Books for Sale.
THE Advertiser offers for Sale about 500 VOLUMES OF NOVELS. They are all perfectly new, English editions, uniformly, handsomely, and strongly half bound in roan. They are all good and interesting works, and average about 300 pages each vol. They are offered if the whole lot be taken, at 1s. 7d. per vol., or they will be divided into five lots, at the following rates—100 at 1s. 3d. per vol., 100 at 1s. 1d. per vol., 100 at 1s. 10d. per vol., and 100 at 2s. 3d. The whole lot are very similar in appearance—the only characteristic that makes one portion seemingly better than another, is the date of publication only. These same books are retailed in England at from 5s. to 7s. 6d. per vol., and cost the advertiser more than he is offering them for—his object being merely to convert them into cash. They were imported from London last fall, for the purpose of commencing a circulating library, but other arrangements in the mean time have induced the importer to abandon his design.

To any one desirous of taking up his projects, these books or part of them, would form an excellent foundation for a commencement, and others of a different character, could be gradually added after the library got into operation.

Further particulars made known upon application at this Office, if by letter, must be post paid, or it will not be taken from the Office.

10 or 12 (more or less) country people about a neighborhood clubbing together, for a small sum each, can have a respectable little library among themselves; and the books, after being mutually exchanged and read by all, will still be worth their first cost.

THIS SOCIETY is established on a mutual simplified system—the most approved in England; and founded on a basis so sound as to give the most efficient security to its members.

THE OBJECTS of this Society are—
1st—To enable its members to become their own landlords, and purchase Freehold or leasehold Property, by advances made by the Society, — £500 positively advanced for £200 a year for eleven and a half years, which sum pays both principal and interest. Other sums in proportion.

2nd—To provide a safe and profitable Fund for Savings, or Investments for small or large sums of money. (This Society offers opportunities in this respect which no other Institution in this Province can do.)—Savings Bank only pay 5 per cent whereas this Society pays 6 per cent. Compound Interest.

3rd—To make important ADVANTAGES ARE—
1st—No money is lent but on security on Real Property.
2nd—New Members are admitted up to the time the Society will end, with equal proportionate advantage.

3rd—Any Member may withdraw the amount of his Shares at any time after the first year, with the compound interest thereon. Shares may be transferred at any time.
4th—Members may invest their Money in Real Estate, which will not necessarily be doubled. £500 at the commencement being worth £1200 at the conclusion.

5th—Members can be repaid at any time with interest.
6th—The Accounts and Bank Book are open to the inspection of members at every monthly meeting.

7th—Securities given by all Officers of Trust.
The Board of Directors in St. John have the GENERAL MANAGEMENT of the Society—but for the purpose of accommodating persons resident in other parts of the Province, Branch Offices, or Agencies, are formed, where Shares can be obtained, and all the payments made, in the various districts; and Local Board of Management will be established as soon as the number of Shares in any district render it advisable.

The Funds are procured from the Monthly Subscription of the Members, and also from Monies invested in Paid up Shares, which will always ensure ample means for meeting the advances required.

The Profits are certain, because the amount paid by the borrower, for an advance, is not necessarily from the fund for paying the lender.
The Expenses of the Society are small, as the Office is conducted gratuitously, with the exception of the Secretary and Treasurer.

The First and Fifth form a Contingent Fund out of which the expenses are paid, and the balance, which will be very considerable, will go into the general Fund, which will lessen the duration of the Society.

IF Every information, with copies of Prospectus, &c. &c. can be obtained on application at the Office of the Society, or at the Office of the Agents.
