

## EXCURSION III.

## TO LA PÊCHE ON THE GATINEAU.

The Third Excursion of the Club will most probably be held on Saturday, September 3rd, to LA PÊCHE, on the Gatineau Valley Railway. The great success of the first excursion up the Gatineau, added to the fact that a large number of members who have asked for another expedition by the Gatineau Valley Road, have induced the Council to arrange for another outing as soon as possible. Definite arrangements cannot yet be made as to the prices of the tickets. These will probably be about 50 cents for adults. The larger the number that attend, the smaller will be the price. There is no desire to make any profit on the Club excursions, all that is wanted is to cover the necessary expenses. An effort is always made to get as large an attendance as possible so as to popularise the Club and its objects, which are to bring together for a pleasant day in the country those interested in the various branches of Natural History, and to take every opportunity of inducing more to study the things of beauty which surround them on every side. Arrangements are always made to give members of the Club an advantage in the prices of the tickets; but the excursions are open to all without exception. The Council trusts that every member will help to make this excursion a success and endeavour to attend and induce others to do so also. Definite notice of the prices of the tickets and of the times of the trains will be given in the September OI TAWA NATURALIST, which our readers are respectfully requested to consult. Every notice of an excursion which is made by circular costs, for printing and postage, about \$4 which has to be made up by charging a higher rate for the tickets. If, therefore, members will look for NOTICES on the top outside cover of the monthly magazine they will see at a glance if there is to be an excursion, and inside on the last page will be found the full particulars. In this way the expense of the circulars will be obviated and the price of the tickets will be reduced.
