BOOK NOTICES, REVIEWS, &c.

We are in receipt of the Living Church Annual for 1882, a work embracing besides many features in common with other American Church Almanacs, some that are new and of special interest. The amount of information on ecclesiastical and other subjects found in its pages, added to the statistical matter relating to the Church in the United States and elsewhere, make the work of considerable value, as well as interest, to Churchmen; and we wish the editors abundant success in their undertaking.

THE AMERICAN CHURCH REVIEW, edited by Rev. Henry Mason Baum, January, 1882. Published Quarterly, January, April, July, and October.—New York American Church Review Press.

The Church in the United States should feel proud of the appearance of the January number of this most valuable Review, now in its thirty-fourth year, which quite equals, if in some particulars it does not surpass, its English contemporaries. The type and paper are all that could be desired, and the several articles of permanent value. The table of contents is as follows:—1, Christian Dogma Essential, 1 to Christian Teaching; 2, to Christian Life; 3, to the Being and Work of the Christian Church. By the Rt. Rev. A. N. Littlejohn, D. D., L. L. D., Bishop of Long Island; 11, Revision of the Common Prayer, by the Rev. Morgan Dix, S. T. D.; 111, The Law of Progress in History, by Prof. Henry Coppee, L. L. D.; 1V, the Rise, Crisis, and Triumph of the

Reformation in Sweden, by Rev. Prof. C. M. Butler, D. D.; V, The Christian Religion, by Everett P. Wheeler, Esq.; VI, Religious Education in England and Its Bearing upon America, by Rev. Leighton Coleman, S. T. D.; VII, by what Laws the American Church is governed, and herein chiefly, How far, if it all, English Ecclesiastical Law is of force as such in this Church, by S. Corning Judd, LL. D.; VIII, The Temperance Question, by Rev. Jno. T. Huntington; XI, The Revision of the New Testament—Again, by Rev. Prof. Frederick Gardner, D. D.; X, Literary Notices. Our Canadian clergy should subscribe for this admirable Quarterly. Price \$4 a year, or \$1 25 a number.

SERMONS to the people, preached chiefly in St. Paul's Cathedral, by H. P. Liddon, D.D., Canon Residentiary of St. Paul's and Ireland, Professor at Oxford, with a preface by the American editor. Second edition. New York: E. & J. B. Young & Co., Cooper Union, Fourth Ave.

A Book of Sermons by Canon Liddon has its popularity assured, for all who know the author's name and writings (and who do not) will only be too glad to acquire a new possession from the pen of England's greatest preacher. These sermons were preached chiefly at the Cathedral, and are upon various subjects of practical importance to the general reader, and are handled in that enthusiastic manner which make them intensely attractive and interesting. The following quotation from the editor's preface will be warmly endorsed by the reader: "The Sermons in this volume possess many features which make them models of what the Christian preacher of our day should say to our people. The richness and exactness of their exegesis, the clearness and compactness of their method, their sound dogmatic substance, their fine spirituality and yearning love of individual souls, are alike remarkable."

It is almost superfluous to add that in Canon Liddon's sermons there is no seeking after effect, no overlading of fine colors to attract, no negligence of style or looseness of expression, no uncertain and equivocal statement of doctrine, but all is logical and convincing, direct and searching, and glowing with love and ardor for his Master and for the souls for whom He died. The New York publishers will please accept our thanks for the book.

Restored to Health and Strength.

From Hon. W. H. JONES, of Vermont. "I have been troubled from my boyhood with chronic or hereditary lung complaint. Some years since, early in the Winter, I took cold, which as usual settled into a severe cough, which continued to increase as the season advanced, although I made use of all the cough remedies I had knowledge of. My family physician also prescribed for me, but I experienced no relief. During all this time I was gradually running down, losing flesh, and strength, until my friends as well as myself, became very much alarmed, thinking I should waste away in consumption. While in Boston, during the spring following, I was induced to try WISFAR'S BALSAM OF WILD CHERRY. After one day's trial I was sensible that it was relieving me; in ten days time my cough had entirely ceased, and I was soon restored to health and strength. I have ever since kept the BALSAM in my house, and whenever any member of my family has a cough or cold, it is immediately resorted to. No family should be without it." 50 cents and \$1 a bottle. Sold by all druggists.

AS EDITOR IN LOCK.—St. Jacobs Oil cures rheumatism; of this I am convinced. For years I suffered with rheumatism in my left shoulder and right arm, and last fall I was incapable of attending to my duties, and lay many a night unable to sleep on account of terrible pain. A few weeks ago a severe attack of this trouble struck me, and this time I concluded to try St. Jacobs Oil, I must acknowledge, with but little confidence in its merits. I freely confess that the result has completely astonished me. The first application relieved the pain very materially, and the continued use of only two bottles has completely cured me of this chronic evil, and that, after the most eminent physicians and their prescriptions had been of no avail. I therefore consider it a duty to publish the above for the benefit of all sufferers with rheumatism and kindred complaints. G. A. HAILMAN, Editor Republican, Pittsburg, Pa.

Testimonial from Capt. Joshua Harper.

SACKVILLE, N. B., Feb. 13, 1877. J. H. Remison, Esq., St. John, N. B. Dear Sir,—Early in October last I took a severe cold, which settled on my lungs. After having a bad cough for about six weeks, I had a very severe attack of bleeding from the lungs, while on a passage from Queenstown to Dover. I had daily spells of bleeding for some days, and I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home. I saw an advertisement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sent and got half a dozen bottles, after taking which I feel myself a well man again. My weight, which was reduced to 120 pounds, is now up to my usual standard of 150 pounds. Seeing what it has done for me, I can confidently recommend it to others afflicted with lung diseases.

Yours very truly, (Signed) JOSHUA HARPER, Of the barque "Mary Lowerson." Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime is prepared only by Harrington Bros., St. John, N. B., and is for sale by Druggists and General Dealers. CHRONIC BRONCHITIS.

When Bronchitis takes the chronic form the attending symptoms become greatly aggravated, and are associated with many of the very worst symptoms of Phthisis, viz., excessive cough, free expectoration, rapid pulse, night sweats, etc., and finally great debility and emaciation. In this stage the diagnosis between this and Tubercular Consumption is sometimes very difficult; and it is in this case that Cod Liver Oil, when the sufferers can retain it, is of special advantage; and PUTNER'S EMULSION OF COD LIVER OIL can always be easily retained. In such a case it is invaluable. Under its use we find the cough cease, expectoration diminish, the pulse regain its regularity and force, night sweats cease, physical strength return, and the emaciation give place to renewed flesh. As this state of things may be a sequence of a cold which has been neglected, it behoves everyone to be particularly careful of himself while laboring under a cold, no matter how slight it may apparently be. The main thing is to check the disease at its very inception, and the best means by which to attain this end is the early use of PUTNER'S EMULSION.
