At the same time we beg respectfully to recall to the attention of His Honor the Lieutenant-Governor-in-Council that the terms of our petition referred to a feeling of the gravest dissatisfaction with the present mode of administration of University matters, and that it appears by the 76th section that "the president, professors, lecturers, teachers, officers and servants of the Lieut-Governor, after such examination, enquiry and report as he considers necessary, and shall hold office fore, humbly submit that His Honor should take into his consideration the whole question of the University and of the legislative and of the leg whole question of the University constitution and of the legislative and ad-
