Varsity or Montreal To-Day?

The great Rugby battle for the championship of Canada between the premier clubs of Ontario and Quebec takes place today in Montreal. Varsity reached that city early last evening, and will have a good rest. Although handicapped by the absence of Capt. Barr and Half-back Hargraft, everyone here expects them to win. Their brilliant wing and scrimmage play should more than counterbalance Montrel's strong defence work, and a defeat to Toronto's student kickers will be a great surprise in this city. Varsity or Montreal To-Day? St. Asaph results—First race, ½ mile—Ronaldo, 8 to 1, 1; Westover, 2 to 5, 2; Georgie 3. Time .53½.

Second race, 4½ furlongs—Boisterous, 3 to 5, 1; St. Lawrence, 2 to 1, 2; Little Ralph 3. Time .59.

Ned Crane and Sullivan.

Ned Crane, Toronto's ex-pitcher, of checkered reputation, tells an interesting story of ex-Champion John L. Sullivan. The two sports were brought up together in Boston, and it was Sullivan who assisted Crane to gain a reputation on the diamond. "Do you know that Sullivan came very near being a baseball player instead of a puglist?" inquisitively remarked Crane. "It's a fact, but the big fellow has always been very reticent about the matter. In Rochester last Monday he told me that when he was under 20 years of age he was offered a position as third baseman on an amateur team in Boston. At that time Sullivan was a great admirer of the game, and was ambitious to get a berth with one of the big teams. Fate was against him, though, and on the first day of his engagement he was shifted for a player named Burke. This made Sullivan mad, and he quit the baseball business right there, and then took up boxing. He told me that if Burke hadn't beaten him out of that job he would have become a baseball player instead of a puglist. In his early days as a fighter Sullivan was not considered a first-class man. I know of several athletes who could conquer Sully at that time, but he improved rapidly, and then his boxing friends gave him a wide berth." St. Louis, Nov. 20.—The racing at the Fair grounds track is over for this season. This morning President Maffitt cancelled to-day's card, and stated that, owing to the inclement weather, there would be no more races on the Fair grounds track until next spring. The meeting has been the largest and most successful in the history of the track.

Trotsing Horses Under the Hammer.

New York, Nov. 20.—Madison Square Garden was given over to trotting bred stock to-day, when W. B. Fasig & Co. commenced their four days' sale. The sale attracted widespread attention, the lovers of trotter and pacer from all sections of the country being present. The majority of the animals sold to-day were yearlings, and the prices averaged about \$200 a head. A consignment from the Empire City Stud of Cuba, N.Y., was put up for sale after a few miscellaneous lots had been disposed of. J. S. Ferguson of New York paid \$500 for Electrician, by Electioneer. Three of his get were sold for \$395. Charmer, 2.29½, by King Wilkes, out of Georgie, went to J. Mullen, Norfolk, Va., for \$475. Daghestan, the California stallion, was the first of the lot sent from Savannah Park Stock Farm at Savannah Cala to come under the hammer. He has a two year-old record of 2.25½, and is a handsome brown horse by Stamboul, out of Alta Belle. After some spirited bidding, the stallion was knocked down to Julius French of Cleveland for \$1300. Lady Clare and her yearling colt by Daghestan went to A. Koenig of New York for \$745. Wiona, by Electioneer, out of Electioneer, fell to W. S. Miller of Springfield, Mass., for \$320. Thirty-one head were sold from the California farm for a total of \$6287, an average of \$200 each.

Newsboy, consigned by Mrs. Emily Briggs, Omaha, was bought by John Hancock of New York for \$610. The gelding has a trotting record of 2.20½, and a pacing record of 2.12¾. Kate Caffrey, from the same stable, found a purchaser in J. D. Nichols of Hempstead, L.I., at \$675. The inbred grandaughter of George Wilkes, Fannie Caines, brought \$360, going to Geo. H. Huber of New York. There were two horses from the property of the estate of Gerhard Lang of Buffalo—Jayette, by Jay Bird, to H. Simpson of New York, for \$260, and Wayeless, by Waveland Chief, to J. W. Daly, Mount Kisco, N.Y.

Eighty-eight head were sold for a total of \$18,587, an average of \$211 a head. A Plethora of Thirty-Footers. New York, Nov. 20.—American yachtsmen are going right ahead in their schemes for local racing, as from present indications next season will be livelier than any off year since the Puritan-Genesta series.
Elight members of the New York and
Larchmont Yacht Clubs have given
the Herreshoffs orders for 30-footers
to be finished by next spring, and from this time forward the works at Bristol will hum with workmen getting the little sloops in readiness for the summer's racing.

Among those who have ordered 30footers are C. Oliver Iselin, Herman Duryea, Henry M. Gillig, and Augus-

tus Monroe. The others are equally well known members of the New York, Larchmont and Seawanhaka Yacht

the Hadassah, Kathleen, Gwendoline, Gannett and Bonnie Doon.
The order to be given to the Herreshoffs for these sloops will probably give the Bristol works all they can do for several months. It is safe to say that several of these sloops will be remodelled on the lines of the Defender, and it is rumored that one of the customers of the Herreshoffs will go so far as to have his boat modelled on the lines of the coffin-shaped Question, which beat both the 15-footers Spruce Galveston, Tex., Nov. 20.—Bubear beat Hanlan in to-day's race. Pillsbury, left New York yesterday for St. Petersburg, where he will play in an international chess tournament, beginning on Dec. 8.

Racing among these little chaps will probably form the main attraction next season. The 46-footers as typified in the Wasp, and the 60-footers, among which Queen Mab is champion, have for one reason or another grown out of date and local yachtsmen have made up their minds that more fun is to be obtained out of the little 30-footers than any other class of sloops. There is very good reason for this. They are very easily handled, will stand almost any kind of sea, and are better calculated for all around sport than yachts either larger or smaller. They are of an ideal length for cruising along the Sound, and do not require an army of men for making and shortening sail.

At present there are very few flyers in the 30-foot class, and it is probably this foot the has induced the vaches.

The action of the New York Yacht Club on Monday evening in appointing a special committee to investigate Lord Dunraven's charges, and the latter's offer to come to America next mouth, has been the sole topic of conversation among yachtsmen since then. Just what the committee will do, no one in New York seems to know. Whether it will take on additional members, as it has the power to do, summon witnesses, or even ask Lord Dunraven to come over, will probably not be made public for some time.

British Seamen Rescued.

It will be observed that this scheme provides for the continuance of the present ward system of representation, but on a more limited scale, and empraces a much needed reform in the election of representatives by the whole city for a lengthened term. If anything will induce our leading citizens to take an active part in our city government, this latter provision should certainly do so, and once we get the right men at the Council Board, the first and greatest improvement will have been effected. British Seamen Rescued.
