all over the visitors all the way through and seldom let them get anywhere they might look at all dangerous, but it was explained later when it was found the Londoners were mostly scrubs.

Tucker was the best for the visitors. Barrett and Thurston led the attacks of the homesters. Londoners threatened to give battle in the first period when they held the score down to 1 to 0. The Pan-Drieds were drawing ahead in the second period 4 to 1, and in the final session made the London goal look like a sieve.

## Kitchener Fans Tired of Toronto "Bossism."

KITCHENER, Feb 2.—Kitchener hockey fans are still suffering from indignant rage as a result of the reverse which the seniors received Wednesday night at the hands of Referee Steve Vair. A move will be made by local men prominent in hocky circles to have the matter of Toronto bossism fought out before the O. H. A. executive, with a view to getting what they call a "square deal" for Kitchener in future. The slogan here now is that "Kitchener must be freed from Toronto autocracy."

international amateur outdoor skating title by garnering 20 more points in the closing events of the three-days' meet here today. His total number of points was 100. Steinmetz won the title, notwithstanding the fact that he failed to finish first in a single event today.

The 440-yard dash was won by Chas. Gorman of St. John, N.B., with Steinmetz second, while the senior 3-mile event was won by Joe Moore of New York, who failed to score in any of the previous events.

Charles Jewtraw of Lake Placid, who was Steinmetz's runner-up with 70 points, was the victim of an accident today, although he profited by the misfortune of others yesterday. In the final heat of the 440-yard dash he was tripped by Russell Wheeler of Montreal, who fell at the first turn, but Jewtraw recovered his balance, and although gamely trying to win a place was outdistanced. Wheeler strained a ligament in one of his legs.

The three-mile event was skated in a snowstorm which followed a heavy rain in the morning.

The junior honors for the meet went to Chicago, Edward Reed, of that city winning the 220-yard dash and mile event for 16-year-olds.

Ernest Graves won the championship for boys of 14 years.

## **JACK-CARP FIGHT**

Enactment of Boyle's Thirty Acres Drama Not Desired.

LONDON, Feb. 2.—British fight fans aren't as enthused about another Dempsey-Carpentier fight, as reports from the States seem to indicate.

From talk heard about all the popular gathering places the Londoners are anxious to see the world's champion, but they do not want to watch him work on Carpentier again.

on Carpentier again.
The English figure that Carpentier has fallen, since his performance against Cook was anything but con-

against Cook was anything but convincing.

As far as Dempsey and Carpentier are concerned, it is generally believed that the issue was decisively settled in Jersey City last July, and the movies, which were shown generally over the islands, convinced those who were skeptical over the cabled reports.

Any attempt to get the world's champion and the titleholder of Europe together again in a London ring would be regarded as savoring too much of the commercial, and the high prices that would be necessary for such a bill would not prove popular.

Knowing Dempsey as I do, I feel sure that he could step right into the place in the British pugilistic heart that Carpentier recently vacated. The English sport writers who saw the big bout last July wrote so many nice things about the champion that their readers decided that he wasn't the cave man they first thought he was.

### CLEGHORN FRERES ARE IN BAD WITH N. H. L. MOGULS

Commenting on last night's N. H. L. game at Ottawa, which wound up so disgracefully. Eddie Baker in the Ottawa Cltizen yesterday says:

"Just at the stage of the race when the Ottawas looked good for another champlonship they find themselves handicapped by injuries that will mean the loss of one, if not more, of their best men. Frank Nighbor suffered a broken bone in his arm and Captain Eddie Gerard has four stitches in his head. King Clancy was assisted off the gate and was helped through with a gashed face in the dying moments of last night's game with the Canadiens. And all this can be traced to the present-day disgrace of the national winter same, which is no other than Sprague Cleghorn. He and his brother Odle gave one of the finest exhibitions of roughneck hockey that ever was shown at the local arena, and if they are not at least suspended for last night's performance there is something wrong. Referee Lou Marsh of Toronto did his best, and had the hardest job on his hands of any official in the circuit so far this year. In his report to the league president he reported both Cleghorns, and besides imposed fines on each for their language in objecting to his decisions. It is likely that a special meeting will be called to deal with the situation, and till then no opinion can be expressed as to the outcome."

## RUTH TO ASK

NEW YORK, Feb. 2.—Some of these days soon Babe Ruth will saunter into the Yank office with a: "Well, what d'yuh say?"

When it comes to giving an answer there probably isn't a club owner in either league outside of New York that would care to swap shoes with the Yankee colonels.

Babe is due for a new control.

Babe is due for a new contract and terms. He has been working for \$20,000 a year, but he wasn't so good when he signed the parchment three years ago. Those who like to speculate about "inside matters" predict that the American League champions will have to go all the way from \$50,000 to \$75,000 to get the swat-king on a long contract. Both the Giants and the Yank's may have some little negotiating getting their regulars on new contracts. The champion clubs of both leagues are receiving signed contracts in every mail, but the mames of the rookies are making a dash to get in and cinch a chance for what many think will be another slice of the championship spoils.

The champion holdout today is Eddie toush, and he might be classed as the hampion of several seasons.

## Brown Derby Goes SECOND BIG WIN To Rube Waddell

one in an exhibition game.

It was Waddell who made it a point to somehow get a place on the fire engine any time a run was made to a fire in a city in which he was playing.

Waddell was also a bug on the wrestling game. He was invariably called on to referee any match that was being held in any city where his club was playing. Likewise, Rube thought he could wrestle.

His ambition as a wrestler recalls one of the funniest stunts ever staged. Back in 1903 the Boston club won the American League pennant. It was a desperate struggle all the way. Wadel always beat Boston with ease.

Knowing that Rube was to work a certain game, the Rube was to work a certain game.

## OVERTIME FIXTURE WON BY ST. MARYS

of the Minneapolis club, said anything he meant it:
Joe could be brutally frank and equally sarcastic. However, he was always popular because he spoke his piece and then forgot about it.
Back in the old days, when Joe managed the Washington club, Ollie Pickering was one of his outfielders. Ollie had been in a batting slump. An injury finally forced him out of the game.

Can a batsman take his base it hit by a slowly pitched ball, which he plainly attempts to avoid? Does the speed of the ball enter into the play?

The degree of speed is given no consideration, if in the opinion of the umpire the batsman plainly tried to avoid being hit.

There is a belief that a batter cannot take his base when hit by a slowly pitched ball, which is entirely erroneous.

Glasner of the Pittsburg club is the only pitcher in the National League who uses an underhand delivery. Unlike Carl Mays, he works it only occasionally.
