## HAILING BORDEN AS IMPERIAL CHAMPION

London Newspapers Indulge in  
Dignified Rhapsodies. Over  
Coming of Canada's Pre-  
mier, and Strengthening of  
Empire's Ties is Popular  
Prediction.

LONDON, July 3.—(Can. Press.)—  
Altho the Right Hon. R. L. Borden  
does not arrive here until to-morrow  
at the earliest, he is already being  
made the hero of the hour in the Lon-  
don press.

There is a happy foreboding of  
party divisions in the cordiality of the  
welcome all the leading journals offer.

The Times leads off with the digni-  
fied assurance that if ever London owed  
a distinguished welcome she owes it  
to Mr. Borden, and decides that Eng-  
land eagerly awaits the opportunity to  
bear tribute to the cause he has main-  
tained and the position he has won.

The Times goes on to herald Mr.  
Borden's consultations with Premier  
Asquith and Winston Churchill as  
leading up to the real reinforcement  
of the empire's naval strength in the  
hour of great peril, and also to the de-  
vising of some means for joint confer-  
ence and control.

The Ministerial Daily News and  
Leader presents Mr. Borden to its  
readers as one who comes to the mo-  
ther country with an unblemished pro-  
fessional and political record in Canada,  
and with a well-deserved reputation as  
a sincere servant of the state.

Not a Political Catnap.  
Everyone who meets him, adds the  
paper, will find him perfectly frank  
and perfectly fair. The News and  
Leader adds: "In political language,  
Mr. Borden is a Conservative, but that  
word in Canada has no connection  
with the word Conservative in English  
political life. He is a quiet, handsome,  
good-humored gentleman, and too  
much of a man and a colonial to be the  
catnap of any political caucus in  
the home country."

The Daily Mail hails Mr. Borden as  
a man who looks like leaving a great  
name in the history of the British Em-  
pire as the leader of the British Em-  
pire's working partner. It adds:  
"The five nations of the empire will  
fight under one flag, and under one  
supreme direction property representa-  
tive of them all."

The Daily Express also declares Mr.  
Borden's visit will make Imperial his-  
tory, and makes great play with Hon.  
G. E. Foster's telling message to Eng-  
land from Canada, delivered at a great  
gathering of peers and members of par-  
liament at the Constitutional Club yes-  
terday, when he asked:

"Why give the children's bread to  
strangers?"

Imperial Navy Coming.  
The Standard says: "The imperial  
navy is coming. At present we have  
the royal navy, the fleets and squad-  
rons of the King of the United King-  
dom. The time is not far distant when  
they will be transformed into the navy  
of the empire. Sentiment is growing  
in Canada to the height of national en-  
thusiasm, and Canadian ministers are  
here to consider the best means to give  
effect to it. As Mr. Foster said, in  
his fine speech at the Dominion Day  
banquet: 'Canada is a little assemed  
to sleep any longer in security behind  
the floating wall of steel provided and  
paid for by the people of the United  
Kingdom.' Canadian spirit resents that  
position of inferiority, but if it is  
necessary to find some method by  
which Canada will retain sufficient  
control, whether the desired consum-  
mation be reached by giving the Do-  
minion seats on the council of Imperial  
defence or by the creation of a board  
of admiralty for the whole empire, or  
by other means, we shall know in  
due course; perhaps before the end of  
the present summer."

### BIG FOURTH TO-DAY.

They're celebrating a great national  
holiday across the line, are those bor-  
ers and cousins of ours, and we ex-  
pect a visit from many of them to-day  
here in Toronto. We desire to call to  
the attention of all visitors the fact  
that Canada offers some inducements  
in special lines of native furs and in  
English hats for men. The Dineen  
Company's showrooms are stocked with  
the latest Parisian garments, made  
from such splendid Canadian furs as  
mink, ermine, Hudson Bay sable, fisher,  
silver fox, Alaska sable, baum mur-  
ten, etc.

## TORONTO WOMAN MISSING SINCE MARCH 8, HUSBAND GETS POLICE ASSISTANCE

D. Alexander Fears That His Wife Was Lured Away by  
White Slaver—Four Small Children Left in Toronto  
—Walter Kelly Named as the Man Who  
Enticed Her Away.

D. Alexander, of 58 Spadina-avenue,  
a car sweeper at the Union Station,  
has asked the police of several cities  
to assist him to locate his wife, who  
disappeared from her home on March  
8 this year. Four small children,  
ranging in age from four to twelve  
years, were placed in institutions when  
the home broke up. The husband  
claims that Mrs. Alexander left the  
city in company with a man named  
Walter Kelly, a machinist, who had  
boarded with the Alexander family.  
He believes that the couple are either  
in London, Ont., or Buffalo, N.Y.  
The husband is a steady working man,  
finding it particularly hard to look  
after the children he had to place them  
in the care of institutions.

Ontario towns, as well as American  
cities along the frontier, are making  
attempts to find him. Mrs. Alexander  
is aged about 35 years, about five feet  
five inches in height, and rather thin  
and dark complexioned. When she left  
home she wore a grey check suit with  
a fringe of velvet along the bottom of  
the skirt and tan shoes. Kelly is five  
feet four inches tall, clean shaven,  
fair, wore a brown suit, tan boots, and  
his shoulders are rather stooped.

## LIMIT DISTRICT FOR DELIVERY

Special Delivery Letters, W.I.I.  
Not Be Distributed by Boys  
When Two Cars Are  
Needed.

The postmaster is in receipt of a  
communication from the department  
respecting the delivery of special deliv-  
ery letters, in districts outside of the  
city, where it is necessary for the mes-  
senger to take a second car line, stating  
that in future letters addressed to those  
districts are to be held until the next  
regular delivery by letter-carrier serv-  
ing at the address. These instructions  
are issued for the reason that the de-  
partment cannot undertake to effect  
delivery of such letters at a loss which  
it would have to be paid in this case.  
This in addition to the amount paid to  
the special messenger would make a  
total cost of 10 cts. In addition to the  
postage paid. Letters prepaid by spe-  
cial delivery, within a reasonable dis-  
tance from the end of the city car  
lines, will be delivered by special mes-  
senger, provided they are not required  
to walk over half a mile.

## BROKE HIS BACK IN LONG FALL

Falling from the third story of the  
Arlington Hotel, James McLean, a  
porter employed at the hotel, yesterday  
while cleaning windows on the third  
floor, fell to the flagging in the court-  
yard and broke his back. Employees in  
the kitchen of the hotel heard a noise  
like some sack or other object falling  
and went out to see what it was. They  
found McLean lying there unconscious.  
He was taken in a police ambulance to  
St. Michael's Hospital, where his condi-  
tion is said to be very promising. It  
is not thought that he will die.

## SAY BIG FRANK IS RESPONSIBLE

Coroner's Jury Blames Missing  
Italian for Murder of John  
Masternek at the  
Humber.

As expected the coroner's jury last  
night found no difficulty in arriving at  
the conclusion that John Masternek,  
the Polish laborer who was murdered  
in the affray a week ago last Sunday  
night, on the Lake Shore-road, came to  
his death as the result of wounds  
inflicted by "Big Frank" Bastilo.  
The evidence submitted practically  
duplicated that given at the inquest  
into the death of Mike Gyrdan at  
Humber Bay on Tuesday evening.  
Dr. Thomas D. Archibald, who con-  
ducted the post-mortem examination  
on the body of Masternek, testified  
that there were no bullet wounds upon  
the body. Masternek had been stabbed  
twice near the left shoulder and once  
on the back. He had also received a  
heavy blow on the head with some  
blunt weapon. Tommy Masternek tes-  
tified that he had seen Bastilo strike  
his brother with an umbrella handle.

### ATTEMPT ON HONG KONG GOV. ERNOR.

HONGKONG, July 3.—(Can. Press.)—  
An attempt was made to assassinate  
Sir Francis Henry May, the governor  
of Hongkong, to-day. A Chinese man  
rushed at the governor near the post-  
office and fired a revolver, but the bul-  
let merely perforated the chair in  
which the governor was seated, without  
doing further harm. The attack  
caused intense excitement.

Sir Francis Henry May was appointed  
governor of Hongkong Feb. 16 last.  
He is a Brig.-Gen. Sir Frederick J.  
D. Lugard.

Who May Vote.  
Everyone in North Toronto,  
whether a property owner or  
tenant, and who is on the list  
will be entitled to vote against the  
double-tracking of Yonge-  
street, and for annexation to the  
city.

### Canadians at Bisley.

LONDON, July 3.—(C.A.P.)—  
At Bisley the Canadian mark-  
smen were blazing away at the  
range from daylight, preparing  
for next week. They are in  
excellent health and spirits.  
Old John de Laurier, mess ser-  
geant, is much missed by Eng-  
lish frequenters. The N.R.A.  
secretary has cabled Colonel the  
Hon. Sir Hughes a thousand  
thanks for Canada's generous  
contribution.

## PREMIER'S VIEWS OF ROWELL'S SPEECH

Sir James Whitney Says That  
Leader of Opposition Made  
Misrepresentations at Meet-  
ing in London When He Dealt  
With the Question of Club  
Licenses.

When asked yesterday for a few ob-  
servations regarding the meeting in  
London on the holiday which was ad-  
dressed by N. W. Rowell, K.C., lead-  
er of the opposition, on the temperance  
question, Sir James Whitney said:  
"There are people who would never  
dream of such a thing as telling part  
of a story to the public, which would  
be sure to carry with it an incorrect  
understanding of the truth, and not  
telling the truth openly and boldly.  
Mr. Rowell, I am afraid, is not one  
of these people."

"There is nothing to be said regard-  
ing the statements of Mr. Rowell.  
Every political speaker contends that  
he is right and his proposition should  
be acquiesced in, and calls upon every-  
body to acquiesce in it."  
"I do not care to comment on his  
initial summer meeting. It was held  
in the city of London, which has a  
population of about 50,000, in the centre  
of thickly populated counties. Advan-  
tage was taken of the holiday and  
hands were on hand. But with all  
these favorable conditions only 3000,  
according to the Globe, assembled. I  
also observed what was very startling,  
namely, the absence at the meeting of  
all the prominent men of the Liberal  
party in London and vicinity. It was  
hardly fair treatment to mete out to  
Mr. Rowell."

### Some Misrepresentations.

"It was also sorry to observe the mis-  
representations of which Mr. Rowell  
was guilty in his statements about club  
licenses. The Globe put these words  
into his mouth: There were no club  
licenses in Ontario when the present  
government came into power. And  
there will be no more when they get  
out."

"He also said that many clubs were  
simply drinking places, the intention  
of the statement evidently being to  
convey the impression that before our  
advent into power clubs had no power  
to sell intoxicating liquors. But Mr.  
Rowell failed to tell the people that  
the clubs, which were in existence  
when we came into power, were act-  
ing under charters granted by our pre-  
decessors, and these charters gave  
them power to sell intoxicating liquors.  
I never heard Mr. Rowell kicking up  
a row with the old government on this  
ground."

### Must Have Licenses.

"After we came into power we com-  
pelled these clubs, empowered by their  
charters to sell liquor, to take out li-  
censes in addition and to pay for the  
licenses. And we issued charters to a  
number of clubs ourselves, but in every  
case they were obliged to take out li-  
censes and pay for them."

## KINGSTON MAY NOT USE HYDRO

KINGSTON, July 3.—(Special.)—The  
report of R. S. Kelch, Montreal ex-  
pert, on the power propositions from  
hydro electric commission and Sey-  
mour companies was received at the  
meeting of the civic utilities commit-  
tee, and if the report of Kelch is adop-  
ted the city will not enter into a con-  
tract for power from either the hydro-  
electric commission or Seymour Power  
Company, but will make additions to  
the city's own plant.  
Mr. Kelch says with additional  
equipment the present plant will give  
the city thru for some years.  
The expert says the figures of the  
hydro-electric commission are but es-  
timates, and it would not be wise to  
enter into a contract. If the Seymour  
Company offer was accepted the city  
would not be able to give power at  
less than present rate.

## A Day For the Democrats

The political situation in the United States has cleared a good  
deal—for the moment at least, and perhaps for some time. We point-  
ed out yesterday that Wilson's chances would depend largely upon  
the attitude of Bryan and Hearst, who both stand for a radical and  
progressive campaign. Both of these men have declared themselves  
friendly to Wilson and that they will work for his election.

Still more important is the fact that Wilson is being accepted by  
the country as a progressive candidate and as the man on whom the  
great bulk of the progressives, as well as the old conservative ele-  
ment of the Democratic party, can unite.  
Still further, Mr. Wilson is to be given largely the charge of his  
own campaign—a rather unusual thing in contests of this kind.  
This means that nobody can get to him by subscriptions to his cam-  
paign fund of which he would be ignorant. Mark Hanna, the head of  
the trusts in the United States, was the chief money finder for the  
Republican candidates in two or three elections and therefore the  
Republican party were mixed up in the using of what is called tainted  
money. Wilson can protect himself against this by managing his  
own campaign.

Mr. Wilson can also be as progressive as he likes and will not  
therefore be tied down by anything he has said in the past. He will  
be judged largely by what he says now as a candidate.

On the whole, therefore, the Democratic party seems to be in  
much better shape than it was when it assembled at Baltimore.  
The situation for the moment, then, leaves the Democrats and  
goes back to the Republicans and people will want to know the in-  
tentions and the program of Roosevelt and Roosevelt's friends. We  
do not by any means believe that Roosevelt will withdraw from the  
fight, but that he will issue a hurricane call for a progressive candi-  
date, most likely himself, and make a strenuous appeal to progres-  
sives all over the union to give him their support. For a time we  
may see some of those who promised him support wavering in their  
allegiance and requesting him to withdraw, but we cannot imagine  
him accepting this advice. Nor can we at this moment see Mr. Wood-  
row Wilson on the road to being the next president of the United  
States. But just at this moment the Democratic party is very much  
to the front and congratulations are in order in all directions. Mr.  
Wilson is duly launched as a contestant in what is to be the greatest  
political struggle that ever occurred on this continent.

## WAKE UP, SAYS DOCTOR, TO TORONTO'S COUNCIL

Chief Medical Officer for Ontario Wants to  
Know What Steps Are Being Taken to Pre-  
vent a Water Famine, and Quotes Law to  
Acting Mayor Church.

Acting Mayor Church was warned of  
the seriousness of a probable water  
famine in Toronto by Dr. McCullough,  
chief medical health officer for On-  
tario, in a letter yesterday. The letter  
was not made public by Mr. Church,  
or Dr. McCullough, but, it is under-  
stood, that the health officer pointed  
out the fact that the Toronto Council  
has not been fully alive to the danger  
of water famine, and sufficient steps  
have not been taken by that body to  
keep the citizens constantly supplied.

## REGINA SLOW TO SUDDEN DEATH ASK FEDERAL AID OF T.G. DEXTER

But in Meantime \$30,000 Will  
Be Rushed From Ottawa —  
\$10,000 for Chi-  
coutimi.

OTTAWA, July 3.—(Special.)—Pend-  
ing a reply from the government of  
Saskatchewan, the Dominion Cabinet,  
at its session last afternoon, voted \$30,  
000, to be rushed immediately to Re-  
gina for the relief of the cyclone suf-  
ferers. Word is expected hourly from  
the provincial authorities, and it is  
probable that another and larger  
amount will be voted just as soon as  
the government here can get an official  
statement as to what aid is deemed  
necessary.

The government to-day also voted  
\$10,000 for Chicoutimi, and this will  
also be forwarded to-morrow.  
The last meeting of the cabinet coun-  
cil for some weeks will likely be held  
to-morrow afternoon, and should a  
message be received from the Saskat-  
chewan Government in the morning  
an additional sum may be voted at  
that session.

## THIRD PARTY IS LAUNCHED IN INDIANA

INDIANAPOLIS, Ind., July 3.—(Can.  
Press.)—A third political party was  
launched in Indiana to-day, when Pro-  
gressive Republicans, called from all  
over the state by Edwin M. Lee, for-  
mer Republican state chairman, adop-  
ted resolutions condemning the Chicago  
convention and declaring they would  
not abide by its acts.  
Provision was made for tickets in  
every county, as well as a state ticket.  
During the speeches Theodore Roose-  
velt's name frequently brought forth  
cheers.

W. D. Hendrick of Indianapolis and  
G. K. Stinson of Lafayette were the  
leading opponents of the third party  
idea. Mr. Stinson was a member of  
the resolutions committee and brought  
in a minority report against the third  
party.

## REGINA RAPIDLY RISING FROM RUINS

Many Buildings Damaged by  
Cyclone Will Require Only  
Partial Reconstruction —  
Memorial Service for Victims  
to Be Held—Building Loss  
\$2,050,000.

REGINA, July 3.—(Can. Press.)—  
Plans are being laid for the rebuilding  
of the capital of the province. It is  
announced that a new Crippen block  
will be erected as soon as the old site  
can be cleared.

Since Monday morning hundreds of  
carpenters, bricklayers and laborers  
have been busy clearing away the de-  
bris and repairing such structures as  
can be put in shape with a little work.  
On the north side, where the devastation  
was unusually severe, the work of  
reconstruction is progressing rapidly.  
The street railway system is again  
in operation. The cyclone blew down  
the poles and put practically all of the  
overhead wires out of place.

Many buildings believed to have been  
in bad condition have been declared  
safe by the building commissioner, and  
he has allowed the repair work to  
proceed.

In a number of instances the large  
buildings were not shifted on their  
foundations and all that will be neces-  
sary will be the rebuilding of the de-  
stroyed parts.

The Presbyterian Church, Y.M.C.A.,  
Baptist Church, Y.W.C.A., Victoria  
School, Land Titles and Masonic Tem-  
ple, and the Massey-Harris building  
have been found to be in good shape,  
and work of repair has been authori-  
zed by the building inspector.

### Aid Still Pours In.

The true spirit of Canadians in gen-  
eral is being shown in connection with  
the calamity and the subscription list  
opened by the city is growing at a tre-  
mendous rate. Even the smaller towns  
best toward assisting the stricken city.  
The officials have received notifications  
of subscriptions totaling \$85,774.25,  
and the fund is rapidly assuming  
larger proportions.  
A memorial service for the victims  
of Sunday's catastrophe will be held in  
the near future. The general senti-  
ment believe that this matter should  
stand in abeyance until the work of  
relief is well in hand. Sunday is the  
earliest possible date for the proposed  
memorial service, and it may be sev-  
eral days later. It is practically cer-  
tain that all the churches will unite  
in a joint service.

### Will Dynamite for Bodies.

Dynamite will probably be used to  
locate any bodies which may be in the  
Wascana Lake. It is still believed by  
the officials that a number of water  
craft were still on the lake when the  
cyclone struck Regina, and that sev-  
eral persons may have been drowned.  
At first it was intended to drain the  
lake in order to get the bodies, but it  
is understood the provincial medical  
authorities refused to allow this, claim-  
ing that it might start an epidemic of  
typhoid fever.

### Building Loss Two Millions.

Losses are estimated as follows:  
Warehouses and wholesale  
places destroyed \$2,000,000  
Seven churches and two Y.  
M. C. A. buildings, value... 240,000  
Seven schools, value... 125,000  
75 residence residences, value... 750,000  
140 small residences, value... 140,000  
Total building loss... \$2,060,000

### MONTREAL VOTES RELIEF FUND.

MONTREAL, July 3.—(Can. Press.)—  
The city council to-day, on the recom-  
mendation of the board of control, voted  
\$6000 to relief funds, \$3000 to Chicoutimi  
and \$3000 to Regina.

## THIRD PARTY NOT NEEDED?

Progressive Republican Sena-  
tors Think G.O.P. Should  
Be Able to Purge  
Itself.

WASHINGTON, July 3.—(Can.  
Press.)—Several Progressive Republi-  
can senators, conferring over the  
situation growing out of the presi-  
dential nominations at Chicago and  
Baltimore, have vetoed the opinion  
that a third party in their states was  
unnecessary. Their several opinions are  
that electing in sympathy with former  
President Roosevelt will be on the Re-  
publican ticket in California, Washing-  
ton, Kansas, Nebraska, Minnesota and  
the Dakotas, among others.

None of the Progressive senators  
here has announced any intention of  
leaving the Republican party.

### BUILDING UP IMPERIAL NAVY.

LONDON, July 4.—(C. A. P.)—Yves  
Lewis Harcourt in the commons last  
night announced New Zealand's pres-  
ent contribution to the imperial navy  
to be \$600,000 and South Africa's \$425,-  
000. New Zealand is contributing a  
battleship to the value of \$10,000,000.
