Mr. MACKENZIE. At this stage of the Session I do not propose to waste one moment's time in discussing the amendment which I propose to offer for the purpose of indicating what I believe to be a correct principal, that is, to maintain the ordinary municipal boundaries where that is practicable, and as a protest against the needless and, in my opinion, reckless interference with county boundaries I move :

That the said Bill be not now read a third time, but that it be resolved, that the county of York is divided into three ridings, each returning one member, with an aggregate population of 66,618, or an average of 22,304 for each member, divided into

East York	23,312
North York	24,502
West York	18,504,

that any inequality which it may be desirable to correct in the population of the three ridings can be adjusted by a transference from one to the other, without interfering with the present county boundaries; that the proposed re-adjustment leaves the west riding of York, having the smallest population, untouched, and transfers part of the village of Stouffville in East York to the west riding of Ontario, the township of Whitechurch, the town of Newmarket and part of the village of Stouffville in North York, to the west riding of Ontario, and the township of Gwillimbury and the town of Bradford from the south riding of Simcoe, to the north riding of York.

That the proposed re-adjustment is objectionable; that the Bill be re-committed to a Committee of the Whole, with instructions that they have power to amend the same by providing that three ridings, to be formed out of the county of York, shall each return one member.

Amendment (Mr. Mackenzie) negatived on the following division :—

Mr. GUTHRIE. I wish to submit a motion with regard to the county of Wellington. Two complaints existed with regard to the original arrangement of this county. One of these—the transference of Erin to the county of Halton—has been rectified, while the other—the taking of Wallace from North Perth and adding it to North Wellington, remains. The result is to give to the county of Wellington, which has already a much larger population than the quota, viz., 73,445, an additional population of 4,795, making the total population of this county, 78,240, or 15,240 in excess of the quota. The motion is to restore Wallace to North Perth, and it should commend itself to every one who favors the principle of equalizing the population. I move :

That the said Bill be not now read a third time, but that it be resolved, that the county of Wellington at present comprises a population of 73,445, divided into three ridings, each returning one member, with an average population of 24,461; that by the said Bill it is proposed to add to the north riding of Wellington the township of Wallace, part of the county of Perth, and to transfer the township of Maryborough from North to Centre Wellington, and to make other changes, thus increasing the population of the electoral county of Wellington, now beyond the quota by 4,795 souls; that the proposed addition of Wallace to North Wellington is objectionable.

That the said Bill be re-committed to a Committee of the Whole, with instructions that they have power to amend the same by withdrawing Wallace from North Wellington and re-transferring Maryborough from Centre to North Wellington.

Amendment (Mr. Guthrie) negatived on the following division :—
