news has been received of the missing steamer Glad Tidings, which left Port Thompson two weeks ago with 10 delegates to the Methodist conference, now in session here. The steamer Maude was last night despatched to search for her. The fear is generally expressed here that the missing steamer had been disabled and blown out to sea, with the probable loss of all on board.

Perhaps no subject now before the Canadian public attracts the same interest as the Manitoba school question. Upon it parties are liable to divide hopelessly. McKenna's Bookstore, 80 youngestreet, has now on sale a treatise on this subject by Louis P. Kribs, in which the law and the facts are clearly set forth. To fully understand this question you must read this work.

Parsons Preclude Politics.

Victoria, B.C., May 12.—The British Columbian Methodist Conference at their session yesterday declined to consider a resolution which was offered on the Manitoba school question, holding that it was unwise to interfere in politics. The conference will undoubtedly advise a political plebiscit on the prohibition area.

U.S. Deficit Fifty Millions. ' Washington, May 12.—The deficit in the treasury for the current fiscal year, up to the close of business yesterday, was nearly \$50,000,000. It is deemed probable that the total deficit for the

year will not exceed \$47,000,000 by June 1. A Syracuse Hotel Scorched Syracuse, May 12.—By a fire in the Seneca Hotel to-night several persons received serious injuries and the building was damaged to the extent of \$5000.

Brantford Dwelling Burnt Brantford, May 12.—The dwelling house of T. Chevier was burned to the ground Friday. The loss on building and contents will reach \$500. Building insured;

contents uncovered. Money saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectric Oil-a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breasts,

Steephenases Charles Burnard Crews Demoralized by Illness.

Boston, May 11.—Rowing in the Charles River came to a standstill yesterday, as far as Harvard College is concerned. In the afternoon four men in the senior and the standard control of the French Methodist Institute, for which his thorough education, his business qualities and trainfreshmen crews were taken with what is said to be scarlet fever, and the boathouse was placarded. Tonsilitis is also prevalent. It is supposed that both maladies were contracted from the bad condition of the river. There is much disappointof the river. There is much disappointment over the demoralized condition of rowing at Harvard this season.

The path of a projectile is, therefore, setting aside a resistance of the air, a parabola—that is, a curve similar to the one obtained by cutting a cone in a direction parallel to one side. The resistance of the air must also be taken into account, this resistance increasing or decreasing as the square of the velocity. Gravity is an accelerating force which causes a body to fall 16 feet in the first second, 48 feet in the next, 80 feet in the third, and so on. Holloway's Corn Cure destroys all kinds of corns and warts, root and branch. Who then would endure them with such a cheap and effectual remedy within reach?

There is danger in neglecting a cold. Many who have died of consumption dated their froubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared.
