For application forms apply to the Deputy Minister of Finance, Ottawa.  
DEPARTMENT OF FINANCE, OTTAWA,  
OCTOBER 7th, 1916.

#### WORLD'S RECORD WHEAT CROP.

In view of various claims of world's record wheat crops for large areas, the Crowfoot Farming Company of Crowfoot, Alberta, submit a sworn statement of their results for the year 1915 which probably surpass all properly authenticated claims from other sources. From 1356 acres the Crowfoot Farming Company received an average yield of 51 bushels, 56 1-3 pounds per acre of number one spring wheat, by actual selling weight; 400 acres wheat averaged 59 1/2 bushels per acre. These records were established in the Canadian Pacific Railway Irrigation Block in Southern Alberta.

#### TOO MUCH FOR THE TWIN.

Some years ago Lord Charles Beresford received a letter from a railway porter, which ran as follows: "My lord, last night my wife had twins, and I write to ask your lordship if you will ask H. R. H. the Princess of Wales if we may call the little girl Princess of Wales Brown and may call the little boy Lord Charles Beresford Brown." Lord Charles obtained the Princess's permission, and gladly consented himself to the man's request. Three months later came another letter: "My lord I am 'appy to inform your lordship that Lord Charles Beresford

Brown is well and 'ealthy, and Princess of Wales Brown died at four o'clock this morning."

#### KARSDALE

Oct. 23 Mrs. Avery Johnson spent a few days in St. John last week. Mrs. Reggie Bishop of Paradise is visiting her parents, Mr. and Mrs. James N. Thorne. Miss Alice Thorne left on Thursday for Findlater, Saskatchewan, to take charge of a school. Latest reports from Miss Bertha Hudson states she has so far recovered as to return from the Hospital this week.

Minard's Liniment for sale every where.

#### DIGBY COUNTY EXHIBITION

##### Some Observations

The "weather man" was in a most gracious mood the day of the Digby County Exhibition at Bear River. Then too this most picturesque Town had on her Exhibition dress of wonderful hues. Every hillside glowed in the warmth of Autumn coloring and every visitor felt the gladness of the welcome.

From far and near the people came until well over a thousand persons visited the ticket seller's booth. Once on the grounds it was fully realized that the backbone of the country is the farm. Every department of this avocation was well represented, the outside devoted to horses, cattle, sheep, swine and poultry being especially well filled.

The horses were a classy lot, from the large sixteen hundred Percheron to the foal of the current year, and the red, blue and yellow tickets gave evidence of many classes and keenly contested merits. This was also true of the cattle part of the show. Here were found pure bred Shorthorns and Jerseys, each showing the care of the owners in his own particular favorite. One noticeable lack in this department was that of the Holstein, but we are confident that some of the wide awake breeders of this locality will, in due course, remedy this defect.

In Sheep, the Shropshire appeared the favorite and some excellent individuals were on the showing.

In Swine, it appeared that the Yorkshire and Chester hold a large place in the estimation of the Exhibitors. The Berkshire has yet to come into its own in this locality.

In the Poultry department considerable interest was shown and a nice assortment of the different breeds was in evidence with the Barred Plymouth Rock in the ascendant.

As we entered the building at the South door, the first to attract one's attention was the exhibit of the DeLaval Cream Separator Co. presided over by a representative of this concern and judging by the numbers who crowded about this booth there was much of interest in the exhibit of this popular make of Separator.

But it was impossible to linger long as the Fruit and Vegetable tables were beckoning us on. Here was all the evidence needed to prove that this locality can and does grow the very best and the exhibit, though not so extensive, compared most favorably with that of any exhibit in the Province.

After feasting the eye here, it was next in order to visit the balconies, where the splendid educational exhibit of the Entomological department was the first to attract attention. Here was a complete outfit to show the fruit grower the ravages of the various pests that affect his crop and the most approved methods of dealing with them.

Near this booth, were the exhibits of dairy products, eggs, grains and seeds, all of which were of credit to the Exhibition.

The first balcony was a blaze of color in its exhibit of cut flowers, such as would gladden the eye of every lover of the beautiful.

Then came the fine arts department. Over this the lady visitor lingered long and lovingly, and no wonder. The exquisite productions of skilled fingers could well forth many an exclamation of praise of the dainty and beautiful handiwork of the exhibitors.

But now our steps lead us to a large booth in the North balcony where was found the school exhibit. It was an opportunity of domestic and rural science and manual training for our schools visited this booth it may well be taken for granted that his preconceived notions must have received a severe bump. One only need to look over the work, done in the several departments, by the pupils to be convinced that training of this sort is of first importance and of the greatest possible value, not only to the individual but to the community. In spite of all handicaps, the teachers of the schools exhibiting, have awakened interest and shown the possibilities. There were so many exhibits and all so excellent that only a brief mention is possible.

In the domestic science department were to be found many tempting displays of preserved fruits, cakes, bread and candy, while the further skill of youthful fingers was seen in the plain and fancy sewing and patchwork.

Rural science work was shown in specimens of vegetables, cut flowers, potted plants, collections of weed seeds, native woods, pressed flowers, ferns, etc. In fact it was patent that nature work is taking a higher place than ever in school life and the drawings from nature studies were of a high order. Now were samples of writing and map drawing forgotten and the whole exhibit showed painstaking efforts on the part of the several teachers and to see the samples of work from the lower grades but proves the possibilities of childhood when rightly directed.

It is to be hoped that the rate payers of every school represented will insist on giving such efforts encouragement. Taken altogether, the Exhibition was a success and the steady improvement in the years speaks well for the system of County Fairs and the willingness of the "man who feeds the world" to take advantage of the new and better methods.

#### NO ALUM

#### DEEP BROOK RED CROSS SOCIETY

On Tuesday evening 17th inst. the Deep Brook Red Cross Society served a sumptuous supper in Union Hall. The sum of \$36 was realized. During the evening Rev. A. W. L. Smith gave an interesting talk on "Red Cross Work." He also read an official report of the work done during the past year by the Nova Scotia Red Cross Society, the Daughters of the Empire, Women's Institutes, etc. The President wishes to thank all those who helped to make the evening a success especially those who came from a distance.

#### PRINCE DALE

Oct. 23

Mrs. Harold Fish spent a few days recently in Digby.

Mr. and Mrs. Lloyd Wright returned to Marshalltown on Monday. Mr. Albert Dunn returned Thursday from an unsuccessful moose hunt.

Mrs. John A. Fraser is spending the week with relatives in Deep Brook.

Misses Nettie Fraser and Violet Wright spent Sunday and Monday in Greywood.

Mr. George Johns of Maitland, Annapolis County, was a guest over Wednesday night at Mr. Elder Fraser's.

#### PORT WADE

Oct. 25

Mrs. C. F. Crowley left on Thursday for her home in Digby.

We are glad to report that Mrs. Howard Burke is slowly improving.

Mr. and Mrs. James Morrison arrived home from Lynn, Mass., on Saturday.

Mr. and Mrs. Ernest Ellis of Bay View, spent Sunday with her sister Mrs. Ralph Hayden.

Pte. Edward Johns of the 209th Battalion, which just arrived from the West, is now training in Digby and spent Sunday with his parents, Mr. and Mrs. James Johns.

#### MORGANVILLE

Oct. 21

Preaching service in the Baptist church on Sunday Oct. 29th at 3 p. m.

Mrs. Jacob Morgan and Miss Nellie Chute left on Wednesday for Boston. We are glad to hear that our soldiers have reached England safely.

Mr. and Mrs. George Morgan wish to thank their neighbours and friends for their kindness during their daughter's illness and for the floral tributes at time of burial.

#### LOWER GRANVILLE

Oct. 23

Miss E. A. Betts went to St. John on Wednesday to visit friends.

Mr. Howard Crosscup, who went to Clarke's Harbour with a car load of apples returned last week.

Mrs. Todd, who has been visiting her sister Mrs. J. Hooley, left on Wednesday for her home at Lynn, Mass.

Schooner Venus, Capt. John Snow, expects to load this week with apples at Littlewood's Wharf for the North Shore.

Minard's Liniment relieves Neuralgia

## Take Good Care Of The Colts

It's cheaper to raise colts than to buy horses. But it's costly if you lose the colts. Keep a bottle of Kendall's Spavin Cure handy. For thirty-five years has proved it the safe, reliable remedy for spavin, splint, curb, ringbone, bony growths and lameness from many causes.

### Kendall's Spavin Cure

Is sold by druggists everywhere at \$1 a bottle, 6 bottles for \$5. Get a free copy of our book "A Treatise on Colic" at your druggist's or write us.

Dr. J. J. Kendall Co., Reading, Pa., U.S.A.
