How the Vote Stood in the Different Ballots—Many Patrons Attended.

Alliston, July 21.—(Special.)—The Conservatives of South Simcoe met here to-day and selected Sir Charles as their candidate for the House of Commons in the place of the late Col. Zyrmitt, M.P.

The meeting was large and enthusiastic. Twenty-two names were proposed, and of these the following were voted on the ballot:

Dr. J. J. Williams of Essex, physician, Hamilton, Ontario, and Barrister.

In the second ballot Lennox 183, Bell 100, Williams 74.

In the third ballot Lennox got 187 votes and Bell 138. The nomination of Mr. Lennox was therefore made unanimous.

The convention met in the Town Hall and filled it to the rafters.

Mr. Lennox, it will be remembered, unsuccessfully contested North Simcoe with the late Dalton McGee, M.P.

And of Confidence. A resolution of confidence in Sir Charles Tupper, the leader of the party, was also carried with cheers.

One of the features of the Convention was the presence of a number of Conservatives who had been expelled from the party.

Who Addressed the Gathering. Organizers Wright and Leavitt were at the meeting. Among those who addressed the meeting besides the candidates were Dr. Spooner, M.P., W. F. Maclean, M.P., and Messrs. Hart, Little, M.L.A., and Carr.

Officers Elected. At the morning meeting officers of the association were elected as follows: President, John Stewart of Alliston and Toronto; vice-president, James Fraser of Tottenham, re-elected; secretary, Col. H. A. Banting of Cookstown, re-elected; treasurer, Joseph Wright of Weston, re-elected.

Crowds at Munro Park. Saturday afternoon's attendance at Munro Park was almost equal to that on a general holiday. The service from 4.30 till after 11 o'clock to handle the rush of visitors. The five-cent reserved seat experiment proved a great success, every seat being taken in a few minutes. A large number of additional free seats are also being added. The music for New York, a great send-off. He has secured a first-class appointment in one of the best opera companies, and his rendering of "Milk and Honey" was greatly appreciated. The week's program will be immensely popular. The Australian nightingale, Marion and Clara Llewellyn, make their first appearance in Canada, after a tour of great success in their own country, their first appearance in England.

Speaker Pelletier Dying. He Was Taken Suddenly Ill at His Summer Residence on the Island of Orleans.

IS NOW LYING AT DEATH'S DOOR. The Last Rites of the Church Have Been Administered—His Political Career.

Quebec, July 21.—(Special.)—Very general regret will be felt through Canada to learn that Sir Alphonse P. Pelletier, Speaker of the Canadian Senate, was taken suddenly ill yesterday at his summer residence, Island of Orleans, and that he is now at death's door. The last rites of the church have been administered.

Hon. Charles Alphonse Pelletier, M.P., B.C.L., P.C., Q.C., is a son of the late Rev. C. P. Pelletier, founder of the College of St. Anne, Quebec. He was born at Riviere du Loup, in 1837, was educated at St. Anne's College and at Laval University, from which he obtained the degree of B.C.L. in 1858. He married in 1859, Marie-Anne, daughter of the late Hon. Charles E. Casgrain, M.L.C., and his first wife died in 1862. His second wife was Virginia, second daughter of the late Hon. M. F. Le Sage, La Touraine, Canada, and afterwards in that of United Canada. Mr. Pelletier was called to the bar in 1860, and appointed Q.C. by the Queen's government in 1870. He has been syndic and lieutenant of the Quebec bar, and was three times elected president of the St. Charles Hotel, and twice president of the St. Charles Hotel, and twice president of the St. Charles Hotel.

He was several years major of the Quebec Volunteers, and held the rank of lieutenant-colonel in the militia. He was a candidate for the general election of 1878, when a special return was made and the constituency was without a representative for some months. He was re-elected for that seat in 1880, and was re-elected in 1882 and 1884. He sat for Quebec East in the Quebec Assembly from February, 1877, to January, 1881, and was elected because of the act prohibiting dual representation. He remained in the Commons as a Conservative representative up to 1887. He was sworn of the Privy Council in 1887, and held the office of Minister of Finance, which office he held till October, 1878, when he resigned with his colleague. He was president of the Canadian commission for the Paris Exposition of 1878, for which service he was created a C.M.G. in October, 1878. He was called to the Senate in 1877, and promoted Speaker of the Senate in July, 1890.

FAIRWEATHER'S MIDSUMMER SALE

"One-Third" to "One-Half" Off

All Our Straw Hats

We have more Straw Hats than we care to carry into another season and we're going to make prices clear them out—every lot we've to sell comes under the head of "best English" or "best American" make—the styles are exclusive—not cheap unworthy stuff—but just the lines that were sold to and are being worn by Toronto's best dressed men—and the big demand for them right up to now at the regular prices proves the styles right and the prices right—but it's riddance, no profit, we're after, so the THIRD to a HALF OFF sale goes into vogue this morning and there's plenty of real straw hat weather ahead of you yet—take advantage of "Fairweather" style and quality at Midsummer Sale prices.

Here's a "Challenge Lot"—We sell the best value in a Straw Hat in the City for 1.00

Straight 20 Per Cent. off Light Summer Felts

This discount idea is "catching" and has taken hold of our fine lightweight summer felts in pearls and light shades; it's not a mere knocking off of the odds here and there to give the appearance of cheapness, but a straight 20 per cent. off our whole range of exclusive styles and guaranteed qualities—by noted English and American makers—lines that sell in the everyday way of selling at from 2.00 to 4.00.

Remember—Third to Half off Straw Hats and Straight 20% off Light Fedoras. Prices out exactly in half on Children's and Boys' Sallors.
