So Keats describes the lovers in "Isabella." Many lovers have been separated because the health of the lady in the case failed.

So Keats describes the lovers in "Isabella." Many lovers have been separated because the health of the lady in the case failed. No man finds attraction in a woman who is subject to nervous excitability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms, commonly attendant upon functional derangement and organic diseases peculiar to women.

The remedy for all such maladies is Dr. Pierce's Favorite Prescription. As a soothing and strengthening nerve it is unequalled. As an invigorating tonic, it imparts strength to the uterine organs as well as to the whole system.

For all displacements, as prolapsus, retroversion, anteversion and flexions, causing wet and aching back, bearing-down sensations, ulceration, unnatural discharges and kindred ailments, the "Favorite Prescription" is an unequalled remedy, and the only guaranteed one.

You only pay for the good you get in using Dr. Pierce's Favorite Prescription. World's Dispensary Medical Association, Proprietors, Buffalo, N. Y.

THE TRIP IS OFF. Canadian Footballists Will Not Visit England. Said an association football enthusiast, and one who is generally pretty correct, last night: "The Old Country trip will not take place at least this season. We could have avoided one disappointment, but when such men as Wood and Ed. Sankler refuse to go, the team would not be a representative one and our plan is to put it off until next year. The matter will be finally settled at the meeting of the committee on Saturday next. However, there is just a chance that a suitable team will be put together notwithstanding the general belief among footballists that the tour cannot now take place."
