I say quite frankly that there is no chance that it can be completed today. In any event, the minister would want to respond to the very reasonable statements which have been made by the hon. member for Edmonton West and the hon. member for Waterloo (Mr. Saltzman). I therefore hope that the House in its

infinite wisdom will recommend to Your Honour that you now call it six o'clock.

Mr. Deputy Speaker: Is this agreed?

Some hon. Members: Agreed.

At 5 p.m. the House adjourned, without question put, pursuant to Standing Order.
