UPPER CANADA LAW JOURNAL.

PRESS. OPINIONS OF THE

The Upper Canada Law Journal.—The April number of this excellent legal periodical has been cent to us; and it may be very justly pronounced as a more then average part, abounding in valuable matter, such as can man promones as over react to us; and it may be very justice produced as a more then average part, abounding in valuable matter, such as can only expected from gentlemen most eminent in the legal profession. The statement writers who have lately exercised the editorial control of this publication, have contributed much interesting information, and many sound commentances, which are of incalculable advantage to the public. The reputation founded in previous issues is fully sustained in the present number. The article headed "Trial by Jury on its Trial," involves so many preculiar views on this time-honored institution, that we may at the earnest opportunity apply ourselves to a further consideration of them, and again refer to the subject at length. That section of the number devoted to "The Magistrate's Manual," will be found to present features of great interest to to Justices of the Peace, whose ministerial and judicial authority are therein clearly defined. The first portion of this work is devoted to a consideration of the ministerial duties of Justices of the Peace, and their general authority as conservators of the peace. There are several other editorials, and the cont ints throughout are of especial integers and control and learned arguments and divisions of the various Upper Constants. most novel and learned arguments and divisions of the various Upper Canada Courts,—Colonist.

We have received the January number of this very useful periodical being number one of the fourth volume. It is edited by W. D. Ardagh, a wilk, A. Harrison, B. C. L., Barristersat-Law. This Journal contains a large amount of useful legal matter—reviews of important cases, decisions of the Judges, Ac.,—which will be found highly beneficial to persons engaged in mercantile and other business pursuits, as well as to gentlemen belonging to the legal profession. It is a work that should receive an extensive put insign and wide circulation. The price is \$4 per annum in advance, or \$5 if not so paid. Maclear & Co. Publishers, Toronto.—Boomanvule Star.

The Upper Ginada Law Journal for January, has been received. As usual, its contents are exceedingly valuable.—Kingston Wing.

This is a very useful monthly, containing reports of important law
causes, and general information connected with the administration of
justice in Upper Canada. Although more particularly intended for the
profession, vet every man oflustiness may learn much from it that may be
of real advantage to him. It has hitherto been published in Barrie, but
will hencetorth be in Toronto. We replete to see that Robert A. Harrieon,
Esq. B. C. L., is to be connected with the journal. He is a young gentleman that has already highly distinguished himself in his profession and
with literary talents of no ordinary kind, he will prove to be of great advantage to the Law Journal.—Brampion Times.

vantage to the Law Journal.—Brumpton Times.

We are pleased to notice that this able monthly is, for the future, to be edited and published in Toronto, and that Robert A. Harrison. Eq. B.C.L. is become a joint Editor. Its accession to the editorials aff must prove to the profession to whom he is now so well known as the author of so many works in general use, no small galo. With Mr. Harrison is associated W. D. Ardach, Eq., who has for some time been favorably known as an Editor of the Journal. Notwithstanding the public caution of the Journal in Barrie, it has under the management of the Hon. James Patton acquired a very wide and extended circulation. Now that it is to be published in Toronto, it is reasonable to expect that its circulation will be increased. It is a paper which should be in the hands of every Judge, Lawyer. Coroner, Magistrate, Clerk, and Bahiff in Upper Canada. We hope, however, that the conductors will see fit to widen the list of their exchanges and so increase the circle of their usefulness.

It is a great mistake to suppose that Judges, Lawyers. Division Court Clerks, or Baififfs are the sole persons interested in the administration of justice. The public at large have a deep interest in, and feel a lively sympathy with the sentiments of a writer who propounds measures of law reform calculated to advance the public good. No discussion however well attended upon subjects of legal interest, can be satisfactority carried on by the lay press.

The Jaurnal contains a variety of legal decisions and information interesting to solicitors, convevances, insurance agents, division court clarks and municipal offices, which cannot be obtained elsewhere. Stratford Examiner.

We subjoin an article from the Law Journal, a legal periodical—indeed the only one published in Uppper Canada—shewing the immense pro-gress of the Distaion Courts.

This periodical, which is now published in Toronto, is conducted with much ability and is very useful to all having business in the Superior and Division Courts -Advance.

Somewhere it has been said that to know a people thoroughly, it is necessary to study their laws—to ascertain how life and property are prote-ted. This ably conducted Journal tells us hav the laws enacted by government are administered in Upper Canada. It tells us—what every body knows—that law is expensive, and it adds that cheap justice is a curse, the expense of the law being the price of liberty. Both ascertions are certainly truisms, yet a litiglous and quarrelsome spirit is

not invariably the result of that combativeness which belongs to such men as those who, under any circum tances, and at whatever cost, will assert their rights. It is not our burpose to review the Journal, but to praise it; seeing that praise is deserved. The articles are well written, the reports of cases are interesting, and the general information is such, that the Journal ought not only to be read, but tudied by the members of the bar, the magistracy, the learned professions generally, and better the professions generally, and

by the merchant.

The Law Journal is beautifully printed on excellent paper, and, indeed, equals in its typographical approximate, the legal record published in the metropolis of the United Kingdom. Sta year is a very linear siderable sum for so much valuable information as the Law Journal con-

tains .- Port Hope Atlas.

We have to return our thanks to the conductors (or publishers, we do not know which, of this valuable publication for the present January number, together with an unpit index for, and list of cases reported and cited in the second volume of these reports for the year 1859.

The ability with which this highly important and useful periodical is conducted by W. D. Ardygh and Robert A Harrison, B. C. L., Esquires, larristers at Law, reflects the greatest credit upon these gentlemen, and shows that the esteem in which they are held by their professional concrets and the public, is deservedly merited and nothing more than they are entitled to. We have much pleasure in earnestly recommending the members of the bar for this section of the Province to support the Upper Canada Law Journal, by their subscriptions,—taking leave to according to the well-worthy of it, and that they will find it a valuable sequidition to their libraries as a legal work of reference and high nuthority. It is printed and published by Messre. Naclear, Themas & Co., of lo King Street East, Toronto, and the typographical portion is very creditable to that firm.—Quebe Mercury.

The Lyper Canada Law Jurnal, and Local Carts Guetle, is a publication of which the legal profession of the Province need not be ashamed. The Journal has greatly improved since the removal of the Office of Julification to Toronto. It is edited with ability by W D Ardagh, and it A. Harriston, B. C. L., Barristers at Law. The January number, which is the first of the furth volume, appear in a considerably cularged form. The furth volume will contain at least one-third more reading matter than its predressor. A very important question, "Shall we have a Bankruptey Law?" is discussed at length in a well written editorial in the January issue, to which we shall refer on a future occasion, "License of Counse," is an original article which probes barristers in many tender spots. The Law Journal's circulation should not be confined entirely to the legal profession—the Merchant, and general business man would find it a very useful work. The price is \$1 a year in advance, or \$5 otherwise. Now is the time to send in orders.—Part Hope Guide.

In its first number of the fourth volume this interesting and valuable publication comes to us highly improved in appearance with a much wider range of editorial matter than formerly. The Journal has entered upon a breader career of utility, grappling with the higher branches of law, and lending the strength of a full, fresh intelligence, to the c neatherman of some very grave wants in one civil code. The necessity of an equiphe and efficient "Bankruptey L w" is discussed in an able article, equipe and emerat "Bankruptey L w'ls discussed in an able article, instinct with astute and profound thought, coupled with much clear, subtile, legal discrimination.

subtle, legal discrimination.

It is the intention of the Proprietors to institute in the pages of the Journal a "Magistrat's Manual:"—provided that that b-dy meet the project in the proper spi it, and contribute an adequate subscripti in list to warrant the undertaking. To prosecute the contemplation, could not fail to be productive of incaircuable advantage, as well to the community as to the Magistracy. We shocked plop that his latter body will bestow a generous patronage, where so laudable an effort is made for their advantage.

The Law Journal is presided over by W D Arlagh, and R. A Harrison, B. C. L., Barristers at Law It is a periodical that can proudly compare with any legal publication on this Continent. We wish it every success.—Catholic Cution.

This Journal which is published monthly, appears this week much improved in size, appearance and matter. It was formerly published in likeric, but has for some numbers tack been published in Toronto, and has acquired aid in the editorial staff by the addition of Mr. Harrison, who is well known in the profession from his numerous publications on legal subjects. Under the management of Mr. Ardagh and Mr. Harrison, this Journal promises fair to become an important publication, not merely to the legal pr fession, but to other important classes of the community, as particular attention is given to Municipal affairs. County Courts and Division Courts; Magistrater duties also receive a considerable share of consideration. It will contain original treatmeand essays on law subjects, written expressly for the Journal, besides reports from able share of consideration. It will contain original treatises and essays on law subjects, written expressly for the Journal, besides reports from the Superior Courts of Common Law and the Court of Chancery. Proper selections will also be made from English periodicals. To the profession the reports from Chambers of decisions under the Common Law Procedure Acts and the general practice, are of particular interest. These the Journal supplies, being formerly reported by Mr. F. Moore Benson, and latterly by Mr. C. E. English, M. A. We would advise all municipal officers, Division Courts officers, Magistrates, and particularly the profession, to patronize this publication, as it cannot be sustained without their aid. The subscription is only \$4 ayear in advance—Leader.

The January number of this valuable Journal has come to hand, and is as usual replete with legal decisions, articles on commercial law, &c., &c. We republish from this number, an able article on the subject of a Bankrupt Law for Canada. - Cunadian Merchants' Magazine.
