# WEEKLY COLONIST AND CHRONICLE.

VICTOBIA, VANCOUVER ISLAND, } August 20, 1866. To MISS EVANS :---

To MISS EVANS:-Madame:-The undersigned on behalf of the Wesleyan Congregation of Victoria, Vancouver Island, beg to assure you that we learn with unfeigned regret that you are about to leave us. The loss which the Church will sustain will be great and very seriously felt. Yeu have largely contributed as Organist,

the new Conservative Cabinet. We are now for several years to encourage the cultivation of a taste for music, and in elevating our enabled to place before our readers the list hearts and voices in sacred song to God-and as furnished in a late number of the Scotswe cannot doubt but that your constant man-a paper proverbially well informed in attendance and unremitting exertions, have political affairs-which says : 'The following frequently been bestowed at the expense of are, we have reason to believe, the arrangements personal inconvenience. Permit us to tender to you the just and for the new or next Government, so far as well deserved tribute of our most sincers thanks, for your kind and invaluable ser-First Lord of the Treasury-Earl of Derby.

vices; for the deep interest you have always evinced in the prosperity of the Church, and for the urbanity and christian courtesy which Chancellor of the Exchequer-Mr Disraeli have at all times characterized your intercourse with us.

course with us. Accept the accompanying cake basket, and knife, as a mark of our esteem and affectionate regards, and be assured that you carry with you the blessings and best wishes of the whole Congregation. JAMES DICKSON, M. D., J. M. SPARROW.

DAVID SPENCER NOAH SHAKESPEAR, JOHN JESSOP, WILLIAM MACKAY.

THE FENIAN INVASION OF CANADA .- Mr Justice Monk has delivered his charge to the grand jury of the Queen's Bench, Crown side, which contains the following official and indicial allusions to the late Fenian war in Canada, or, as the Judge terms it, " an invasion of our soil by armed hordes from the United States." Justice Monk says, after some preliminary jubilant remarks :-"Friends and foes alike will understand the feelings and the temper of our people better when they see the different races that dwell in harmony in Canada, English, French, Scotch, Irish and Germans furnish defenders of the country; and had the emergencies arisen, we can easily imagine what would have been the bearing of the decendants of these heroic races, animated as they were and still are by high courage and the highest motives of patriotism. The action of the American Government came late; but it

ties, to act came, their measures were prompt and effectual, and, no doubt, materially conabout four years) of the Wesleyan Church tributed to avert verys erious consequences." -N. Y. Herald.

EARLY DAYS OF OREGON .- Many interesting reminiscenses of the early settlement of Oregon are elicited in the examination of witnesses in the case of the Hudson Bay Co. vs. the United States. Those who were here at the time of the Whiteman massacre will remember that the Indians were led in that affair by a half-breed called "Jo.," who

but no clue was ever obtained as to what

Enterprise left yesterday morning with a few passengers, (including two Government officials who have returned to comfort "Argus") and a small quantity of freight. The steamer's saloon has been most elegantly painted, gilded and refurnished, equalling if not surpassing anything we have yet seen on this coast.

> METEOR .- A magnificent meteor was visible last night shortly before eight o'clock. Taking its fiery course from the zenith, it descended in a N.E. direction, when the bolid exploded, seemingly dividing into two parts. The heavens were brilliantly illuminated during the flight of the celestial traveler.

A BEAUTIFUL SUNSET .- The setting sun ast evening, produced one of the most glotious sights we ever remember witnessing even in the Tropics. The varied tints of the sky, and the gilding of the clouds, would have defied the pencil of a Turner in his palmiest days. Knowing ones predicted an approaching storm;

THE LEECH RIVER DITCH .- Tenders are required by the Government for cutting the ditch and building the flume and dam at Leech River. Tenders may be made separately, and the price per lineal yard must be stated for the two former, and a bulk sum for the latter.

RETURNED .- The U. S. Revenue Cutter Lincoln, Capt. J. W. White, with the Yale excursionists returned last evening. The cut ter, with Mr Mumford, Capt. Franklin, Mr Haines and other gentlemen, will sail for Puget Sound this morning.

IMPORTANT QUESTION .- A case will be heard in the Supreme Court to-day, in which the question involved is whether the salary of a Government official can be legally attached in the hands of a garnishee.

FOR THE SANDWICH ISLANDS-The schoons er Minerva, Capt. J. A. Gardiner, asiled last night for Honolulu, with a full cargo of merchandise as per manifest, valued at \$10,000. shipped by Messrs. H. Nathan and E. B. Marvin.

COMMUNICATIONS .- " It never rains but it ours." After a protracted silence, our correspondents are now deluging us. are compelled to hold back several excellent articles.

THE GREAT EUROPEAN BATTLES .- Elsewhere will be found highly interesting accounts of the several great engagements fought between the Prussians and Austrians in Bohemia. One account is from the pen of W. H. Russell, the well known Times correspondent.

FOR QUEEN CHARLOTTE ISLAND .- The sloop Leonede, Capt. Smith, left last evening with four men for the Queen Charlotte Coal Company's mine. She will bring back a cargo of coal.

FOR NEW WESTMINSTER .- The steamer. | HIGHLY ENCOURAGING MINING NEWS CURES AND COMFORT FOR THE BED-RIDDEN.

NEW DIGGINGS AT CARIBOO! RICH STRIKES AT BIG BEND.

From a merchant who left McCullough

Creek on the 13th inst., we have most exciting Big Bend news.

Rich discoveries of gold bearing quartz have been made in the mountains adjoining McCullough Creek, by Charles Smith, of Victoria, who is on his way down with specimens. The gold is plainly visible.

A vein of rotten quartz has been struck by Mr Hicks of New Westminster, in the same range of mountains. The gold is easily separated from the quartz, by pounding.

The whole country is excited over these important strikes, gand a large number of miners are out prospecting.

The Discovery Company, on McCullough Creek, have tunneled into the hill and got a prospect of \$22 to a pan-gold coarse. \$280 in nuggets-the smallest weighing \$2 50-

have been picked from the bed-rock in the same claim. The tunnel is in 130 feet, and the company are confident that they will all realize fortunes.

The news is also good from French Creek. Back of the Shep. Bailey claim, a company working in the bench got a prospect of \$19 from a few pans of dirt, in coarse gold. The whole bank has since been staked off by miners.

The "Forty-nine "steamer was due on the 14th from Colville. Freight had been reduced from 10 to 7 cents per lb.

From Kootenay, it is reported that Mr A. Stronach, of Victoria, has realized a large fortune from mining in the hill.

Mr J. E. Edwards, just from Cariboo, arrived here this evening. He exhibits a bar of gold, weighing \$119 17-the product of three hours ground sluicing, which he washed on a new creek-a tributary of the South Fork of Quesnelle. The creek he called Cedar Creek He has also discovered another rich creek in the same locality. Several hundred men have started for the new diggings. Cedar Creek is larger than Williams Creek.

A telegram received from Mr Conway states that he has reached a point beyond Fraser Lake, with; the wires, and that he hopes to reach the head of Stekin River before the close of the season, The wires are now stretched a distance of 715 miles above New Westminster.

#### From Big Bend.

The Walla Walla Statesman of the 10th furnishes the following :

\$60,000 IN TREASURE-A BIG THING

Our old and esteemed friend, I Kaufman, Eaq, formerly of the Dalles, arrived at Walla Walla on Monday last, direct from the Big Bend country. Mr K. brought with him some \$60,000 in treasure, mostly taken from the Big Bend mines. In the lot was a specimen which in size and appearance bore a marked resemblance to a lamp reflector The back of the specimen was of rough quartz, while the face shone with the splen

dor of burnished gold. It weighed \$253, but

-BY Holloway's Cintment,

3.

"This wonderful? Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and erup-tions of the skin; when rubbed on the surface it pene-trates and purifies each tissue on its passage, and exerne the most wholesome influence over the internal structures It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and perminent sure.

Gout and Rheumatism.

To sufferers from the racking pains or kneumatism and Gout this continent will prove invaluable. After fomen-tation with warm water the soothing action of this Oint-ment is most remarkable; it seems at once to lesson in-flamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above com-plaints Holloway's Ointment and Pills are infailible spe-

Diptheria, Bronchitis, Sore Throats, Coughs and Colds,

his class of diseases may be cured by wellrubbing th Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give im-mediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ontment is a certain cure for Ringworm, Sourvy Scroftia er King's Evil, and the most inveterate skin diseases to which the human race is subject. They can-not be treated with a safer or more speedy remed y than Holloway's Ontment, assissted by his celebrated Pills, which act so powerfully on the constitution and so puri-y the blood that these disorders are completely eradica-ted from the system, and a lasting cure obtained

#### Dropsical Swellings.

Jeware of this dangereus and stealthy complain which frequently creeps upon us by slight squeamisiness or trilling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set ito work earnestly, by taking Holloway's famous Fills ac-carding to the printed instructions and rubbing the Ont-ment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases whilr eadily yield to the combined influence of the Ont-ment and Pills.

#### Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body nd mind, faise delicacy concealing them from the know-dge of the most intimate friends. Persons suffer for ears from Piles and similar complaints when they might se Holloway's Dintment with instant relief, and effect heir own cure without the annoyance of explaining their ept to anyone

# Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Jintment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give imme-diate relief; but perseverance will be necessary to effect a t orough cure

Both the Ointmentand Pills should be used in the fol?

Upon your arrival in Vancouver Island in 1859, a Wesleyan Place of worship or Congre- timony of a recent witness that when the gation there was not-for you it was ordained, by God's Grace, to become the founder of our Church in this remote part of the earth.

labors. The ground on which we stand-the

Church in which we worship-the Parsonage and the two adjacent dwelling houses, will long remain substantial memorials of your Christian zeal, sound judgment and financial ability.

We had hoped earnestly that the Resolu-tion of our quarterly board transmitted to the Missionary Committee in Canada-in which were set forth the many and great advantages that have accrued to us from your ministrations, and the affectionate desire of our congregation that you might not be removed from us, would have ensured your prolonged

sojourn amongst us. We bow with submission and with sorrow to the determination by which your ministration has been transferred to another circuit ; yet we comfort ourselves with the knowledge that it is for a wise end, tending to the glory of God and the further propagation of Gospel truth, that you are thus permitted to be taken from us.

We thank you with the warmest expression of gratitude for your ever anxious care and citude for us; for the doctrines of religicontribute for us; for the doctrines of rengi-ous truth which you have diligently and at all times inculcated upon us; for the exam-ple of holy living that you have given in your own life amongst us; for the wise councils you have at all times afforded us; and for the christian benevolence and charity you have ever extended to the forlorn and the destitute in this community.

The Wesleyan Mission in Victoria, Vancouver Island, will ever be a monument of your sincere christian devotion, and the affec-tionate respect and love of its members a living testimony to their humble apprecialiving testimony to their humble apprecia-tion of your moral and spiritual worth. The congregation of this Church uplifts its heart and voice in prayer to Heaven, that it may please God to bless you and your family with health and happiness; to make your labors abundantly successful in your new sphere of duty, and through your instrumen-tality to bring many "from sin to serve the living God." Allow us to tender to you the accompany-ing tea service, as a symbol of our heart-felt appreciation, of your successful efforts in

appreciation of your successful efforts in promoting our highest good; and of the regard we entertain for your simple, single and god-ly life, and of our most sincere wishes that at no distant day you will return to us and to the place which your earnest life and labors have consecrated to God.

Venit ba JAMES DICKSON, M. D. HI BOGLJ. M. SPARROW, DAVID SPENCER, NOAH SHAKESPEARE,

Carlos .

became of him. It appears from the tes-Indians found that the whites were about to make war upon them, Jo, in order to get out

of the country and save his neck, repres-We humbly thank Almighty God for the of the country and save his neck, repres-blessings that have attended your taithful ented to the Cayuses that the Mormons, who were then just coming to Salt Lake, were disaffected Americans who would help the Indians in the fight. The Cayuses called a Council, and sent three messengers with Jo, to the Mormons. When they arrived in the Snake country near to Salt Lake, east of

Fort Hall, the Indians were poisoned, probably by "Jo, their bodies and horses being found in that vicinity. Jo was never traced further, but he probably arrived safe in Mormondom.-Oregonian.

THE STRIKE AT BELLINGHAM BAY .--- The Superintendent of the Bellingham Bay coal mine, on the morning of the 9th inst., called a meeting of the miners and gave them till one o'clock to determine whether to go to work or not. They decided not to go to work, so he discharged the whole of them, and, we learn, intends procuring an entire

new lot of workmen. On Friday many were anxious to go to work, and the wives of some begged the Superintendent to allow their husbands to go to work, but he positively refused. The ship Kutusofi, baving arrived at the mine for the purpose of receiving a cargo of coal and not being able to procure it, returned to Port Gamble .- P. S. Weekly.

PUGILISTIC .- Joe Eden has accepted the challenge put forward by George Wilson, the Cariboo Champion, and is prepared to fight him for any sum from \$2,000 to \$5,000 a side, within six months from first deposit. By sending articles and a deposit of \$50 to the Red Lion, Government street, a match can be ensured ; and Joe wisely declares that whether he wins or loses, it shall be his last appearance in the P. R.

LETTER FROM VICTORIA .- Some worthless character, assuming to be an Englishman, but evidently a whitewashed Yankee, has written a scurrilous letter to the Pacific Tribune, from this side. The stupid effusion is entirely devoted to the abuse of the place and people, and particularly of some member of the Rifle Corps. We are surprised that

our contemporary lends its columns to such spiteful trash.

MCCULLOUGH CREEK QUARTZ .- A specimen of gold-bearing quartz from the newly discovered leads on McCullough Creek may be seen at our office.

EDITORIAL .- Our editorial gives place to highly important intelligence received last evening from British Columbia.

HOUSE OF ASSEMBLY .- There is a call of the House to-day at 1 p. m., when hon members are expected to be in their places.

FROM THE SOUND,-The steamer Josie Mc-Near arrived yesterday morning from Olympia and way ports, with 18 passengers and freight as per manifest.

H. M. S. SPARROWHAWK left San Francisco on Monday for Esquimalt.

HEAT .- Yesterday was one of the warmest days we have experienced this summer.

A Cariboo and Big Bend express arrived last evening on the Lincoln.

THE FIDELITEE .- This steamer left Portland at 5:30 p, m., on Monday, and is therefore due to-day.

#### Supreme Court.

[BEFORE CHIEF JUSTICE NEEDHAM. ] TUESDAY, August 21st, 1866.

Bunster vs. Joseph Brothers .- Mr Attorney General Wood, instructed by Mr Bishop, shewed cause against the *Rule Nisi* for a new trial obtained by defendants herein, on Thursday last. Mr Ring, with whom was Mr McGreight; instructed by Mr Aikman from the office of Messrs Drake & Jackson, appeared in support of the rule.

The grounds upon which the verdict was sought to be set aside were as follows :

1st. Verdict against evidence, except as to one defendant. No evidence that the other defendant was concerned in the alleged tort. 2d. Evidence of damage to Bunster's repu-tation through selling bad beer inadmissible 3d. Defendants in any case not liable for

much skill and ability on both sides, the Uhief Justice discharged the rule, on the grounds that the legal objections to the verdict were untenable, and that in his opinion the amount of damage found by the jury for the plaintiff were fair and temperato.

The verdict therefore stands for Plaintiff for \$2,500 and costs.

·/\*\*

Mr K. said \$500 would not buy it. FAVORABLE REPORTS-CHARACTER OF THE MINES

The report from the mines is favorable, and this notwithstanding the miners have had to contend against a late season and unusually high water. The water had subsided use at and the miners were getting fairly to work The mines are what is known as "deep dig-

#### Priesthood.

TO THE EDITOR-Sir,-In the few lines which you allowed me to publish in your issue of Saturday, I did not intend to open a which you which bear the name of Priests. All I begged to state was, that among the gentlemen who attended the meeting convened by the Agricultural Society, there was not one to whom

in ordinary language, people give the name of Priest.

It seems to me that your correspondent (who is egregiously mistaken in pretending to know the author of the letter, and his country) has lost his time in informing us 3d. Defendants in any constraints and the culvert by Fatty the improper erection of the culvert by Fatty rick, assuming that they employed him. 4th. Duty incumbent on corporation as the culvert &c., was dedicated to them to repair, or if not on corporation upon Thomas Pattrick to repair; and work being done to Pattrick to repair; and work being done to the satisfaction of corporation no liability the satisfaction of corporation no liability the satisfaction of corporation no liability the satisfaction of corporation to the satisfaction of corporation to liability to know the reason why I made that statement? I will answer him that it is, not because, as he supposed, the question of the Indian Reserve does not concern us, but because it does greatly concern us. oild A PRIEST.

IDEAS (says Voltaire, the old brute) are

like beards-men get them when they grow up; women never have any.

first-class Manufactures are obtainable from every dealer in the Colony. Purchasers should insist on having C. & B.'s goods when they ask for them, as it is not at all unusual for inferior pre-parations to be substituted. Their Pickles are all prepared in Pure Malt Vinegar, and are precisely similar in quality to those supplied by them for

#### Her Majesty's Table.

The mines are what is known as "deep dig-gings." In some instances the miners had to go down 50 and 60 feet before reaching the pay dirt. In this respect, as also in the appearance of the gold, the mines greatly re-semble those of Cariboo. PROSPECTS OF THE MINES Those who have got to work in their claims are taking out large sums and are well satisfied with the prospect. It is now reduced to a certainty that Big Bend will be a permanent mining camp, and that from that quarter we are to draw a goodly portion of our gold crop. <u>THE STEAMEE FORTY-NINE</u>
