

BARRY'S CLINICAL THERMOMETER.

Self-Registering Patent Sept. 9th 1884.

They are well seasoned before finished, and are positively correct instruments.

They will rest on their flat back, and breakage from rolling is lessened.

They have an indelible black that will not rub off.

They are sufficiently magnifying to be easily seen by any practitioner.

They are endorsed by the medical profession and the press everywhere.

Dr. McDonald, M. P., Wingham, says: "I like the Thermometer better than any I have tried." Dr. Gunn, Brucefield, "It is the best I ever had." Dr. McKenzie, Belgrave, "It fully satisfies me." Drs. Chisholm and Young, Wingham, "Well pleased; as good as the \$3 or \$4 instruments," etc., etc.

A Sample will be sent post-paid on receipt of \$1.50 to any address.

DR. TOWLER, Sole Agent for Ontario, The "Pharmacy," Wingham.

WHEELER'S TISSUE PHOSPHATES.

Bone-Calcium Phosphate $\text{Ca}_3\text{2 P.O.}_4$, Sodium Phosphate $\text{Na}_2\text{ H.P.O.}_4$, Ferrous Phosphate $\text{Fe}_3\text{2 P.O.}_4$, Trihydrogen Phosphate $\text{H}_3\text{ P.O.}_4$

Wheeler's Compound Elixir of Phosphates and Calisaya. A Nerve Food and Nutritive Tonic, for the treatment of Consumption, Bronchitis, Scrofula, and all forms of Nervous Debility.

The Lactophosphates prepared from the formula of Prof. Dusart, of the University of Paris, combines with a superior Penetrating Sherry Wine and Aromatics in an agreeable cordial easily assimilable and acceptable to the most irritable stomachs.

Phosphorus, the oxidizing element of the Nerve Centres for the generation of Nerve Force; Lime Phosphate, an agent of Cell Development and Nutrition; Soda Phosphate, an excitant of functional activity of Liver and Pancreas, and Corrective of Acid Fermentation in the Alimentary Canal; Iron Phosphate, the Oxidizing Constituent of the Blood for the generation of Heat and Motion; Phosphoric Acid, Restorative in Sexual Debility; Alkaloids of Calisaya, Anti-Malarial and Febrifuge; Extract of Wild Cherry, uniting with tonic power the property of Calming Irritation and Diminishing Nervous Excitability.

The Superiority of the Elixir consists in uniting with the Phosphates the special properties of the Cinchona and Prunus, of subduing Fever and allaying Irritation of the Mucous Membrane of the Alimentary Canal, which adapts it to the successful treatment of Stomach Derangements and all diseases of faulty nutrition, the outcome of Indigestion, Malassimilation of Food, and failure of supply of these essential elements of Nerve Force and Organic Life.

The special indication of this combination of Phosphates in Spinal Affections, Caries, Necrosis, Ununited Fractures, Marasmus, Poorly-developed Children, Alcohol, Opium, Tobacco Habits, Gestation and Lactation to promote Development, etc., and as a physiological restorative in Sexual Debility, and all used up conditions of the Nervous System should receive the careful attention of good therapeutists.

There is no strychnia in this preparation, but when indicated, the Liquor Strychniae of the U. S. Dispensatory may be added, each fluid drachm of the solution to a pound bottle of the Elixir making the 64th of a grain to a half fluid ounce, an ordinary dose, a combination of a wide range of usefulness.

DOSE—For an adult, one table-spoonful three times a day, after eating; from seven to twelve years of age, one dessert-spoonful; from two to seven, one teaspoonful. For infants, from five to twenty drops, according to age.

Prepared at the Chemical Laboratory of T. B. WHEELER, M.D., Montreal, D. C. Put up in pound bottles,

3/2/85

and sold by all Druggists at One Dollar.

SCOTT'S EMULSION

OF PURE COD LIVER OIL WITH
HYPOPHOSPHITES OF LIME AND SODA.

THE STANDARD EMULSION OF COD LIVER OIL.

The ONLY Preparation of its class that will not SEPARATE nor SPOIL in any climate.

IT IS MADE FROM THE PUREST NORWEGIAN COD LIVER OIL, COMBINED
WITH CHEMICALLY PURE HYPOPHOSPHITES AND GLYCERINE.

*Acknowledged by leading Physicians in the U. S. and many other Countries to be the most ELEGANT
most PALATABLE and EASILY DIGESTED preparation in the World, and can be
tolerated longer by children and persons with delicate stomachs than any other.*

WE ASK A CAREFUL COMPARATIVE TEST WITH ANY OR ALL SIMILAR PREPARATIONS.

FORMULA: 50 per cent. of Pure Cod Liver Oil, 6 grs. of the Hypophosphites of Lime, and 3 grs. of the Hypophosphite of Soda to a fluid ounce. Emulsified with mucilage and Glycerine.

Messrs. SCOTT & BOWNE:

Gentlemen—After three years' experience, I consider your Emulsion one of the very best in the market.

Truro, N.S., Nov. 15, 1880.

W. S. MUIR, M.D., L.R.C.P. & S., Edin.

Messrs. SCOTT & BOWNE:

I have much pleasure in stating that for the last three years I have used your Emulsion of Cod Liver Oil and Hypophosphites in my practice, in cases of Phthisis, Nervous Prostration and Anæmia, and always derived marked benefit from its use. That it does not decompose, is very palatable, and remains in the most fastidious stomach as some of its greatest merits.

I have the honor to be, yours truly,

T. J. O. EARLE, M.D.

St. John, N.B.

Messrs. SCOTT & BOWNE:

I have used for some time, and prescribed Scott's Emulsion of Cod Liver Oil, and find it an excellent fixed preparation, agreeing well with the stomach, easily taken, and its continued use adding greatly to the strength and comfort of the patient.

A. H. PECK, M.D., Penn., Med. College.

Pettitcodiac, N.B., Nov. 5, 1880

SCOTT & BOWNE, Manufacturing Chemists, New York, and Belleville, Ont.
