BULGARIAN FORCES ARE CONCENTRATING

Premier Radoslavoff Outlines Ambitions for Extension of Boundaries.

NEW OFFER MADE

Entente Powers Said to Have Presented Fresh Proposals to Sofia.

LONDON, Oct. 4.—Various cables today indicated the purpose of Bulgaria to join the central powers.

A despatch from Athens via Paris reports that concentration of the Bulgarian army has begun.

The total effectives of the Bulgarian army engaged in this movement are estimated at 350,000.

Premier Radoslavoff of Bulgaria is reported in a Sofia cable as having made the following statement to adherents of M. Stambuliwsky, leader of the Agrarians:

"Bulgaria may rightly hope its situation will become better than ever. The events of the near future promise very favorable results. Bulgaria will extend its boundaries toward the northwest and south."

NEW OFFER BY ALLIES?

ZURICH, Switzerland, via London, Oct. 4.—A telegram from Sofia to The Munich Neuste Nachrichten says the latest Bulgarian Cabinet Council debated at length over new proposals made by the quadruple entente to Bulgaria on condition that she remain neutral. The Bulgarian Government, the telegram adds, is considering all its moves with great care, and is maintaining the utmost reserve in regard to the answer it will make.

MASSED ON BORDER.

LONDON, Oct. 4.—A despatch from Milan, Italy, says:

"While Roumania keeps 100,000 men on the Austro-Hungarian frontier, says a Bucharest despatch to The Corriere Della Sera, the Germans have withdrawn the infantry massed along the southwestern slopes of the Carpathians, but have left a strong force of artillery. On the other hand, in the region between Kronstadt, Transylvania, and Hermanstadt, near the Roumanian frontier, there is a constant coming and going of German officers.

"According to reliable accounts confirmed information, 100,000 German troops have been moved from Bukowina to the Serbian frontier, and there now are several hundred thousand men stationed in Hungary between Panosova, Weisskirchen and Versez. Two-thirds of this army is said to be composed of Germans. It is estimated that the artillery numbers 1200 guns between Panosova and Weisskirchen alone. The greater part of these forces are newly-formed regiments with the best troops from the Belgian front. These soldiers are in good condition. Most of the men are under 30, the majority of the Germans being Bavarians. There is only one officer to each battery, most of the lower commands being entrusted to German non-commissioned officers. Field Marshal Von Mackensen, the commander-in-chief, is reported to have arrived at Temesvar, 72 miles northeast of Belgrade."

WELCOME NEWS FOR RHEUMATIC SUFFERERS

Tamblyn's High-Class Drug Stores Will Distribute Famous Remedies Free.

Who is there in Canada that has not heard of Munyon's Famous Remedies for rheumatism and ailments of the liver, stomach and kidneys? Thousands of sufferers have been brought back to health and strength by these medicines. In order that other sufferers may try the effects of these remedies before purchasing, Professor Munyon has arranged for a series of free distributions thruout Canada, thru the courtesy of Mr. G. Tamblyn, the well-known high-class druggist, whose cut-rate stores are situated in all parts of the city. In this issue of The World will be found a coupon which, if cut out and presented to any one of the Tamblyn stores, will secure a free package of Paw-Paw Fruit Pills, for the liver, stomach and nerves, or Munyon's Rheumatic Remedy.

WILLS PROBATED

The will of Miss Florence K. Dartnell, formerly of Whitby, who died at Tenafly, N.J., on Jan. 1 last, was ordered to be admitted to probate by Judge Winchester, in the surrogate court yesterday. By the will the estate, valued at $34,987, was equally divided between two aunts, Louise Lawlor of New York and Ellen Dartnell of Auburndale, Long Island.

Mrs. Beatrice Saunders, a sister of the testatrix, filed a caveat on the ground that the will was not dated, the witnesses are dead, and there is no evidence to prove that when the will was executed Miss Dartnell was of age.

She further pleaded that at the time of her death, her sister had her domicile at Tenafly, and that the laws of the State of New Jersey should govern the distribution of the property. The Toronto General Trust Co. is trustee and administration was granted to the Hackensack Trust Co., on Feb. 19 last.

TELLS REASON FOR INCREASE IN COST

Decrease in Cattle and Increase in Population Cause, Says Dr. James.

VETERINARY STUDENTS

Many Attend Commencement Exercises Held in College Building.

Dr. C. C. James, the Dominion commissioner of agriculture, gave a most inspiring address last night to the students of the Ontario Veterinary College, at their commencement exercises, held in the college building on University avenue. He emphasized the fact that if the students could not see their duty to enlist, it was their duty to utilize their knowledge in promoting the prosperity of the country by encouraging the farmers to breed high-class live stock.

The doctor stated that the prosperity of a country did not depend entirely on the production of wheat, but rather on mixed farming and live stock breeding. The consumption of beef in Canada was 175 pounds a head per year, as compared with 50 pounds in Russia, 113 pounds in Germany and 120 pounds in England.

Exports Increase.

He said that there has been an increase in the export trade to Britain of 497,000,000 pounds during the last seven months, as a result of the war. "John Bull realizes that Tommy Atkins can fight best on beef."

The reason that the price of beef has been soaring during the past few years was on account of the falling off of breeding as compared to the increase in population. In Canada the production has fallen 17 per cent. and the population has increased 34 per cent.

Dr. Cowan, one of the oldest graduates of the school, outlined the early history of the college when there was a total attendance of seven men.

The principal, Dr. E. A. Grange, was chairman.

ALLIES' BIG LOAN OVER-SUBSCRIBED

Fifty Millions More Than Needed Applied for by Investors.

(Continued From Page 1).

Willys, automobile manufacturer; Harry Payne Whitney and William Boyce Thompson of this city. There was no confirmation of this by J. P. Morgan & Co., who have announced that the names of individual subscribers will not be made public; but reports naming these men among the subscribers were current in Wall street and were not denied.

It is possible that within a week the bonds will be in the hands of the individual investors. The contract providing for the loan will be signed either tomorrow or Wednesday. In all probability, the prospectus will be issued very shortly and offered to the public within a few days. The closing of the underwriters' books tomorrow morning will end the opportunity of small investors to obtain their bonds at 96¼, the underwriters' terms. Hereafter the bonds will be offered at 98.

Another Big Loan?

New York City, New England and Pittsburg have come up well to the expectations—in the case of New England surpassing previous estimates—in the amount of investments. A number of responses were received today from western and southern cities, with gratifying results, it was said.

Already there is talk in Wall street of the second big credit loan, which it is believed England and France will have to negotiate within a few months. None of the commission or syndicate of underwriters, however, was ready to discuss plans yet. The general desire seems to be to wait till the present loan is offered to the public.

PROMINENT BUSINESS MAN DIED YESTERDAY

George Gouinlock Was Director of Toronto Hardware Manufacturing Co.

George Gouinlock, a director of the Toronto Hardware Manufacturing Co. and one of the best-known business men in the city, died last night at his residence, 165 Jameson avenue, after a long illness. The late Mr. Gouinlock was 62 years of age and was a regular attendant of St. Mark's Church, Cowan avenue. He is survived by his wife, two sons and a daughter.

The funeral will take place tomorrow from St. Mark's Church at 2.30 p.m., with interment at Forest Lawn Mausoleum, Yonge street.

SOCIETY

Conducted by Mrs. Edmund Phillips.

The cheers that echoed and re-echoed to the rafters of Massey Hall last night must have been very gratifying to Madame Melba, who looked regal in her handsome gown of beauty glace silk, shot with silver; the bandue was entirely of mother of pearl sequins, overlaid with embroidery of roses and foliage in the color of the silk which also headed the panier drapery. A stomacher of diamonds covered the front of the corsage and continuing round the neck of the gown. Diamonds encircled her hair, with two upstanding aigret feathers centred by diamonds. She wore three orders, the King Edward and Queen Alexandra order, for art, science and literature; the order of the King of Norway and Sweden, for art, science and literature, and the King George Coronation Medal. A few of the people filling the hall were: His Honor the Lieutenant-Governor, Lady Hendrie, Lord Richard Neville, Miss Hendrie, Col. BAPTIST YOUNG PEOPLE HELD ANNUAL FALL RALLY

Over a Thousand Attended Service in Jarvis Street Baptist Church Last Night.

Fully a thousand young people representative of the different societies of the Toronto Baptist Young People's Union attended the 24th Annual Fall Rally in Jarvis Street Baptist Church last night. Christie Street Church was presented with the Junior Union Progress Banner and the Junior Union Mission Study Banner.

Jones Avenue Church was presented with the Sacred Literature Banner which they won for the third consecutive year. Dovercourt Road won the Attendance Banner.

Ex-mayor Urquhart, who presided, made an earnest appeal to the young men present to do their part for the empire. "The Baptist Young Men who stand for Christianity will I know go and fight to uphold true democracy," he said.

Rev. Dr. Pearce of New York gave an interesting address which he illustrated with crayon sketches. He said that Baptists on the other side could not duplicate the attendance present at any of their rallies.

FEDERAL FINANCES IN GOOD CONDITION

Record for Three Years Ended in March Last Creditable One.

REVENUE WAS LARGE

Yearly Surpluses Kept Down Borrowings on Capital Account.

By a Staff Reporter.

OTTAWA, Ont., Oct. 4—A compilation from the official records of the Dominion for the period from April 1, 1912, to March 31, 1915, that is to say for the three full fiscal years of the present government's administration, shows the following illuminating facts:

The total aggregate revenue of the Dominion for the three years in question amounted to $464,937,779.74. The total ordinary expenditure for the same period was $374,967,216.94, leaving a surplus of $89,970,562.80, or an average surplus of $29,990,187.60 per year, a record without parallel in the history of Canada.

For the same three-year period the capital expenditure aggregated $105,353,542.09. Of this expenditure the surplus above mentioned liquidated over $89,000,000, leaving only $16,000,000 to be borrowed on capital account.

Outlay on Railways.

The capital expenditure from April 1, 1912, to March 31, 1915, on the Hudson Bay Railway, the National Transcontinental Railway and the Quebec bridge was as follows: Hudson Bay Railway, $10,271,524.39; National Transcontinental Railway, $36,269,049.19; Quebec bridge, $6,933,236.67; total, $53,573,810.25.

The average yearly increase in the national debt, apart from the war, for three years, from April 1, 1912, to March 31, 1915, was $16,235,382.16. The average yearly increase in the national debt from April 1, 1908, to March 31, 1911, was $20,693,730.73.

CANADIAN STAMPS APPROVED BY KING

Bear St. Edward Crown and Not Papal Tiara as Reported.

WORN AT CORONATION

Each British Monarch Selects Diadem From Several Optional Ones.

By a Staff Reporter.

OTTAWA, Oct. 4.—Letters have been received by the government complaining that the papal crown is now used to ornament Canadian postage stamps, instead of the royal crown of England. The complaints appear to have been prompted by an article which charges that Mgr. Stagni, papal ablegate in Canada, caused the papal crown to be placed on the stamps, and that he is working to bring the Government of Canada under the control of the Roman Catholic Church.

An official statement explaining the whole matter says, in part:

"Under Sir William Mulock it was decided, on the death of Queen Victoria, to place the crown on our stamps and submit the design to the King. This was done and the stamp approved by the King was adopted. When King Edward died and King George succeeded him, Mr. Lemieux, who was then postmaster-general, decided to follow the same course, and the American Bank Note Company, which was asked to design the stamp, in getting it out, adopted as the crown to be placed on the new stamp the one in which the King was crowned, which is known as the St. Edward crown. This design was then submitted to the King himself, who approved of it, and the stamp has been so issued ever since. No change of any kind has been made in the stamp since it was approved by King George, and the change from the crown approved of by King Edward to the one approved of by King George was made without any outside influence of any kind being exerted. The stamp has been universally approved as being the most handsome stamp in the British dominions, and nothing was ever said against it until the issue was raised by a newspaper for reasons of its own. There are several crowns, and the sovereign exercises the right of selecting the crown which shall be used by him, and different sovereigns have selected different crowns.
