not been long in session and the reports of its proceedings were at first
conspicuous by reason of their brevity,
and as yet are not too complete enough. in epitome the characteristics of Bri- assures us that the American importquestion set down before the assembled British in that it is a compromise between views and arguments differing to be. in form but substantially identical. Efforts have been made in some quarters to prevent the Australian premier's suggestion that the designation of the in future the "imperial council," in tax? Of the anti-dumping clause? Of British Legal and General Life Assurparliamentary quintessence should be the light of a surreptitious attack upon the autonomy of the individual states. This, too, despite Mr. Deakin's distinct and repeated explanation that he did not propose any change in its status and powers, and, indeed, was as strongly opposed to interference with the virtually independent and actually selfgoverning communities as the Canadian premier himself. This position is, in fact, common ground to all the states of the empire, including the mother- preference. land herself. Lord Elgin simply voiced a unanimous opinion when he said that it would be difficult for him to agree to the establishment of a body with independent status or authority. A proposal of that kind, he added, might be dangerous to the autonomy of all.

Lord Elgin's resolution, relative to the
