster. Fibre Board can also be painted, or decorated with burlap, in any style desired.

comes in large boards, 8 ft. x 4 ft., and is nailed directly to studs and joists in a fraction of the time that it takes to plaster. And unlike plaster, no time is lost in waiting for Fibre Board to dry. Fibre Board is not a flimsy wall board either. It is nearly half an inch thick, is waterproofed, and makes solid, substantial walls that cannot warp, crack or jar loose. More durable than lath and plaster—and lower in cost. ## QUESTIONS MONEY VOTE AT SPECIAL MEETING

Ald. Tancock Thinks Council Has No Right To Vote I. and P. S. R. \$60,000.

The legality of the special council meeting, at which \$60,000 was voted for track extension of the London and Port Stanley Railway, was called in question last night by Alderman Tancock at a meeting of the stockyards committee, of which he is a member.

The notice calling the meeting, he pointed out, made no mention of the \$60,000 matter, and therefore it should not have been taken up. He went on to say that he did not receive his notice in time to attend the meeting, and that, if he had been present, he would have objected to this phase of the question being dealt with, in which case it could not have been taken up.

Mayor Stevenson declared that the omission of any mention of the \$60,000 was an oversight, and it was taken up.

## WAS TROUBLED WITH CHOKING SPELLS AND SHORTNESS OF BREATH

When the heart becomes affected, there ensues a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation and dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

Many men and women drag along with weary step, and become worn out and haggard, when otherwise they could be strong and healthy if they would only pay some attention to the first signs of heart or nerve trouble.

On the first sign of the heart becoming weakened or the nerves unstrung, Milburn's Heart and Nerve Pills should be given a fair trial and you will find that they will soon correct both these organs.

Mr. James Leard, Tryon, P. E. I., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I had choking spells, and was troubled with weakness of the heart and shortness of breath. I tried three doctors but they all failed. A neighbor recommended me to try your pills, so I got a box and they helped me so much. I have taken six boxes. I highly recommend them to all who are troubled with their heart and nerves. I was not able to do any work for over two years; now I can do quite a bit."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

## BURIED AT DORCHESTER

Mrs. Booth Was an Old Resident of the Township.

Dorchester, March 12.—The funeral of the late Mrs. Booth, who died at the home of her daughter in Bourdon, Missouri, was held yesterday afternoon from the Anglican Church to the Union Cemetery. Services were conducted by Rev. H. Sutton, and Mr. Baker, of Hyatt Avenue Church, sang with much feeling. "Face to Face" the pallbearers were: Nelson, Walter and Dr. E. Spence (nephews of deceased), Colin Campbell, Henry Hart, and John N. Taylor.

Mrs. Booth, whose maiden name was Martha Grace, was born on the Town Line, one mile north of Belmont, in 1843. She completed her education in Toronto, and later for fifteen years taught school in the vicinity of Dorchester.

In 1873 she married William Booth, and lived for some time on the farm now owned by James Wilson, of this village. Thirteen years later she was left a widow.

Mrs. Booth was a woman of marked mental calibre, and exercised at all times a deep interest in public questions of the day. She was a devout member of the Anglican Church.

Besides one son, Edward, of Detroit, she is survived by two daughters, Mrs. R. Carson, of Bourdon, Mo., and Mrs. R. Carson, of Crosswell, Mich., and three brothers, John, of Dresden, Ont., Edward and Henry, of Detroit.

## BETTER THAN SPANKING.

Summers, Box 112, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with these difficulties by day or night.

## BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the little liver and bowels and they get well quick.

When your child suffers from a cold, don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat, give a good dose of "California Syrup of Figs" to evacuate the bowels, no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit" because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for the babies, children of all ages, and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

## OXO CUBES

within sound of the guns

How OXO CUBES helped Princess Patricia's Regiment to make their Christmas dinner

An interesting letter from a sergeant in the above regiment:—

"At last we are where we wanted to be, and are contented with our little lot. We had a fairly good Christmas dinner, which consisted of bully beef and biscuits, and whatever we could forage. My friend and myself did not do so badly, as we had one carrot, one-half turnip, two leeks, one onion, TWO OXO CUBES and twelve ounces of bully beef, with three hard biscuits, all mixed up and boiled in a beef tin.

"To-day we had our Christmas pudding, one-half pound to a man, one pound tin of jam between four men, and a small bottle of wine, also between four men.

"We are all in good spirits, and also within sound of big guns."

[Reprinted from the "Montreal Gazette," Jan. 7, 1915.]

## Winter weather is OXO CUBE weather. What could be more invigorating and sustaining than a steaming, delicious cup of OXO, which gives that rich, strengthening beef-nourishment the body needs to withstand cold and fatigue?

OXO CUBES beat all the old ideas for food-quickness. Simply drop an OXO CUBE into a cup of hot water—stir—and it's ready.

A daily cup of OXO is an excellent safeguard against colds and La Grippe.
