It Works! Try It

Tells how to loosen a sore, tender corn or a wart out without pain.

Good news spreads rapidly and drug gists here are kept busy dispensing Frezome, the other discovery of a Canadian man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of Frezome, which will cost very little, but is said to be sufficient to rid each foot of every hard or soft corn or callus.

You apply just a few drops on the tender, sore corn and instantly the soreness is relieved, and soon the corn is so loosened that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the sensitive tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the unskillful use of cutting corns.

JACQUET RIVER.

The first thunder storm of the season was enjoyed on Wednesday afternoon last, and a very severe one it was.

During the course of the storm the lightning struck the store of the McMillan Company Limited and did some damage. It entered in the third story, passed through the second where it started a fire and went down through the ground floor where the salespeople and customers were busy.

The lightning appeared in the form of small balls of fire. Every one was more or less shocked, so that they were not aware of the fire until it was reported from outside. The second story was closely packed with furniture of which a great deal was damaged. The fire extinguisher was quickly applied and the fire got under control.

The lightning also fell about a mile from the first place being in a field of Mr. Anthony Denny where a large hole was left in the ground.

Mr. Dempsey had just passed by the place less than half an hour before. A very quiet wedding was solemnized in Chatham April 29th, by the Rev. F. O'Keefe when Miss Verna Dunlop of Moncton became the bride of Mr. Raymond Ulican of Chatham, formerly of Jacquet River. Mr. and Mrs. J. H. Williams were witnesses.

Mr. and Mrs. Ulican will reside in Chatham. Mr. Ulican's many friends here will offer their sincere congratulations.

The regular monthly meeting of the Women's Institute was held at the home of Mrs. Davis on Friday evening last with a very good attendance. It was Tennyson evening, the roll call was answered with a favorite Tennyson quotation. A paper on Tennyson read by Miss Marie Shannon and much enjoyed. A very able paper on gardening was read by Mrs. McAlister which contained many practical hints and was thoroughly discussed. Little Mary Daley added a recitation to the evening's enjoyment. Another paper on Housekeeping was heard from Mrs. Salter which was greatly enjoyed, and received much favorable comment. Miss Alice Richard extended an invitation to the ladies to attend an entertainment held in Quinn's Point School on Empire Day.

Miss Annie Ulican extended an invitation to the ladies to hold the next meeting at her home, which was heartily accepted. In the absence of the Secretary, the position was very acceptably filled by Miss Alice Richard. The roll call of the next meeting will be answered by a flower quotation. Refreshments were served and a very enjoyable evening spent.

An Agricultural meeting was held on Saturday evening, May 4th, in the C. M. B. A. Hall. The chairman was Mr. W. J. Davis who introduced the principal speaker of the evening, Mr. J. H. King of Moncton, who spoke at some length on Food Conservation and Greater Production. The subject was very admirably handled. Mr. King being an able speaker. He is a graduate of two Colleges and has a wide experience in Agricultural work. He urged upon the farmers the great need of joining an Agricultural Society. The audience were very attentive and thoroughly enjoyed the lecture. The programme was as follows: Recitation—Freddie Barton. Monologue—Miss Frances Devereaux. Recitation—Leslie Doyle. Drama—"The Old Oak Bucket", Misses Audrey Doyle and Edna Culligan. Solo—"Mother Machree", Miss Audrey Doyle.

The numbers all meet with hearty applause. Most of the performers were heard before, and rendered their parts in their usual admirable style. The members of the Pig Club were guests of honor on the platform. The agricultural meetings are greatly enjoyed and looked forward to with great interest.

Why you should look for this Trade-mark on your Shoes

A TRADE-MARK is a manufacturer's signature. If a firm makes an article they are prepared to stand behind—they stamp it with their trade-mark. It is put on their goods so you may identify them. It stands to reason, therefore, that it is safer for the public to always buy "known" and "trade-marked" shoes rather than "anonymous" shoes.

Each working day of the year, the A. H. M. trade-mark is stamped on the soles of thousands of pairs of shoes for men, women and children, because we want you to know our shoes when you see them—because we are making a sincere effort to produce good values in footwear—because we believe you will find our shoes satisfactory—and buy them again and again.

Ames Holden McCready are Canada's largest makers of shoes. A. H. M. footwear is sold by thousands of dealers in every part of Canada—and by the leading merchants in almost every town.

We make such a large proportion of the boots and shoes that the Canadian people wear that you are probably wearing A. H. M. shoes now. However, the next time you buy shoes, to make sure, look for this trade-mark on the sole.

We make many grades and styles of footwear, but no matter what price you pay for them you will find them excellent value for the money. You will find it profitable and satisfactory in future to always make this trade-mark your guide in buying footwear for yourself and your family.
