To the Editor of the Nova Scotia Journal of Agriculture:

SIR, — In your last issue of the *Journal* I notice a short article at the foot of page 191 to the effect that "the Short-horn bull 'Viscount Oxford,' formerly owned by the Amherst Agricultural Society, is now in Prince Edward Island," etc., etc.

Now, sir, the animal so spoken of is *not*, and has never been, in P. E. Island. But was purchased in May, 1879, from Professor Lawson by the late Duncan McKaracher, of New Glasgow, for the "Pinetree Agricultural Society," which declined to have him, in consequence of the report of his having been "run down in Cumberland in 1878." Mr. McKaracher, most unfortunately, had him altered in September, 1879, and after the death of that gentleman on 28th February, 1880, "Viscount Oxford" was sold as a beef ox in Halifax on the 18th day of the March following, by your correspondent, who hopes the error, or impression, will be thoroughly investigated by the proper authorities, and the result published in your *Journal*. It is too bad that suspicion should be allowed to hang over any genuine Herd Book through tolerating or disregarding any such case as the one now brought to light, and capable of the ablest proof, by

Yours truly,
E. CAMERON,
Secretary, New Glasgow Agricultural Society.

And, I may add, late President of the Pinetree Agr. Society.
Linacy, New Glasgow, N. S., Feb. 10th, 1882.
