NEW BRUNSWICK DEFENCELESS.

But what has New Brunswick done in the way of self-defence, or in preparing for war? Nothing! We have no organized militia, no drill; no paid Adjutant or Quartermaster General; we have lots of fine arms in the armouries, but the saddles and the trappings are rotting, and the rifles, muskets, and swords are rusting; because there is no one employed to take care of them. We rely upon British arms to protect us, instead of contributing, as we ought to do, towards the common army of the Empire; and we rely on men-of-war lying in Halifax harbour, to prevent a ship from a hostile country, or even a pirate, sailing, or steaming up the Bop of Fundy and levying a contribution on the city of St. John, a thing so easily accomplished that we wonder no Russian commander thought of it during the late war. It is true, the defenceless state of St. John has not escaped the eyes of the British authorities, and fortifications are to be erected forthwith on Patridge Island; but no thanks to the Provincial Solons; they fold their arms, and look on with the gravity of Dutchmen. But who could expect anything from the character of the loyal men now in power? Since their late advent to power His Excellency the Lieut. Governor laid before them a Despatch received from the Colonial Secretary, hinting pretty plainly that war may be upon us when we least expect it, and that it is well to be prepared, and requesting that the Militia may be re-organized. Where is the response to this kind, parental advice? There is none. Government merely communicated the fact to the Legislature, and there allowed the matter to drop—they took no steps whatever to carry out the suggestion of the Imperial Government, and we still remain in a perfectly defenceless state.

Here for the present we conclude. Our purpose, when we commenced writing these papers, was to bring before the eyes of the people, in a manner as vivid and concise as possible, the condition of the people of the Great Republic, and the probability of war at not very distant period. If we have succeeded in this, and can arouse the public to a proper sense of danger, (we do not mean a cowardly fear) so that they insist upon the re-organization of the Militia, and giving proper encouragement to volunteer companies, we shall have accomplished our object.—(Head Quarters)

The MILITARY GAZETTE has now been in existence more than 18 Months; it is at this moment the only Military paper published in British North America. It is more especially the ORGAN of the VOLUNTEER Forces of Canada, for which object, and for the advocacy of their interests, those of the SEDENTARY MILITIA, and, collectively those of the COUNTRY, the Paper was started. The Editor and Proprietor of the MILITARY GAZETTE desires to continue the work; to improve the tone, scope, and appearance of the Paper, he desires to urge on the country, and on its representatives and Ministers, the necessity of further and more effectual organization of that Constitutional Force the MILITIA.

Such being his object, he hopes for the hearty co-operation of the OFFICERS of both divisions of the Militia, Active and Sedentary. He has had no reason to complain hitherto. As much support has been accorded as he has probably merited, and he gratefully acknowledges the many encouraging communications which he has received from estimable and active members of the Force generally. He has relied, and does still rely, mainly on the public spirit of the OFFICERS COMMANDING Troops, Batteries, and Companies, and it is with the object of suggesting to them individually, a means of promoting the permanent establishment of the MILITARY GAZETTE as a public organ of Canada, that he invites the concurrence of the Captains, the Officers, Non-Commissioned Officers and Men of the Batteries Troops and Companies in a proposition which has been already acceded to by several Commanding Officers and Men of various localities, viz:

The proprietor of the Military Gazette undertakes to send 10 copies of the Paper to each Troop, Battery or Company, for the use of the Non-Commissioned Officers and Men only;—to such addresses as shall be designated by their Commanding Officers, on payment in advance of \$15; for 20 copies, \$28; for 30 ditto, \$40; the necessary deduction from each man to be arranged by the Commanding Officers. They will be pleased therefore, to read this Circular at their first convenient opportunity, to their men

and if generally supported, as there is every reason to expect, there is no doubt the paper may be made interesting, useful, and instructive to all concerned.
