It received assistan could, by paying a license fee of \$1.50 a from the Dominion Government, it i ton, purchase bait in Canadian harbors, true, but every cent it borrowed buy supplies of one kind and another, from that Government it returned hon tranship their fish and employ men—in fact, use the Canadian harbors as they

OPIUM SMUGGLING. A San Francisco contemporary says

that "opium is openly sold in this city for less than its cost in China and the pared the result of their season's fishing duty added." This is not at all surwith those of their countrymen who did prising. The enormously high duty which is by the American tariff imposed the value of the privilege extended to them by the "modus vivendi." But that arrangement will not be renewed next year. The fishermen are not pleased with the prospect of the the value of the privilege exand they are anxious for the United gler's risks, and they will to a dead certainty smuggle. Every scheme that States Government to enter into some human ingenuity can devise will be rearrangement with the Canadian authorities before next season's operations commence. A correspondent of the Boston
Herald shows the very great importance
of being able to purchase bait in Canadian harbors. In catching codfish parmatter of making money, lawfully or ticularly the difference between fresh ticularly the difference between fresh bait and salt bait is just the difference between a good catch and a bad one. It is of course impossible for fishermen who are so far from home to keep their bait fresh. The correspondent of the bait fresh. The correspondent of the Harnel saverage Canadian bait fresh. The correspondent of the Herald says:

"The result of prohibition on the part of Newfoundland against the French has in half that of former years. This seasons, the catch not having been more than half that of former years. This should teach the United States shier results. Some of the skippers were asked about the report of the French catching per winkles enough for bait, but they again as the first of the state of th

"Opium is smuggled here with the

sense solution of this ancient complication with Canada."

A little while ago the fishermen of the Eastern States made very light of the advantages of access to Canadian harbors, and of the privileges of purchasing bait and supplies in them. They encouraged the politicians in their determination to reject the Chamberlain-Bayard treaty. But now their tune is changed. They selves are engaged in the business? their tune is changed. They strong temptation and a prolific source their tune is changed. They are anxious now for the treaty they despised and rejected. It is more than likely that negotiations for another treaty will be entered into before long. This treaty will be entered into before long. This treaty will have a different fate from the excellent one negotiated by Mr. Chamberlsin and Sir Charles Tupper. The Republicans having a majority in both the Senate and the House of Representatives, will be able to proof Representatives, will be able to pro- would pay duty, and the remaining tenth eastern provinces. of Representatives, will be able to produce the ratification of any treaty which would perhaps be smuggled. A very the administration negotiates and ap high duty, if the article on which it is

WHO IS THE OFFENDERS

The meanest and the most cowardly offence that can be committed is to attempt to destroy the peace of families and to estrange friends by sending them anonymous letters. The wretch who disseminates slander by letters which he or she has not the courage to sign is only a little less wicked than the miscreant who sends poisoned candles to so respected. The meanest and the most cowardly creant who sends poisoned candies to unsuspecting persons through the post office. They both intend to do evil and both are reckless of the results that

Queen Victoria ascended the throme has been singularly judicious and liberal. The more we reflect upon the dealings of Great Britain with the Dominion and the more we know of the advantages and privileges we enjoy under the rule of Queen Victoria, the more hearty will be the welcome which we will accord to Her Majesty's Representative.

THE FISHERY QUESTION IN

THE EAST.

The fishermen of the Eastern States are beginning to wonder how they are to get along next summer without the "modus vivendi." This was a temporary surrangement encered into with the British Government to enable American fishermen profitably to carry on their position has been singularly judicious and liberate and move repaid and never a paperntly intend to repay? The Pacific roads of the United States owe the government of these miserable missives, and if he or she is discovered and prosecuted the or she
