A GARDENER advises trapping ants with bones upon which some meat has been left, and dipping occasionally in hot water. For "slugs and wire worms" he used pieces of potato or carrot.

CHILI SAUCE.—Twelve ripe tomatoes, four ripe peppers, two onions, two table-spoonfuls of sugar, three teaspoonfuls of vinegar, and a little cinnamon. Peel the tomatoes and chop them fine, also the peppers and onions, and boil all together one hour.

In sick rooms where there is diphtheria, measles, scarlet fever, etc., the air should be impregnated with the odour of equal parts of turpentine and carbolic acid. Half a teaspoonful in a kettle of boiling water from time to time will be sufficient. It will be found to relieve the sufferer and prevent the spread of the malady.

ONE of the most reliable recipes for a white layer cake is this: One cup of butter beaten to a cream, with two cups of sugar; add one cup of sweet milk, three cups of flour, with two teaspoonfuls of baking powder mixed with it and the well-beaten whites of five eggs. This is also delicious if baked in a loaf, with a large cup of chopped raisins in it; put them in last, reserving a little of the flour to sprinkle over them.

IT is a little trouble to examine the pamphlet wrapped around each bottle of the true MURRAY & LANMAN'S FLORIDA WATER, so as to find the words "LANMAN & KEMP, NEW YORK," which are stamped or stamped in pale letters on every page, but it is better to take this small amount of bother rather than to be imposed upon by a worthless counterfeiter. Every leaf of the pamphlet around the genuine has these words in it, which though pale and faint, can be easily seen when held up to the light, and no Florida Water is genuine that does not have this test mark.

POTATO BISCUIT.—Eight potatoes of medium size, washed very fine, four table-spoonfuls of butter melted, two cups of milk luke-warm, one cup of yeast to make a thin batter, two table-spoonfuls of white sugar; stir all the above ingredients together except the butter, and set the sponge until light, four or five hours will be required; then add the melted butter with a little salt, and flour enough to make a soft dough, set this aside for four hours longer, roll out in a sheet three-quarters of an inch thick, cut into cakes; let them rise one hour and bake.

A PARIS KITCHEN.—A fair average Paris kitchen is about six feet long and five feet wide. Along the walls runs an iron-edged table four or five feet long and about two feet wide. In this table are cut from four to six square holes, and underneath runs a shelf of stone or iron of just the same size as the table itself. The space between this shelf and the table is closed in front by iron doors. This block against the wall bears the general name of fourneau, and, with the exception of roasting, it is on this block that all the cooking is done. Tea-kettles not existing in France, water is boiled in a covered tin jug called a bouilloire, and in this the water heats very rapidly, but never sings.

Lime in Baking Powders. Prof. R. A. Witthaus, M.D., Medical University, Buffalo, N. Y., who is the highest authority, says that "Calcium Tartrate (improperly called Tartrate of Lime), advertised as the lime found in Baking Powders, is derived from the wines that produce Cream of Tartar. It is a constituent of the grape and other fruits, and is absolutely harmless.

FRUIT TAPIOCA.—Three quarters of a cup of pearl tapioca, a pint and a half of boiling water, one salt-spoonful of salt, quarter of a cup of sugar, and half a tumbler of currant jelly. Pick over and wash the tapioca, and cook one hour, or till soft and transparent, stirring often. Add the salt, sugar and currant jelly. Stir till the jelly is all dissolved. Pour into a glass dish, and keep on ice. Serve very cold with sugar and cream. Half a cup of lemon juice, or any acid fruit syrup, or one cup of canned apricot, peach or quince, may be used instead of the jelly. Or, in summer, use one pint of ripe berries or any small fruits, adding more sugar as required.

A GOOD TIME.—When is the best time to take a blood purifier? Whenever the blood is foul and humours appear, or when the system is debilitated take Burdock Blood Bitters.

A thorough trial will give positive proof of this.

Hardened Liver.

Five years ago I broke down with kidney and liver complaint and rheumatism. Since then I have been unable to be about at all. My liver became hard like wood; my limbs were puffed up and filled with water. All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters, I have used seven bottles; the hardness has all gone from my liver, the swelling from my limbs, and it has worked a miracle in my case; otherwise I would have been now in my grave. J. W. MOREY, Buffalo, Oct. 1, 1881.

Poverty and Suffering.

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring. I was completely discouraged, until one year ago, by the advice of my pastor, I commenced using Hop Bitters, and in one month we were all well, and none of us have seen a sick day since, and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost. I know it."—A WORKINGMAN.

None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.

It rather loads than raises a wren to fasten the feather of an ostrich to her wings.— Fuller.

CONSUMPTIVES should use Lung Balsam; it can be had of any Druggist.

A NOBLE and attractive every-day bearing comes of goodness, of sincerity, of refinement; and these are bred in years, not in moments.— F. D. Huntington.

GREAT FATALITY.—The ravages of Cholera infantum and Summer Complaints among children is truly alarming. The most reliable cure is Dr. Fowler's Wild Strawberry. Every bottle guaranteed to give satisfaction.
