New Fall Dress Goods

Our leadership in Dress Goods is more pronounced this season than ever before. The superior quality of our stock, the charming collection of dependable fabrics, the immense MR. BLAKE RESPONSIBLE FOR SUNDAY A shorthand report of the conference range of exclusive novelties, and the large assortment of choice styles and newest patterns give this department a supremacy never before attained in Canada. Every worthy and to the temperance people who deserved the Sabbett be tall in order that we may be a public, in order that we may be a public, in order that we may be a public. style from the most reliable manufacturers in France, Germany and England is represented here. 46-Inch All-wool Corkscrew Covert Suitings, in all the leading colors, very choice and furnament or vindictiveness. But we have no expect solitings, in all the leading colors, and they had been fairly beaten and quietly harmonized themselves with the new conditions. With such citizens we would be loth to show resentment or vindictiveness. But we have no expect solitings, in all the leading colors, and lithe leading colors, and lithe leading colors, very choice and furn weare.

54-Inch Fine Fench Broadcloths, in a full range of all the new conditions. With such citizens we would be loth to show resentment or vindictiveness. But we have no expect solitings, in all the leading colors, and lithe expected that the sum of the proposals of my own, I desire to hear the views of the gentlemen present time, rather than suggest any proposals of my own, I desire to hear the views of the gentlemen present."

The fact that no mention is made in the report of any resolution favoring the views of the gentlemen present."

The fact that no mention is made in the report of any resolution favoring two-sided preferential trade confirms the unofficial reports we have received to the effect that the Canadian Premier so the effect that the Canadian Pre

he reside in Great Britain or in Canada, will favor any policy that tends to transfer to Great Britain the \$60,000,000 worth of business now done by the United States with Canada, and to transfer to Canada the \$230,000,000 worth of the Canada the Canad to Canada the \$230,000,000 worth of business now done by the Umited States with Great Britain. We ought to keep these figures constantly before us, as they serve to measure the possibilities of a policy designed along the lines we have indicated. The Canadian preferential schedule is expected to have the effect of transferring more or less of this \$60,000,000 United States trade with Canada to Great Britain. As yet, our preferential tariff has had no apparent effect in this direction. On the contrary, there has been a decrease of 14 per cent. in our imports from Great Britain since the new tariff went into force. But reasons are assigned for this apparent anomaly, and it is expected, especially when the 25 per cent. schedule is provided in the photograph gallery.

Keeping Rich

"Is frequently harder than getting rich. Many a man loses for the Sunday cab is Mr. Blake. What a view to seeing whether such a result wheat out of stooks into stacks, or in two or three months the accumulations of 20 or 30 years.

The Compound Investment Policy of the North American Life Assurance Company,

Toronto, is admirably adapted to meet the wants of all classes of intending insurers. The advantageous features combined in this attractive form of policy make it a valuable security during the earning years of life and a satisfactory and a remunerative investment at the end of the investment period selected. All premiums after the tenth on limited payment policies will be lent at 6 per cent. interest and not be deducted from the policy in case of death during the investment period.

All the policies issued by the Company are indisputable after one year from date.

The North American Life has a larger ratio of assets to liabilities and net surplus to liabilities than any other Canadian

For pamphlets, explanatory of the Compound Investment and other excellent plans of the company, address
