Will Mowat Go To-day?

The question that excites Ontario to-day is not whether the fiend Santo has been lynched by a French mob, nor whether the papers have been signed empowering the new Duke of Kent to take his seat in the House of Lords. These matters are of much human interest, but they don't count in Ontario to-day. Besides the weather, the only issue in the province to-day will centre round the conundrum, "Will Mowat go?" The Sun caught sight of this glorious province at 4.37 this morning and he at once enquired in an anxious way, "Will Mowat go to-day?" Old Sol has seen many a death-struggle between the people of this planet, so many, in fact, that one would imagine that this Mowat affair would not attract his attention at all. Still we have it on reliable authority that as soon as the Ottawa River caught his eye this morning he bethought himself of Mowat and he wondered mentally whether he would go or not to-day. Before his rays disappear from the province on the Manitoba boundary to-night Old Sol, like the rest of us, will know for a fact whether or not Mowat has gone.

This question of Mowat's going has occupied the attention of the province for several years now. He has often been requested, firmly, but with due politeness, to "go." Like a poor relation, however, he hasn't gone, but stays with us. Some thought on that celebrated occasion when he so unwillingly acceded to the request of his party to allow his son to become a life pensioner on the state that he had then decided to go. These were mistaken. Both Mowat and Mowat's son are still with us.

One thing about Mowat's going has been made plain. He won't go of his own accord. If he is destined to go at all it will be a case of conducting him across the lines. Some men are wofully obtuse. They cannot take a hint. Of such is Mowat. He knows well enough he is not wanted. Like Elia Lamb's poor relation he hangs about, trying to curry favor with the servants, the children and even the household animals. If Mowat were a man of keen sensibility he would have gone long ago and taken his son with him.

However, that is a supposition as to the past. The burning question is this: Will Mowat go *to-day?*

The waters of Lake Ontario began a monotonous wail early this morning to the tune of Mowat's going. If you go to the south shore of the Island during the day and question the wild waves as to what they are saying, there will come a reply that cannot be mistaken: "Will Mowat go to-day?" The Lake is restless and will remain so till the question is answered.

The growing crops, the barnyard fowl, the waving trees over the length and breadth of this province are all echoing the same refrain, "Will Mowat go to-day?"

The conundrum, we admit, is a most perplexing one. It is more difficult to solve than a problem in quintic equations. The Globe pretends to have solved it, and The Empire too. The former says "Mowat will not go to-day." The Empire says it is superfluous to ask the question, as Mowat has already gone. So there we are. Mowat ought to go. Mowat will go. Mowat has gone. The theme is sung with variations of every shade of musical color. A popular variation is written in a major key and rendered modo imperativo to the words, "Mowat must go." Another variation, with a fortissimo accentuation, is to the effect that, "Mowat is bound to go." These variations have for the present supplanted the one-time popular mass in E flat, "His Hour Has Come."

Whether Mowat and his going is to be sung hereafter as a dirge or as a pæan of victory this 26th day of June will determine. We consign him to the mercy of that sternest of the goddesses, Fate.

WOMEN FIGHT ARMED PINKERTONS

Wives of Strikers Struggle to Prevent Non-Unionists Going to Work.

PUNXSUTAWNEY, Pa., June 25.—An outbreak occurred at Walston to-day, in which the deputy sheriffs and the wives of the foreigners figured to such an extent that many bruised heads resulted. The fight was precipitated by the arrival of a train-load of non-unionists under guard of 25 Pinkertons. When the train pulled into the Walston station 1500 men, women and children were on hand to meet it. The Pinkertons, armed with Winchesters, jumped out, and there was a general rush of strikers, with the women in front. The mob hurled stones and fought their way towards the deputies. The train started, before the strikers had an opportunity to talk to the men. During the fight several women and children were trampled on.

Leaving Walston the train ran to Anita, where another large mob was ready to receive it. The deputies lined up amid the howls and jeers of the strikers. Then followed 100 non-unionists. The strikers made a rush to get at them in the hope of persuading them not to enter the mines, but they were repulsed by the deputies, who charged bayonets, scattering them. Following this the strikers held a meeting attended by over 1000 and decided to use every means to prevent a resumption of work.

Two years ago I had a bad attack of biliousness and took one bottle of Burdock Blood Bitters, and can truly recommend it to anyone suffering from this complaint. Mrs. Charles Brown, Toronto.

Investors and Savings Bank Depositors.

Savings banks pay but 3 or 4 per cent. Many other investments pay less and oftentimes nothing at all, particularly during times of depression.

Investors of large or small means wishing a safe and steady income should invest now in the stock of the New England Theatre Company, incorporated in 1891, with a guaranteed dividend of 12 per cent. per annum, payable semi-annually (Jan. and July).

This corporation, with the assistance of well-known citizens of Toronto, will erect a magnificent theatre in the city of Toronto at an estimated cost approaching $100,000.

We desire to make this a co-operative enterprise, which will be safe, sure and solid and, as it is a well-known fact that enterprises of this description offer large returns, and when properly managed are absolutely safe; we have, with this in view, decided to offer a limited number of shares of the treasury stock for sale at the par value of $10 each (full paid and non-assessable).

For prospectus and information address Allen J. Litchfield, treasurer, 5 Park-square, Boston, Mass., or H. H. Bridgewater and F. Hayes, agents, 1243 Queen-street west, Toronto. e

CITY WATER AT THE ISLAND

WORKS TO BE CONSTRUCTED AT A COST OF $15,000.

Half a Million Gallons a Day—City Funds Will Benefit—Will Not Spend $3000 For Steam Roller—Rosedale Residents and the Street Railway — Single v. Married Men.

Ald. Lamb presided at the meeting of the Board of Works yesterday.

On motion of Ald. Thompson it was resolved that a statement of claims from all persons interested in proposed street extensions be submitted to the Board before any such work is commenced.

On motion of Ald. Gowanlock it was resolved that the bowling alley and other obstructions on the public roadway at Hanlan's Point be removed within 30 days.

Give the Marred Men a Chance.

Ald. Gowanlock thought the committee should express their disapprobation of the employment of young unmarried men who had never paid a dollar to the city's taxes as inspectors or in other capacities when equally competent men with families were out of work and unable to maintain their families. Instances were given of this alleged unfairness.

The Engineer's attention will be called to the subject.

Will Not Have a Steam Roller.

Ald. Gowanlock succeeded in having the proposition for the expenditure of $3000 for a new steam roller for macadam roads struck out. The principal argument for this action was that there was so little road repairing at present necessary and that owing to the rage for cedar block pavements of recent years the city's steam roller had been left rusting till it was useless. Incidentally the chairman mentioned that there were 40 miles of macadam roads in the city and that all future repairs to these would be by day labor.

Street Railway Extension in Rosedale.

The question of constructing street railway tracks in Elm-road and Glen-road, which is objected to by a number of property-owners, was left over for consideration at a future meeting. The Street Railway Company is anxious to commence the work at once.

Island Water Supply.

The Engineer's recommendation that a waterworks system be established for the Island at a cost of $15,000 led to an animated discussion.

Ald. Gowanlock protested against the city spending money for the exclusive benefit of a small number of Island residents who were able to defray the outlay themselves.

The Chairman said the Engineer's estimate was that there would be a revenue of $2000 a year therefrom. Even if the revenue were only 10 per cent. on the outlay the work should be undertaken; the Islanders would be benefited and the city funds also.

Other speeches were made pro and con. Ultimately Ald. Gowanlock moved that the project be struck out of the report.

The motion was lost and the works will proceed, on the understanding that the City Treasurer endorses the Engineer's statement as to the probable revenue.

Hanlan's Point.

A very large Monday night's crowd assembled at the Point last night to listen to the sweet music of Mr. Waldron's band and to see the opening stage performance of Manager Conner's season. William O'Connell's performance was one of the cleverest pieces of acrobatic work ever presented in Toronto. He will repeat his marvelous performance each afternoon and evening during the rest of the week.

To-night Mr. Griffin's fine band will furnish the music.

Arrangements have been made so that the patrons of the Toronto Ferry Company's boats will be given the complete election returns while enjoying the concert and stage performance. They will be thrown upon a large sheet, suitably placed, so as to be seen by all.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

Going to the Relief of Peary.

ST. JOHN'S, Nfld., June 25.—The Peary auxiliary expedition arrived here by the steamer Portia this morning. The steamer Falcon, which takes them north, is now at Sydney coaling for the trip. The expedition will not leave here before July 5.

Fever and Ague and Bilious Derangements are positively cured by the use of Parmelee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

BABY'S WEIGHT.

IS YOUR LITTLE ONE LOSING OR GAINING FLESH?

If the baby is healthy and well-fed it should increase very steadily in weight. Too often the hot, oppressive summer weather retards growth and development; this is always the case when the baby is improperly nourished.

If the little one cannot be sustained fully and regularly on a bountiful supply of healthy milk from its mother's breast it should receive a daily diet of pure Lactated Food.

When the little one is kept on Lactated Food there is a perceptible daily growth, and a guarantee that no summer troubles will endanger health or life. The manufacturers of Lactated Food have on fyle hundreds of letters from thankful mothers testifying to the fact that the great Food is a preventive of dysentery, diarrhœa and cholera infantum.

This summer we hear of hundreds of mothers using Lactated Food who never used it before.

A grand work is being done; the babes who are fed on the Food are progressing famously; they are increasing in weight and rest and sleep well. Are you using Lactated Food, dear mother, for your weak and sickly infant? Give it a trial for one week, the results will surprise you.

D. Ritchie & Co., manufacturers of Athlete Cigarettes—our production is over three-quarters of the consumption of cigarettes in Canada.

Still Another Triumph.—Mr. Thomas S. Bullen, Sunderland, writes: "For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured using Dr. Thomas' Eclectric Oil. I have also been subject to Quinsy for over forty years, but Eclectric Oil cured it, and it was a permanent cure in both cases, as neither the piles nor quinsy have troubled me since."

SUBURBAN NEWS.

Great Damage Occasioned By the Rainstorm of Saturday.

County Engineer McDougall yesterday made the measurements for the new bridge over the Highland Creek. It is likely a stone-arch bridge will be built there.

The heavy rainfall of Saturday night did considerable damage in the surrounding country. Helliwell's dam at the Highland Creek was washed away. Some new cribwork was being put in, which could not stand the rapidly rising waters, and the whole dam was rushed lakewards. Two culverts in the Kingston-road were also washed away, completely flooding the surrounding fields. A large part of the embankment of Gates' Hill was carried away before the rushing waters.

Cheap Popular Music.

Arrangements have been made by the management of the Massey Music Hall to give a grand military concert on the evening of Dominion Day at popular prices. The hall is the most attractive, comfortable and coolest retreat in the country and something hitherto unknown in Toronto. The band that will perform on this occasion will be that of the 13th Battalion of Hamilton, and it will be assisted by two vocalists. The admission to all the ground floor and top gallery will be placed at 10c, thus offering to the citizens an attraction never before attempted in the city. Some seats in the first gallery will be reserved at 25c each. This event will be a test of the public feeling.

JUDICIAL SALE by Tender of Property on Queen-Street East and Greenwood-Avenue, Toronto.

Pursuant to the judgment of the Chancery Division of the High Court of Justice in the matter of Thomas Beatty, deceased, tenders will be received addressed to Master in Ordinary, Osgoode Hall, Toronto, up to 12 o'clock noon of Friday, the 29th day of June, 1894, for the purchase of the following lands:

Firstly, lots numbers 106, 107, 108, 109, 110, according to a plan of subdivision of part of lot 9 in the first concession from the Bay in the Township of York and county aforesaid, filed in the Registry Office for the said County of York as plan No. 214.

Secondly, part of lot No. 9 in the first concession from the Bay in the Township of York, lying north of the Kingston-road, containing by admeasurement four and one-half acres of land, more or less, which may be more particularly described in a deed from John Ford Maddock to the Honorable John Godfrey Sprague dated 31st March, 1847.

The lands firstly above described are the lands which were occupied by the late Thomas Beatty as a brickyard. On the lands secondly above described are three solid brick houses known as numbers 1380, 1398, 1400 Queen-street east.

The whole of said lands and premises will be sold subject to a mortgage of $10,500 and interest thereon at six per cent. from the first day of October, 1893, but the purchaser will have the option of assuming or not assuming the said mortgage.

Terms of sale—Ten per cent. of the purchase money, over and above the principal due on said mortgage, is to be paid on notification of acceptance of offer to the vendor or her solicitors, and the balance thereof within 30 days thereafter without interest into Court to the credit of this action.

The highest or any tender not necessarily accepted. The other conditions of sale are the standing conditions of the Court so far as applicable.

How to Can Pie Plant.

Here is a recipe for canning pie plant asked for last week:

Use fresh, sound stalks, peel, slice into half-inch pieces, fill cans full—shake down, then fill with cold water, taking care that no air bubbles are left, put on cover and seal as with hot fruit. No failure if carefully done—have tested same for years.

M. L. HARRINGTON.

In "cool" clothing there is no better value to be found than what we're offering at our King and Yonge-street stores. Thousands of odd lines in men's and youths' light summer clothing that will astonish you in the smallness of price.

His Fauntleroy Suit.

It is sometimes a cruel thing for mothers to allow their admiration for the picturesque to make unwilling victims of their children. One unwitting maternal tormentor had her eyes opened to what she had been doing when her small son announced, after a recent party among his associates: "I think, mamma, I would rather not go to companies after this if I have to wear my Fauntleroy suit any more. The other fellows laugh so." Until then she had had no idea that his expressed unwillingness to don the velvet clothes with the broad lace collar and cuffs was more than a mere juvenile freak of distaste. "Rig" your boy out in a pretty linen suit that's cool and comfortable, looks well and don't torture the little fellow with a heavy velvet suit. Price 75c to $2.

For the Eyes.

A little salt and water used as an eyewash will cleanse and strengthen inflamed lashes and rest tired eyes. It is safe to use it any time that irritation is felt. A New York surgeon prescribed the ocean for bad eyes, particularly young eyes. "Get off," he says, "whenever you can and let the salt and the salt breeze wash and blow round your eyes; it will do them good; it will dislodge the germs of disease, for the air breathed by half the world is germ-laden, and sore eyes are more quickly caught than smallpox and much more fatal; it will brighten and strengthen them and prolong their beauty and usefulness."

A Crop of Kisses.

From her side I go a-singin' in the mornin' cool an' gray,
When the dew shines in the furrow, an' the hill climbs into day;
An' I kiss her at the partin'—she's the sweetest thing in life—
Like I use' to kiss my sweetheart, 'fore my sweetheart was my wife.

Watch this column every day for a verse of the above, until the end of this week. You'll like the "Poem" and we'll give it to you in instalments.

Monday was almost as big a day for us as it was Saturday. It was full of business anyway, and the crowds kept the salesmen busy until we closed. The hot day forced the need of summer clothing and people were glad to avail themselves of the low prices.

* * *

The demand for cool clothing has forced it to the front and values in other lines have been overlooked. You'll never get the same chance though to "rig" out for "cooler" days than the present. The demand for "thin" suits, however, is strongest and you can't do better in any store in town, in fact, we're slightly under the impression that some of the other dealers are "picking" up a few of the lines themselves and selling 'em over again. On two occasions yesterday there were two parcels sold containing 25 and 40 suits, principally the suits at $2.75. It's more'n likely our neighbors are "kinder" lookin' across this way. Its a goin' to be cookin' hot days all through this week and we have light suits for men from $1 up. Thousands of light summer coats and vests from 75c up. Linen and duck suits for men and boys almost at your own prices. Come in yourself and see.
