

June 30th, 1938

Dear Mr. Fletcher,

In reply to your letter of the 28th June, I understand that Mr. Matthews has now communicated with you.

You ask where Mr. Douglas will be later on in the summer. He is away now. It is possible that he may be back in Montreal for a day here and there in July but we are not at present advised when this may likely be. The whole month of August he will be in the West. But inasmuch as his Montreal house is closed for the summer months I really do not think he will be here for any length of time even in July. However, if you do want to get in touch with him, if you will write to him at this office I can then let you know, if he is not available.

Yours sincerely,

Principal's Secretary
