BODY WILL LIE IN TRANSVAAL.

British Government Grants Request of Mr. Kruger's Relatives.

London, July 15.—At a meeting of the privy council this morning at Buckingham Palace, at which King Edward presided, the request of the relatives of the late Mr. Kruger, former president of the South African Republic, for the interment of his remains in the Transvaal, was granted, and it was subsequently announced that the desired permission had been telegraphed to Clarens, Switzerland (where Mr. Kruger died yesterday), thru the British minister at Berne.

BOER GENERALS' TRIBUTE.

St. Louis, July 15.—General Cronje and General Viljoen issued this statement yesterday after learning of ex-President Kruger's death:

"Kruger's death is mourned by every Boer-hero. They feel that his exile and isolation in a strange country in his old age has hastened the end.

"We recognize in him one of the greatest characters of South Africa. He was sadly misunderstood and maligned. His intentions were profoundly patriotic. Many things that he did would have been better, perhaps undone. However, since his youth he served his country and his people and became gray in the service of the country he loved. His name and career will be indelible in the history of South Africa. He followed the dictations of Scripture and the Supreme Being in his simple way faithfully, and we are satisfied that he died in peace with his Maker.

THEIR POWERFUL ORGANIZATION.

Butcher Workers Number Over 100,000, Embracing All Branches.

F. C. Letts, secretary of the local Butcher Workers' Union, said last night that from advices he had received he thought the big strike would be settled by to-night. If not, then it would be extended so as to include the smaller plants in the middle west and eastern states, and the effect would be paralyzing. The union is most powerfully organized, and every gang of men who handle the cattle from the unloading to the packing, and the various mechanical workers in all connections in the plants are included in the ranks. From a body of 1000 men in 1897, it numbers now over 100,000, with 405 locals, the most recent addition being from Puerto Rico.

Concerning the local situation, Mr. Letts said that the Harris Abattoir Company were offering some of the strikers more money even than the union was asking for them, on condition that they would return as non-union men. He said that not one-half as many cattle were being killed now as before the strike. Financial assistance is coming in liberally from many points. Yesterday $50 was received from a Chicago local and $10 from Fort Worth, Texas.

The barbecue at the exhibition on the 27th will include a competition between Champion M. F. Mullens of Chicago and ex-Champion John Glass of Buffalo for $250, and a competition between Dan Woods, Alex Brady and T. Fearman, local experts.

Live Stock at Winnipeg.

The Dominion Shorthorn Breeders' Association of Canada intend having representatives present at the Dominion of Canada Exhibition at Winnipeg next month, and Secretary Wade will be in attendance to give any information regarding the association which may be required. It is also the intention of the association to have an office on the grounds, where they will be pleased to supply pedigree forms and transfer slips, free of charge, and to receive registrations, etc. This, no doubt, will be found a great convenience to the western breeders who may wish to make registrations at the time of the exhibition.

West End Y.M.C.A. Boys' Camp.

This morning some 60 boys will leave by the steamer Ojibway for their annual outing at Bronte. The boys anticipate a good time, as most of last year's leaders will be along. The outing lasts 15 days, each day being set apart for some distinctive program. Saturday, 23rd, will be visitors' day. The boys will meet their friends at Oakville.

Sent a Lawyer's Letter.

Bert Walton, "the man who didn't," has sent a lawyer's letter to the Toronto Ferry Company management, forbidding them to allow Oliver Belz to use the runway at Hanlan's Point. No attention will be paid to the communication, as the Ferry Company consider they are the people who have the grievance.

A Watford Failure.

Benson and Company, general store keepers of Watford, have made an assignment to John White of that place. Liabilities amount to $10,000, with unannounced assets. Several wholesale Toronto houses are interested.

Adjourned Until 25th.

The Sudbury investigation by the license department commission sat and partially heard the evidence, and then adjourned till the 25th inst. at North Bay.

JUDGE FAVORS RELEASE BUT UNABLE TO GRANT IT

Application on Habeas Corpus Dismissed, But Mr. Anglin's Opinion to Be Used.

Mr. Justice Anglin yesterday dismissed the application for the release of Sam Thompson on a writ of habeas corpus issued by D. O. Cameron, his solicitor. The judge held that the matter was not within his jurisdiction on account of the conviction having been made in a court of record and a certificate of such conviction brought before him. The only resort available for the prisoner was an application to the court of appeal and his lordship thought that if the matter was brought to the attention of that court, action would be taken before the sittings in September.

He expressed the opinion that the conviction was invalid, basing this upon the fact that the depositions before Magistrate Denison were taken in the absence of the prisoner. Had he been able to deal with the case on its merits he would have quashed the conviction on this ground.

The ruling of Mr. Justice Anglin will be forwarded to the minister of justice at Ottawa, and used in furtherance of the application for the release of Thompson.

The opinion is generally expressed that Thompson and also Cahoon and Kerr will be released very shortly, since the Grays have been freed, and the learned judge has held that Thompson's conviction was bad.

GOODS IN BOND SAVED BUSINESS.

If Examining Warehouse Had Burned, Who Would Have Lost?

Two merchants were comparing their experiences since the fire yesterday, and one said: (

"It kept us on the jump, but in May we did 75 per cent. of last year's business, in June we did 85 per cent., and this month we are up even. We could not have done it, but for the goods in bond. If the examining warehouse had been burned there would have been very great damage done to many firms."

Said the other: "Who would have been responsible for the goods in bond if they had been burned?"

"The railways. They had not made delivery. The government pays them to bring them into the warehouse, and they deliver them after examination. It's a nice point, tho."

WINNIPEG'S BUILDING BOOM.

Winnipeg, July 15.—The city's building statistics are expected to show an increase of $4,000,000 over last year. Six millions was spent last year. Houses are bought or rented months before they are completed. Permits issued up to the end of June, 1904, call for the erection of buildings valued at $6,072,450. Among the many big structures under construction are the C.P.R. repair shops in the northwestern part of the city, at an estimated cost of $2,000,000; the new C.P.R. depot and subway, estimated cost $3,000,000; the new C.P.R. freight sheds, $200,000; Union Bank block, $400,000; Free Press building, $150,000; addition to R. J. Whitla's wholesale drygoods warehouse, $125,000; Scott furniture warehouse, $100,000.

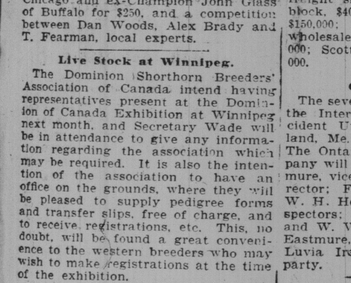
Free to Men Until Cured



For nearly forty years I have successfully given new life, strength and vigor to weak men. Think of the wonderful merit of a remedy that has stood this test! Think of the experience I have gained in making strong, vigorous men out of the wrecks who suffer from dissipation, who are feeble, suffer from dissipation, who are feeble, suffer from varicocele, drains and exhaustion, rheumatism, lame back, etc. My cures number tens of thousands and many whom I can refer to by permission. I now know so well that Electricity, as I give it to weak men, cannot fail, that to any sufferer who has faith enough to try my treatment I will give two months' use of my world-famed Dr. Sanden Herculex Electric Belt, and will ask

NO PAY UNTIL CURED

Not a penny is to be paid me or placed on deposit in any way until you are cured or fully satisfied, and then the price is only $4 in many cases. I have made the greatest success ever known placing my cure with sufferers on its merits, and will not be satisfied until every such one has tried it. Being a crowning success, my belts are of course imitated. But the valuable advice I give is only got from ripe experience and is mine alone. It is given freely until my patient is well—belt and advice all without charge until cured.

Call or send for one to-day, or if you want to know more about my treatment get my free books upon Eelectricity and Its Medical Use. Free, sealed, by mail.

ESCAPED FROM NIAGARA RAPIDS.

Hamilton, Unable to Swim, Escapes Death Miraculously.

Niagara Falls, July 15.—Edward Lloyd, a shoemaker from Hamilton, had a narrow escape from going over the American Falls about 9 o'clock last night. He was walking on Willow Island, and stepped on a rock at the water's edge to get a better view of the rapids. He slipped and fell into the water.

He was carried rapidly downstream towards the Falls. He struggled bravely to reach the shore, and just above the Goat Island bridge, when he had given up hope of reaching the shore, he struck a rock and managed to cling to it until his strength returned. He then made a final effort, and succeeded in reaching a place of safety just below the bridge.

He walked to a saloon on Falls-street, where he collapsed on the floor. He was taken to police headquarters in the ambulance, and recovered consciousness in a half hour. Lloyd came to this country in search of work. He had 26 cents in his pockets. His escape from the plunge over the Falls is considered miraculous, as he cannot swim a stroke.

Hamilton, July 15—Inquiry at the McPherson shoe factory brings the information that Lloyd had worked in the factory, but no one seems to know where he has lived or where he came from originally. He was in Hamilton on circus day and went to the factory, not going to work, however. Since that time the factory people have heard nothing of him.

Chief Parnell of St. Catharines yesterday asked the assistance of acting inspector Reburn to recover $25 which had been stolen in St. Kitts and sent to Toronto for safe keeping.

Bella Holden, a woman well-known to the Toronto police, has been employed as a chambermaid at the new Murray Hotel, in the canal town.

Since her coming there a number of articles have been missed. She admitted the theft of $80, and volunteered the information that she had sent $25 to a Toronto friend.

This was recovered with the aid of the Toronto detectives.

Hugh Clark's Dictum.

Kincardine Review: Lord Dundonald should know that these men who rant and rave as dignitaries offended can be suppliants as well as tyrants. They tried that same policy with Hon. A. G. Blair. Execration and anathema were handed out to him as to Dundonald, but when they found that he still remained dangerous, they cringed and fawned and gave him of the best in the land—the chairmanship of a commission with a salary of about $50 a day. The bully and the coward are sometimes covered with one hat.

BARBERS' BYLAW.

Editor World: As I don't require to be shaved by a "Barber" I think my opinion ought to pass for what it is worth, and that is a barber in this Canada of ours has as just a right to shave a customer night or day as a lawyer, doctor or any other professional gentleman has. It is nothing short of a piece of political clap trap to catch aldermanic votes of the $200 kind. Voter.

Lower Windsor, Carlton Co., N. B., July 15.—(Special.)—T. H. Belyea, postmaster here, has come out with an emphatic statement that is heartily endorsed by the great majority of people of this district.

"I believe," says the postmaster, "that Dodd's Kidney Pills are the right medicine for Kidney Trouble and will do all that is claimed for them.

"I have been bothered with Kidney Trouble for years and tried several kinds of plasters and other medicines, but did not get much lasting benefit. Then I tried Dodd's Kidney Pills, and would say they seem to have made a complete cure, as I feel as well as ever I did."

There are numerous people prepared to make statements like that of Postmaster Belyea, but the case of Kidney Disease that Dodd's Kidney Pills will not cure has yet to be reported.
