Local mining markets to-day showed a fistinct reactionary tendency in the lower-priced stocks. The markets during the morning session was on the easy side and closed lower all round with only a few exceptions.

There was some selling of Temiskaming which caused a drop of 2 5-8 from Tuesday's closing, while Beaver was practically unchanged.

Crown Reserve, Kerr Lake, Nipising and Right of Way were all marked up on a small demand, and La Rose was steady.

The stock of the Ophir Company was steady, closing firm at 55c bid and 57c offered. The other newly listed issue, Great Northern, was in good demand, selling up to 13 1-2c at one time and closing strong at about 13c.

Chambers-Ferland was steady, and the unifsted stocks showed litte change. The price of bar silver continues on the up grade and should prove a strong factor in the expected strength of Cobalts. The market closed with a steady undertone, brokers not being of the opinion that the setback means anything more than a natural reaction. An order for forty thousand shares of Peterson Lake was sent to Toronto from Montreal this afternoon, but the market would not allow of the order being filled without substantially advancing the price.

Good Strike at Calcite Creek.

ELK LAKE, April 30.—(From the Man up There).—A report has been brought in of a good find of sliver at Calcite Creek, in the Township of Lawson. It is said that while doing the assessment work a two-linch vein carrying about three thousand ounces of the season and the content of the content of

the assessment work a two-inch vein carrying about three thousand ounces of silver to the ton was uncovered. RICHEST IN THE WORLD

Ophir Listed.
Ophir has been listed on the Standard Stock Exchange and also on the Toronto Stock Exchange Curb, The stock sold up to 55 1-2 cents, and was in great demand at both exchanges.

Mc- of the better boats on the lines sailing Dr. Linn was introduced to F. A. Mc-Intosh, by Capt. Clark. Mr. McIntosh made a fortune, it will be recalled by many, by the discovery and sale of the Bartlett Mines. He was for a long time a resident of Los Angeles, and in the discussion of the home city, they found a common ground for conversation. When Mr. McIntosh learned of what properties the doctor had acquired, he congratulated him heartily.

Dr. Linn was for some years a resident of Buffalo, and still owns valudent of the better boats on the lines and Montreal in the summer months are even now quite from New York and Montreal in the summer months are even now quite from New York and Montreal in the summer months are even now quite from New York and Montreal in the summer months are even now quite from New York and Montreal in the summer months are even now quite from New York and Montreal in the summer months are even now quite from New York and Montreal in of the better boats on the lines sailing

A RARE OPPORTUNITY

DO NOT LET IT SLIP AWAY FROM YOU

No mining proposition from the new silver fields has appealed with greater force to

careful investors than that of the FAIRPLAY MINING COMPANY, Limited

It presents two features which place it in a class by itself.

LOW CAPITALIZATION NO COMMISSIONS ON SALE OF THE STOCK

By this plan the Company conserves for the shareholders the greatest possible measure of opportunity for large profits and assures the investors that every dollar will be available for the purposes of the enterprise.

The Company has 160 acres in the heart of Gow Ganda and James Township.

It has exceptional locations with relation to the richest discoveries in two great mineralized districts.

The Gow Ganda mines of the Fairplay Company are close to the proposed railway terminal and Government wagon road, thus giving exceptional advantages for economic mining. The James properties are served by that great natural highway, the Montreal River.

The Story of the Silver Fields:

The Company has issued a booklet that is conceded to be one of the best pieces of descriptive mining literature ever issued free of charge. This booklet tells the fascinating history of the great silver camps of Gow Ganda and the Montreal River. It will be sent on request free to any reader of The World, along with prospectus and maps, showing location of the Company's properties, official reports and so forth.

611 Traders Bank Building TORONTO

In order to fully comply with the Ontario Companies Act, the following information is given:
DIRECTORS—Francis Watt, Esq.; J. L. Galloway, Esq.; H. Lytle, Esq.; R. C. Briscoe, Esq.—all of
Toronto. Minimum subscription for allotment 5000 shares. Seventy-five thousand dollars paid for
the properties, purchased from Mr. Allen Klingensmith of Elk City. No goodwill—no free qualifythe directors, phases are brokeness. Contract with the vendor can be inspected during business. ing directors' shares—no brokerage. Contract with the vendor can be inspected during business hours at the office of the Company, Any subscriber holding ten shares is qualified for a director. Directors' fee, \$5 for each meeting attended. Auditor, Henry Barber, Esq. Preliminary expense not exceeding \$500. Prospectus of the Company was filed with the Provincial Secretary on the 25th day of March, 1909.

INVESTORS, TAKE NOTICE

WE HAVE A FEW VERY EXCELLENT PROPOSITIONS FOR your consideration. These are well situated Mining Properties-in the rich Gowganda belt-adjoining native silver claims and in the rich oreproducing formation of the district. Owners will not sell outright, but circumstances compel them to raise money, and sixty per cent, interest can be obtained for a small cash consideration. We have made diligent enquiry regarding these claims and are advised they are in the same formation as the near by properties that have made the Gowganda camp famous as a producer of high-grade silver ore. Further particulars on request.
